The Big City Trip

I owe very much dedication
to my Dad

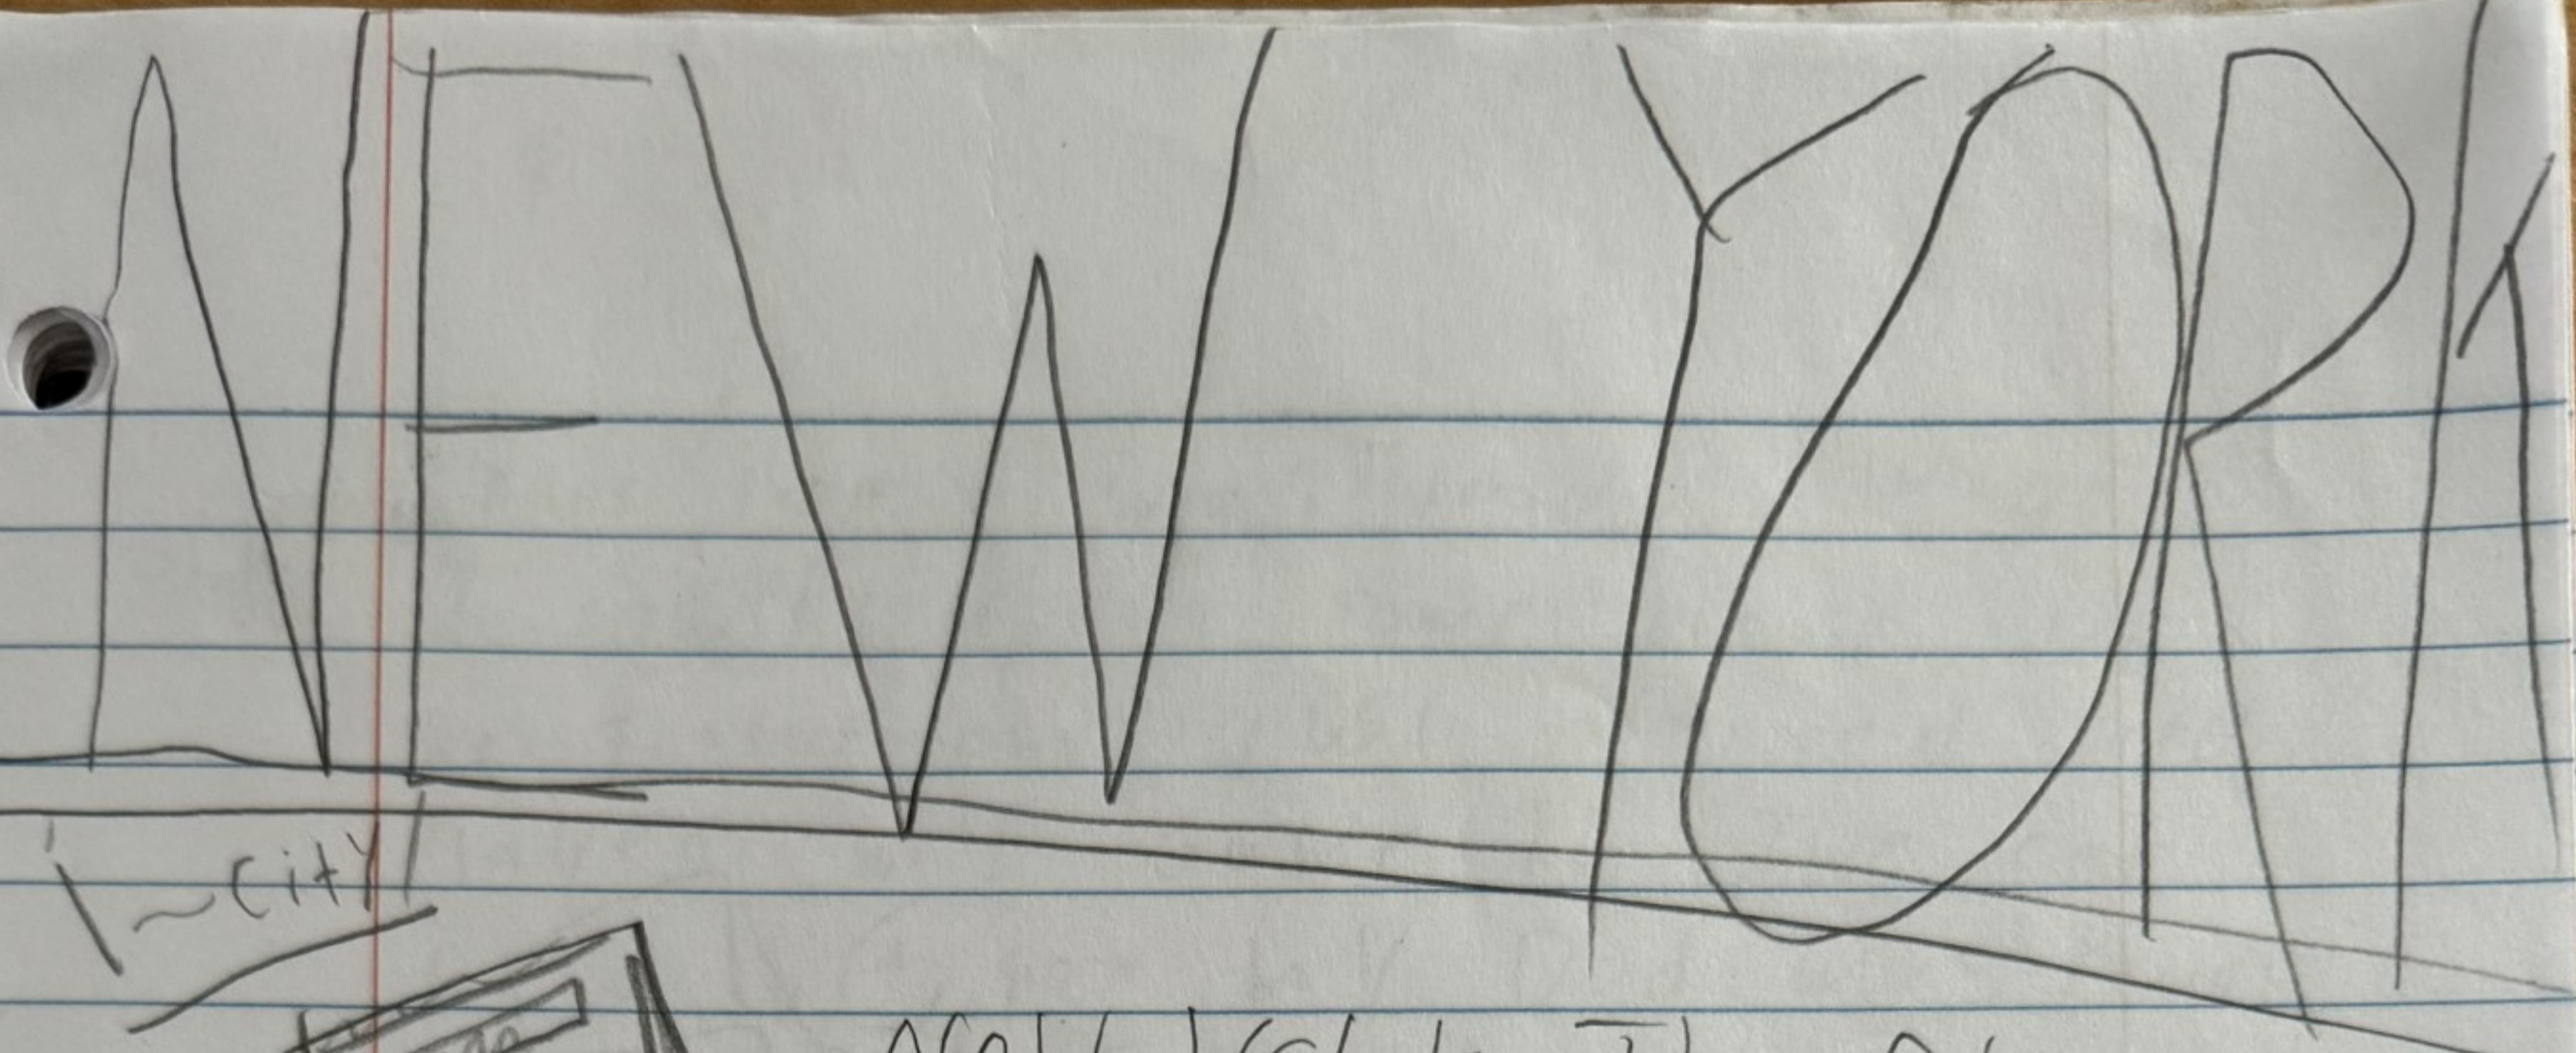

Thank You

Get ready for The world's Largest
City trip

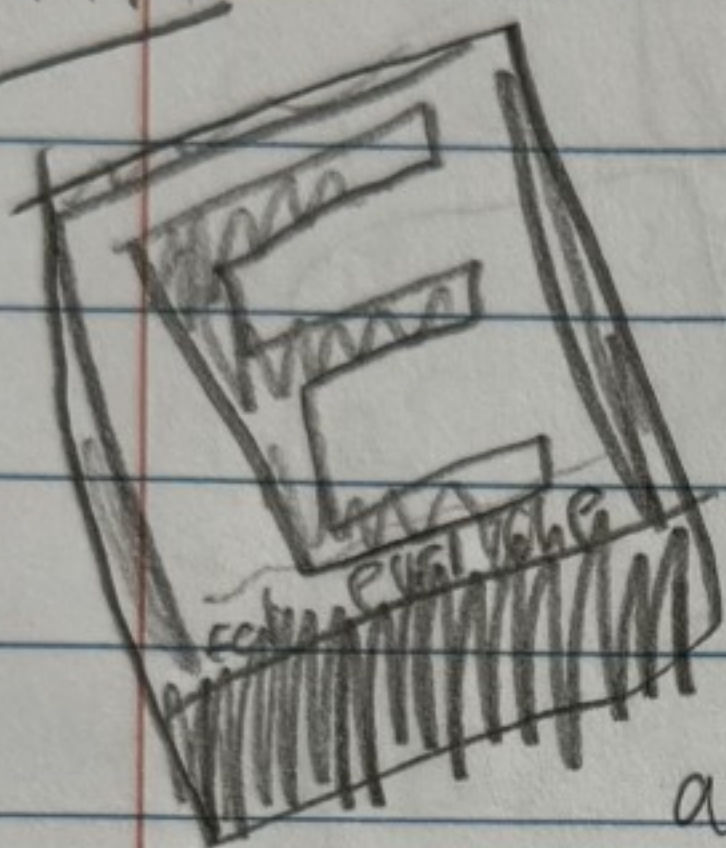

please do not take - steal - burglar story
as the FBI will be involved so just
please enjoy story as much as you can

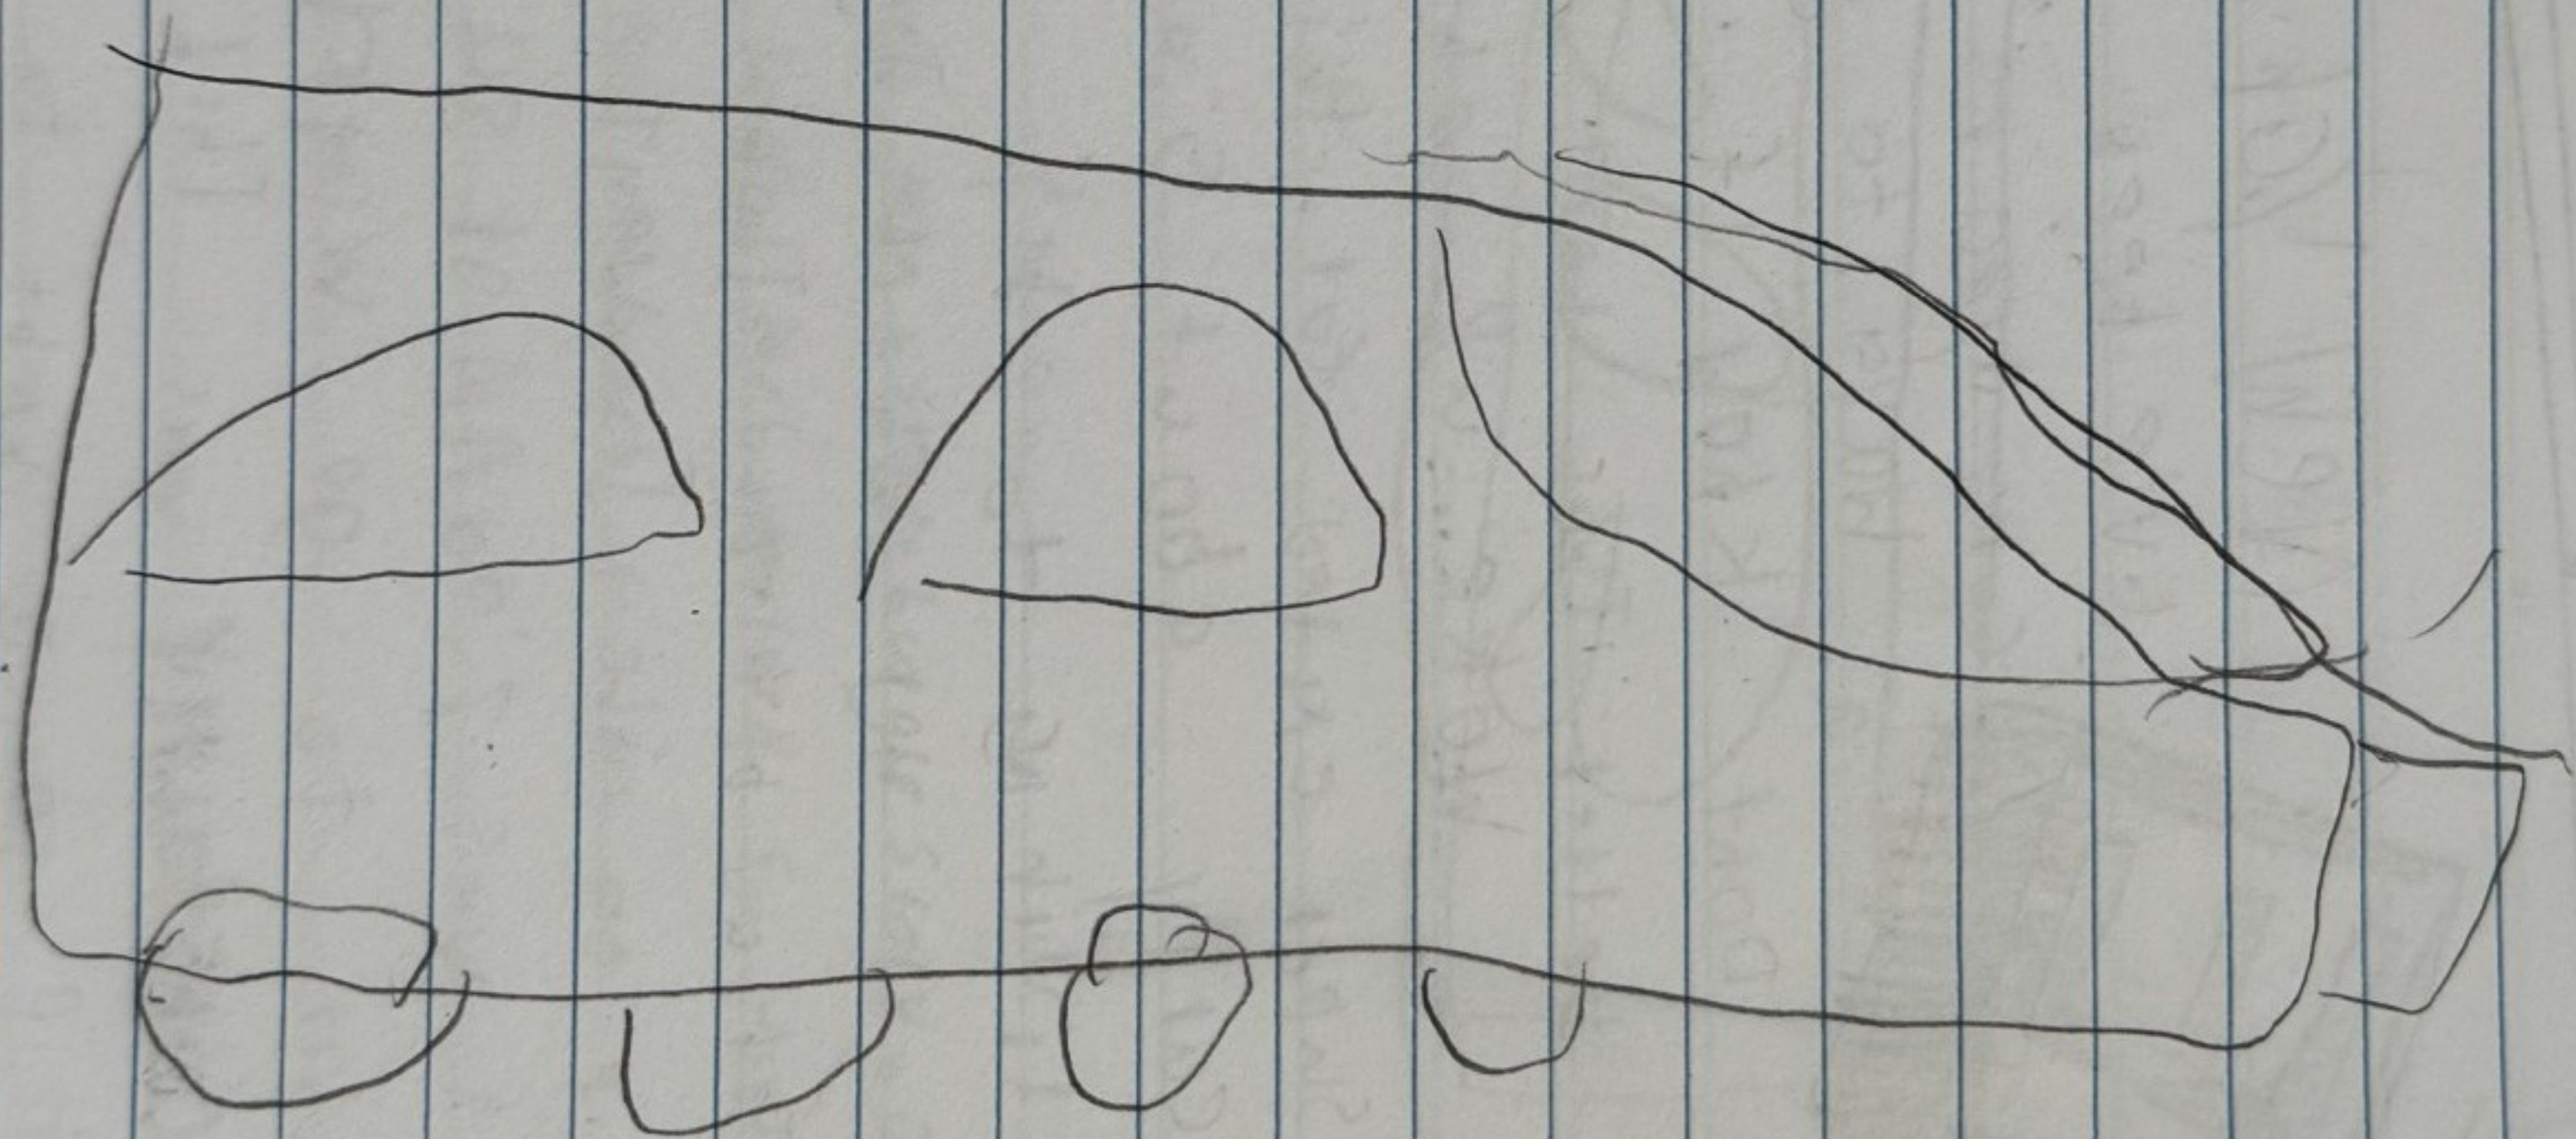

can you see me when Good

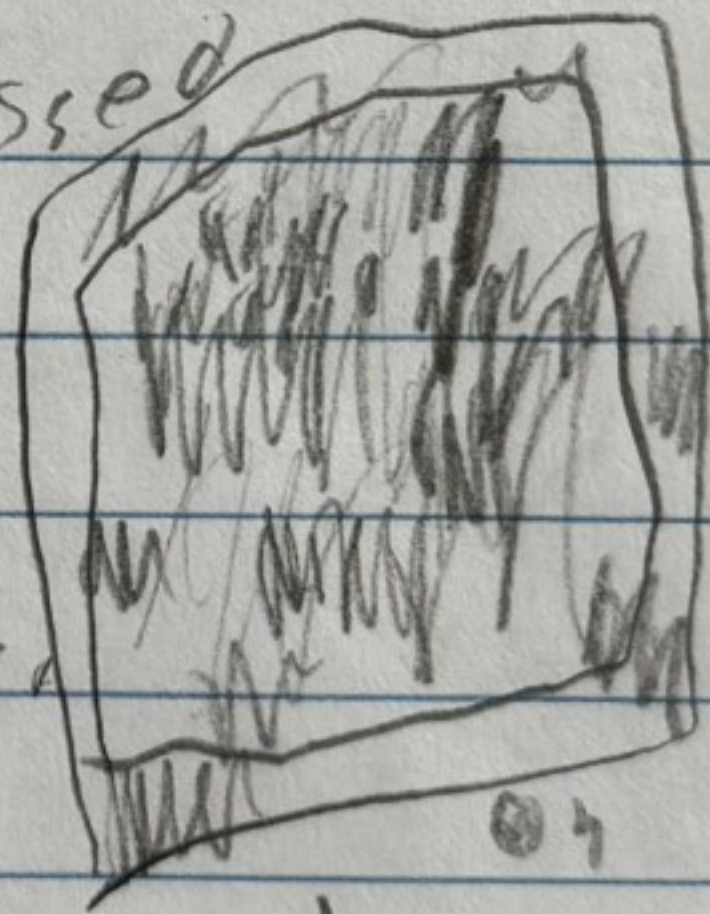

Day 1

New York, The Place
I've been wanting to go
for years but it's such
a ways to go still and I
Don't know if it's going to be
better than last years but anyway
I wake up on Thursday morning
super excited for this so it was pretty
early about 6:07 so I waited
listening to my radio and then
got up watching some youtube
for a bit and then my parents wake
up so then I went up stairs realising
it was 7:00 AM or so and as I walked
up to go watch some YouTube I
constantly was thinking about my
trip so I went to an old channel
and remembered all the videos
I watched before going on a road
trip so it was like I was
7 or 8 again which was sad to
think about so I just continued

after that I was ready to go
I quickly put some bread in
the toaster and just waited and
played my game in the car
for a bit, how my Dad was ready
and later I realised my bread
was still in the toaster "That's
toast" I said ^{ps. I didn't see what I did}
There?" Sorry, no bad pun. So I tried
to get it but it was burnt. oh well
so I still ate it... and it was
O.K but not the best So then we
moved and arrived at my grandparents
So I ate some **GOOD** toast
and we took some cereal
and my nana blessed us
with some holy water
witch was very caring
of her to do that and then
we were back on the

road **3 hours Later**

now we arrived at... Illinois... yet
at least far from state with bad drivers
and pride

so we tried to find a parking spot
and 3 minutes later we

~~one~~ and went into the aquarium and there's a lot
to do there like

fish to dolphin shopping and watching
to coins and tours so

we looked at all those beautiful sea creatures like fish, sting rays,
shark, dolphins, penguins,

invertebrates, crabs, newt, and jelly fish plus small whales

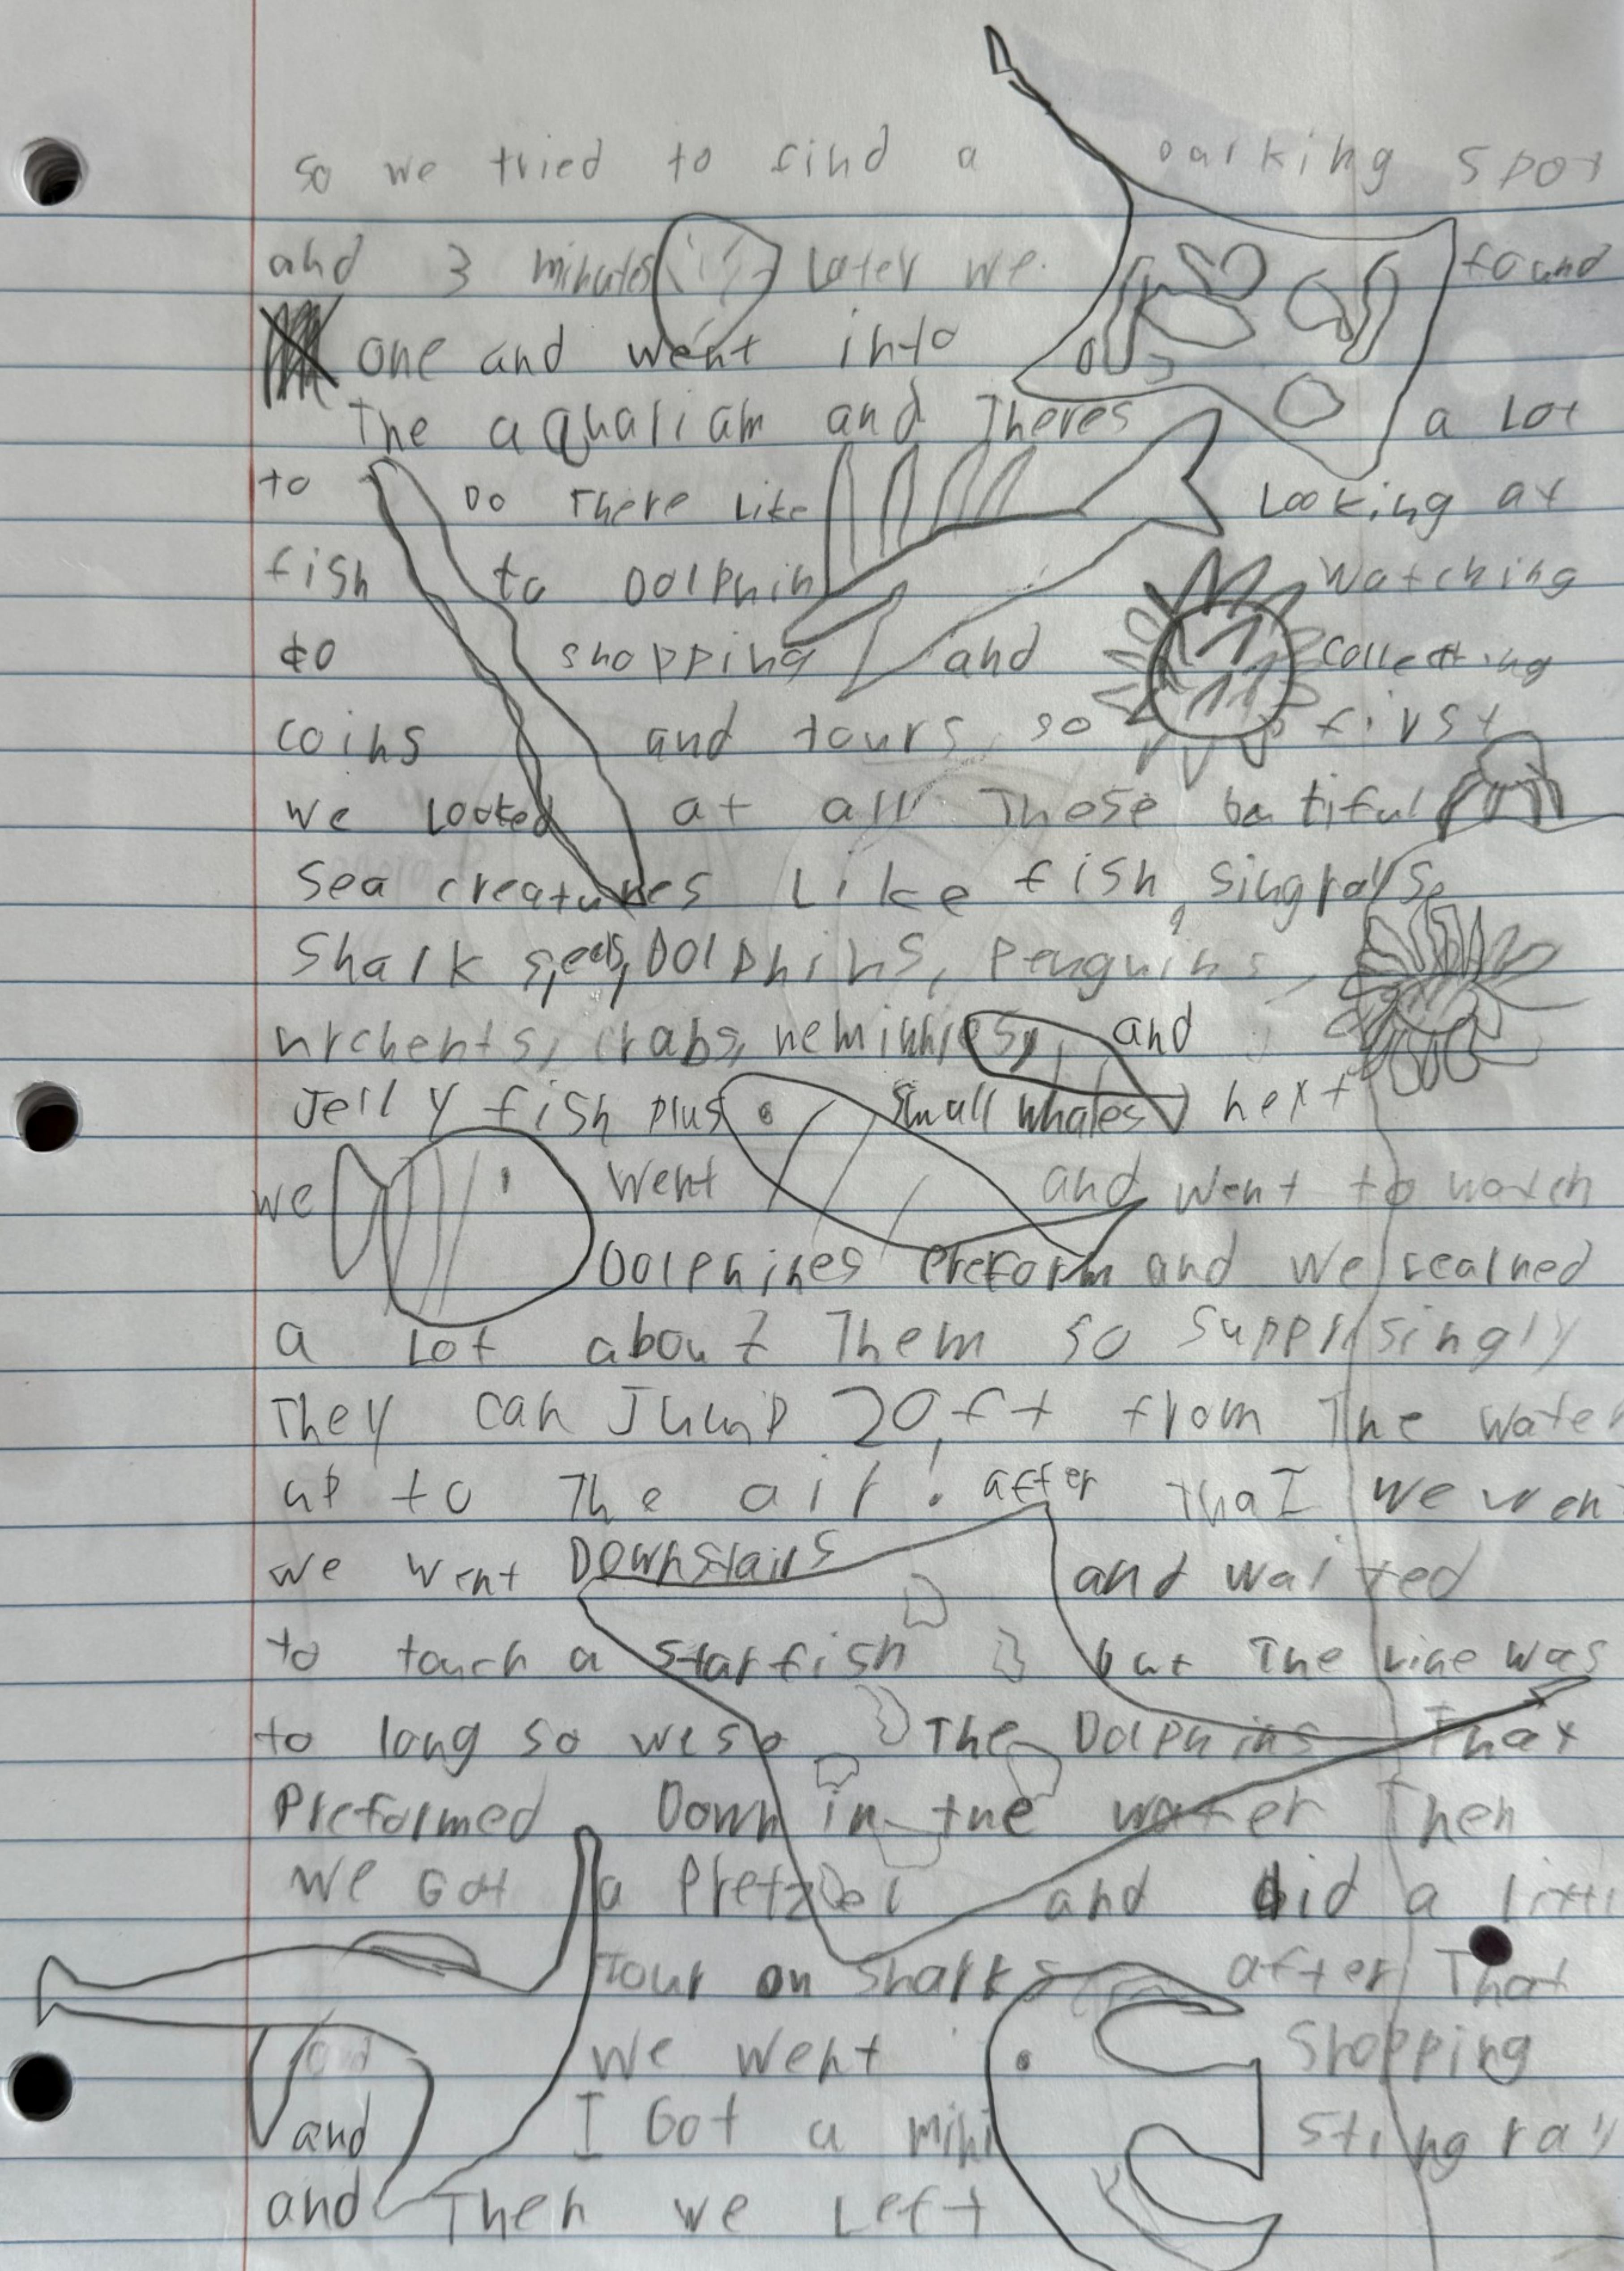

we went and went to watch dolphins perform and we learned
a lot about them so surprisingly

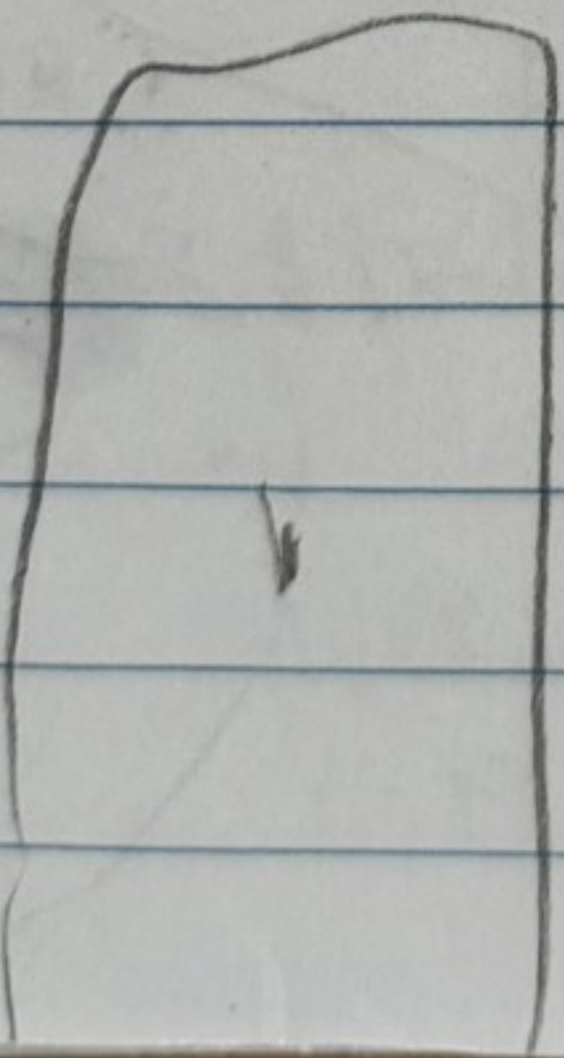

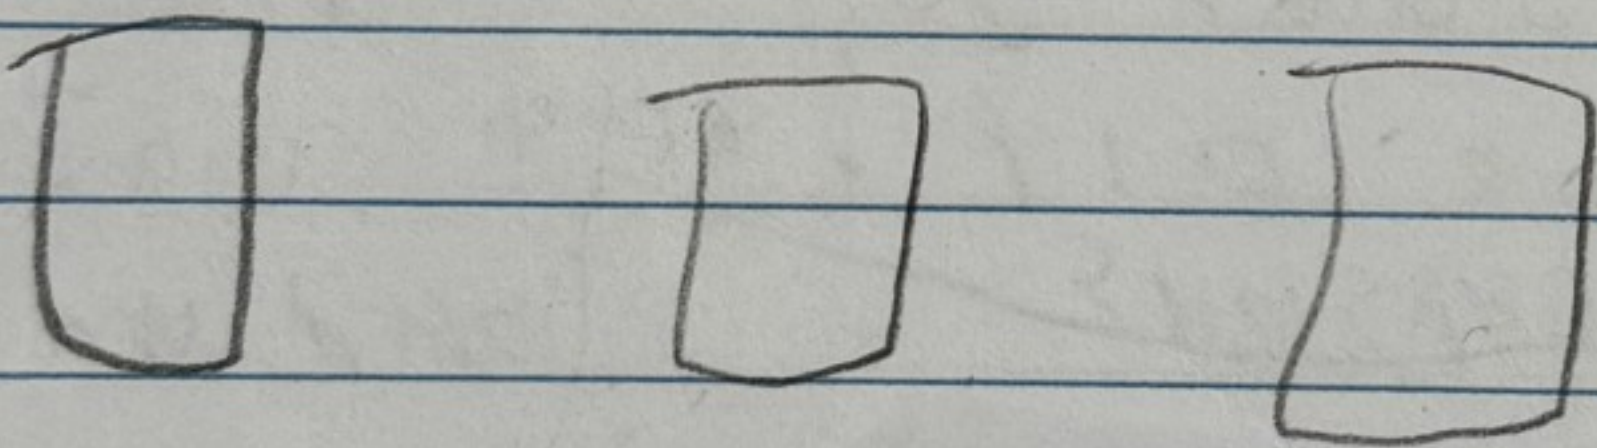

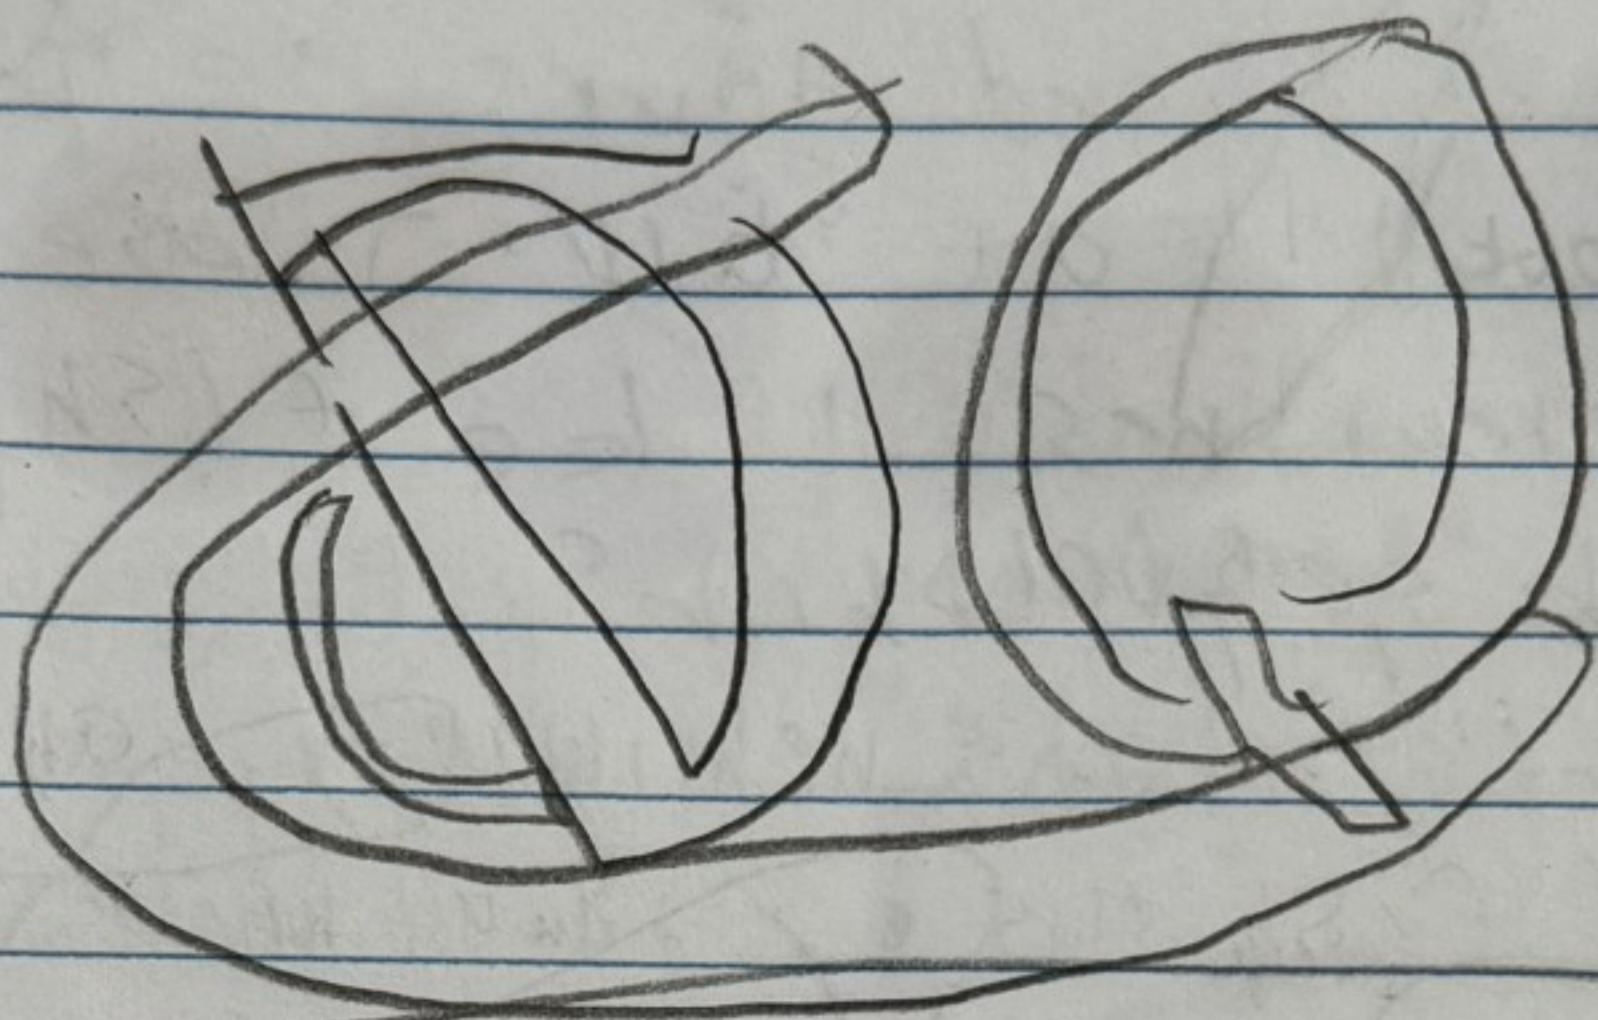

they can jump 20 ft from the water
up to the air. after that we went
we went downstairs and waited

to touch a starfish but the line was
too long so we saw the dolphins that
performed down in the water then

we got a pet and did a little
tour on sharks after that
we went shopping

I got a mini sting ray
and then we left

So we walked back to the car for a while and then I tried to fall asleep but didn't remember much. Later we stopped at DQ and Elliot paid for my meal but forgot what MY cheeseburger is like so I had to throw the pickles out so we progressed and then MY beverage spilled on my pants but anyway I was full so my dad and Elliot had the sweet beverage and then I wrote in my journal. Then an hour later it started to rain and then my mom saw a Rhode Island! So I continued my journal then stopped here.

NOW we're at the hotel and unpacked and a little bit later we swam and I learned how to Dive!

DAY 2

after we stopped at the hotel
and wake up we ate breakfast
and it was great I had a
waffles, potatoes and cereal plus
some water that my parents
came down to eat so after

that Dad and I packed later
we got in the car and left

The hotel in the middle of driving
our grandparents told us that

Ruby was good so then we

drove to a market. So then we were

there and we went into this
cheese, meat, sweet store so I got a

cake pop, chocolate covered marshmallows
on a stick, a red velvet cake to

so then we went to a real -
market with all this good stuff

including

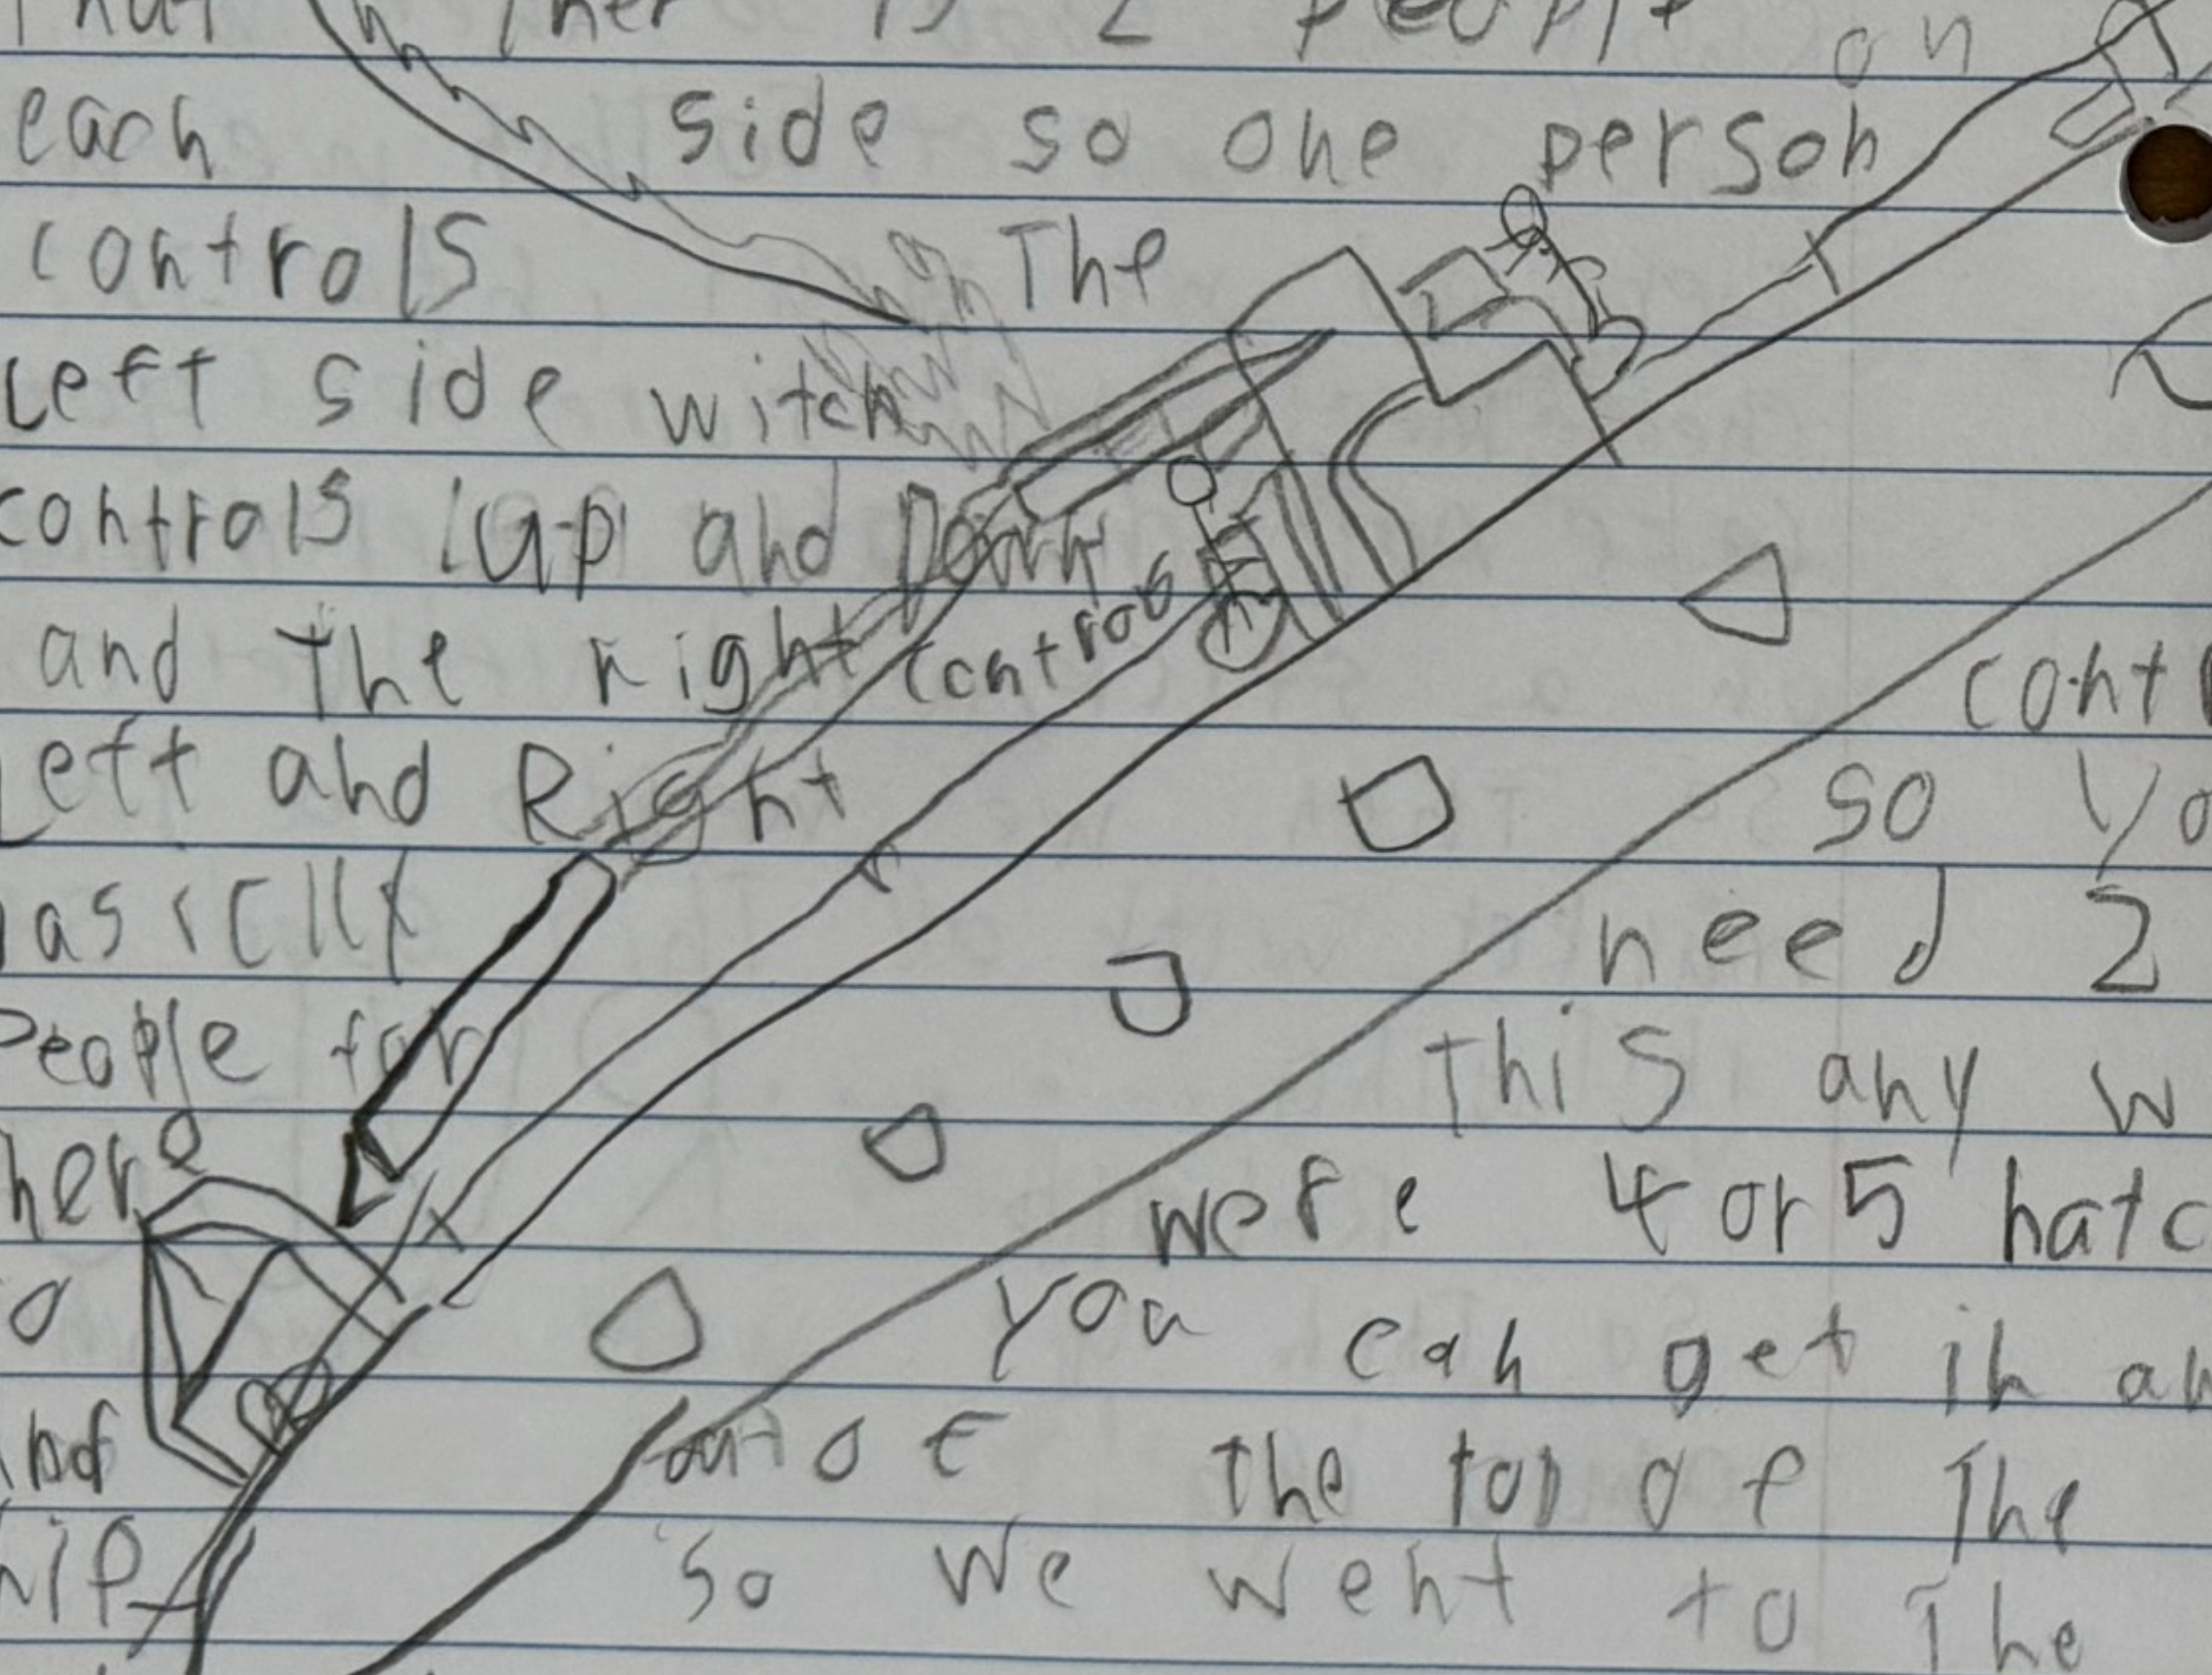

Yes, Rubarb

So then we went somewhere

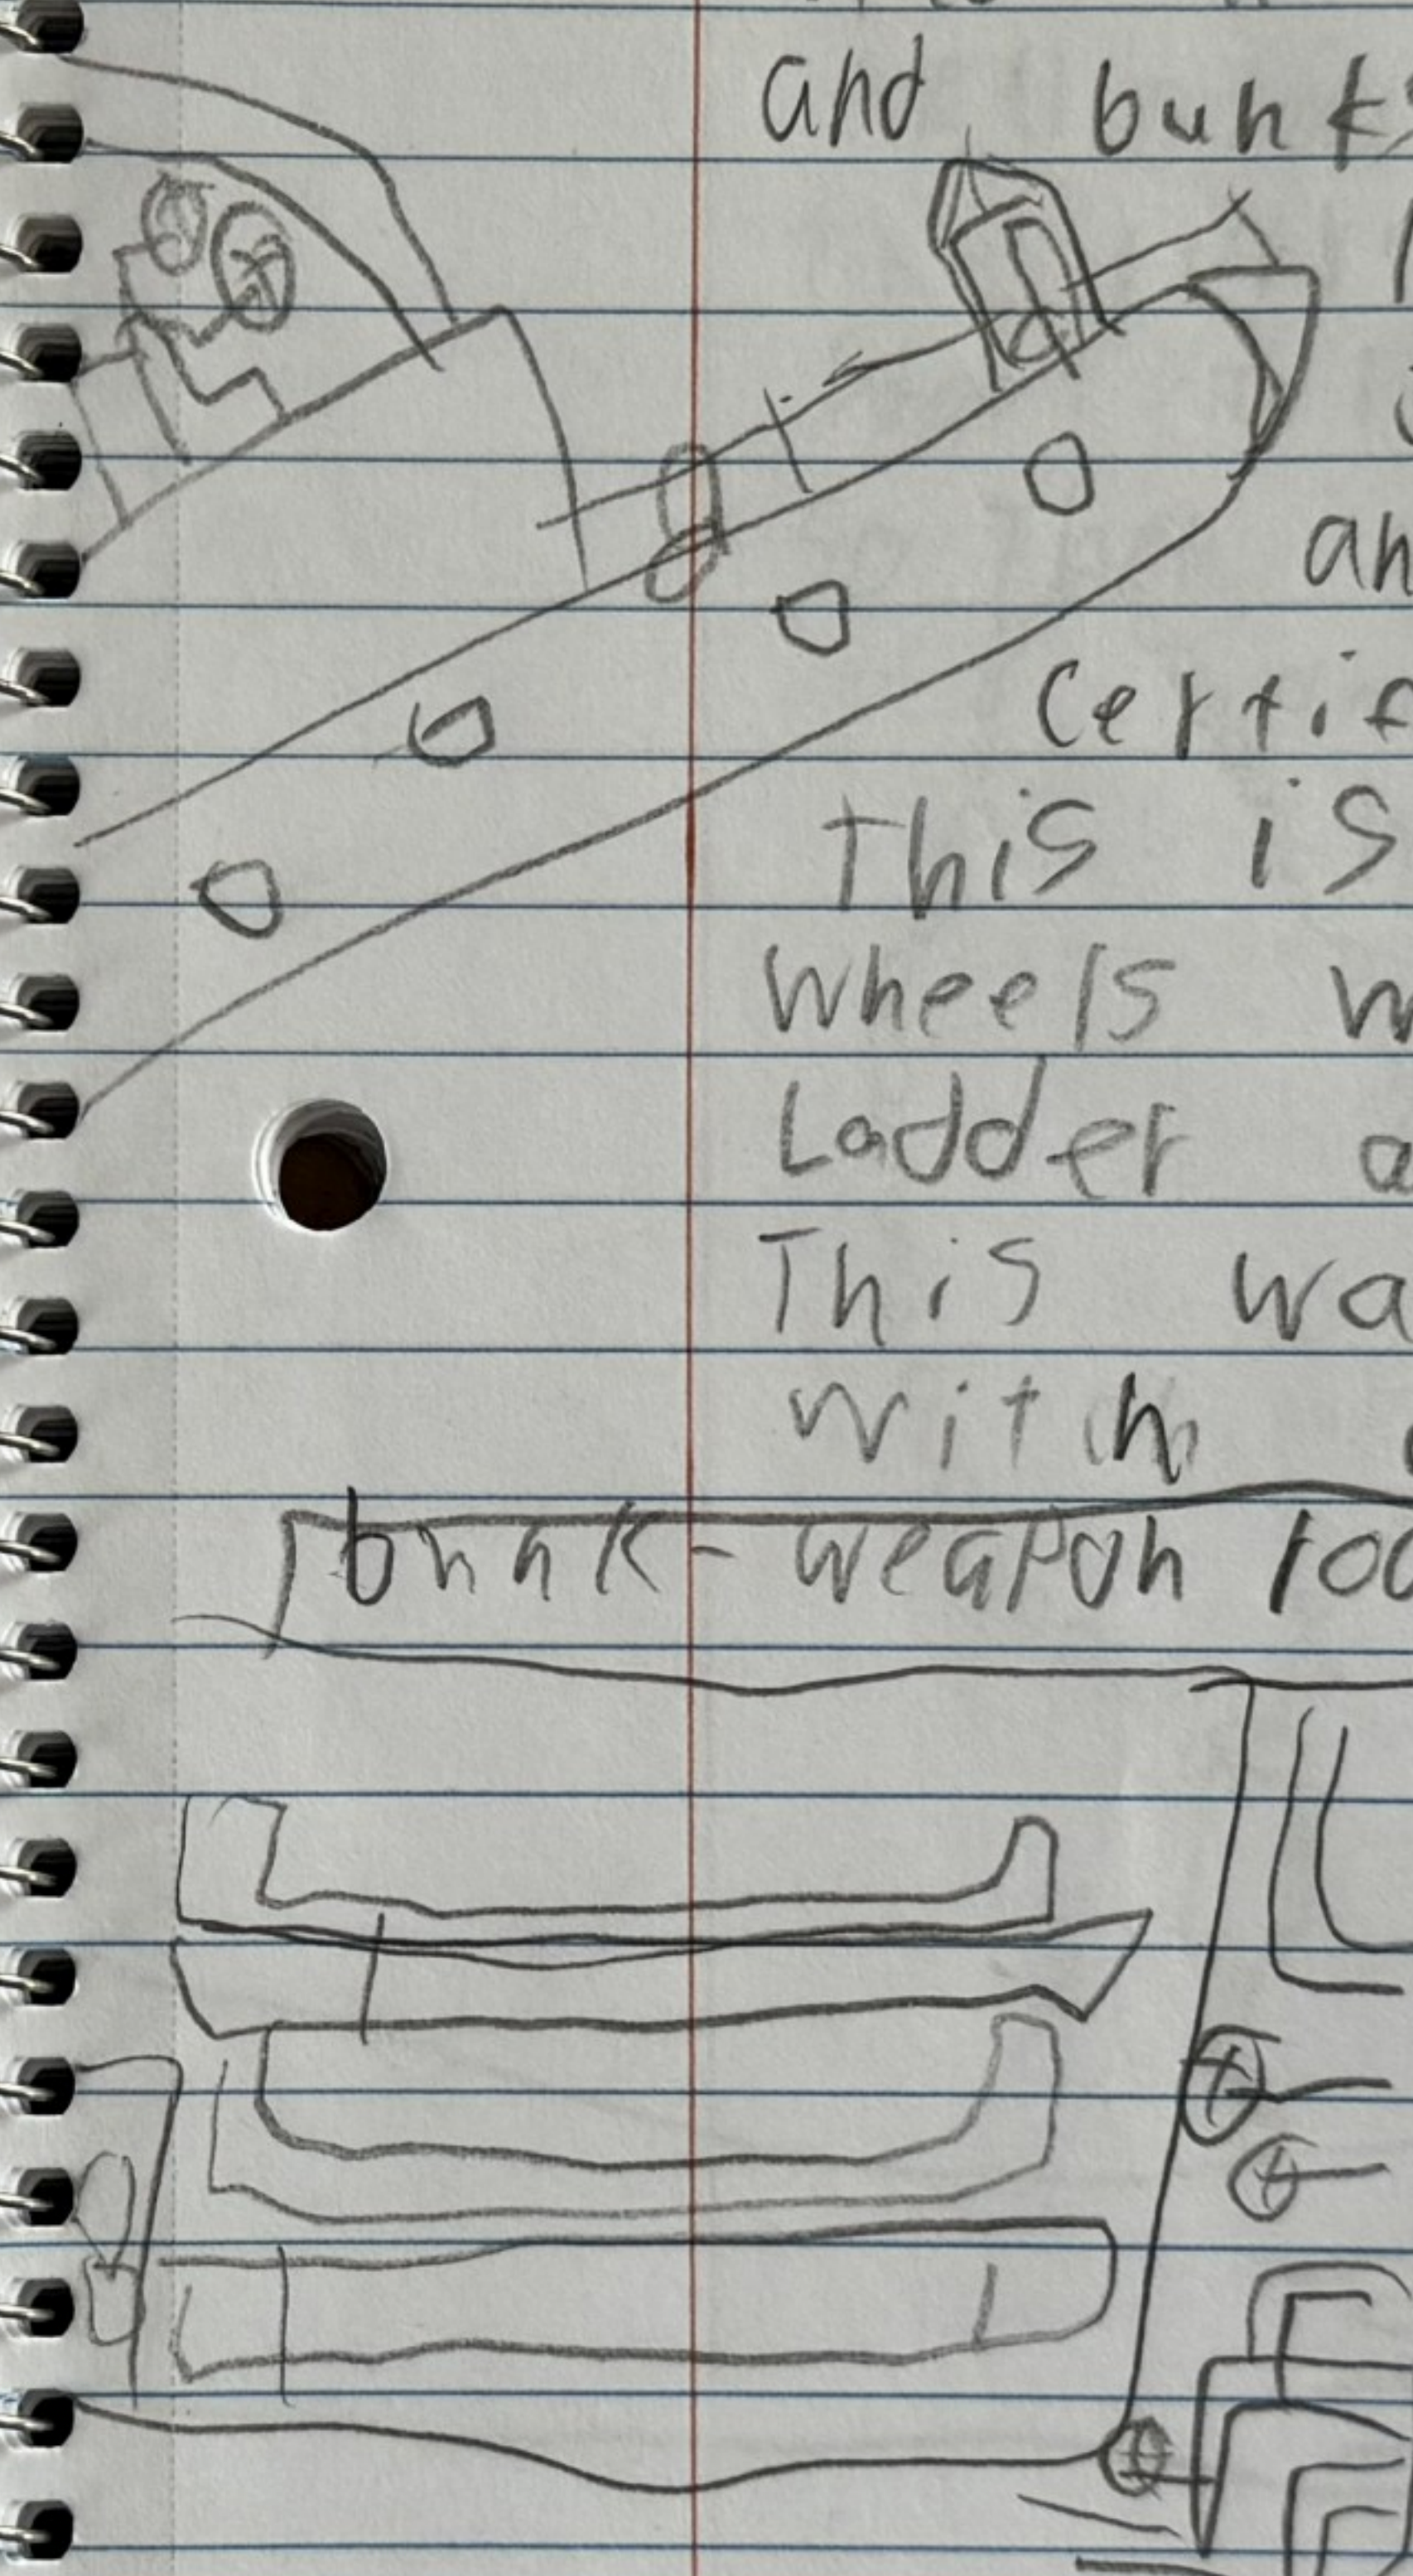

amazing!

RUBARB!!!

So how we went to a
 Gihoumeas ship! It's called the COT
 and Jeez! It is big, so I'd
 say it's about 2 of a
 Fifah re long so about 400-500ft
 but it is bigger than you
 think so any way we paid 27\$
 and hopped on so then Elliot and I
 were controlling the huge
 turret! how it works is
 that there is 2 people on
 each side so one person
 controls the
 left side with
 controls up and down
 and the right controls
 left and right
 basically
 people for
 there so
 and ship
 last hatch and climbed
 inside of the ship

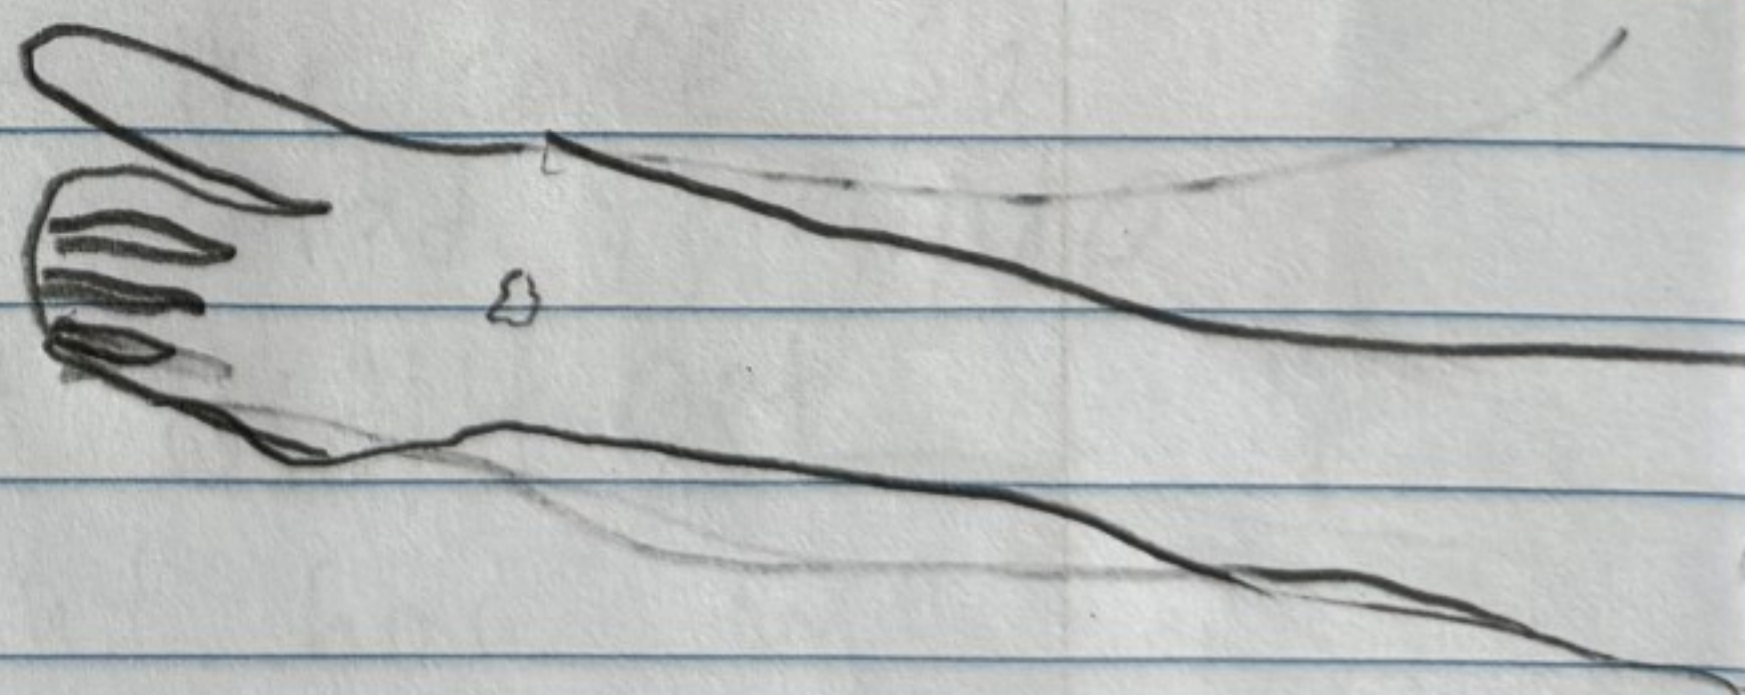

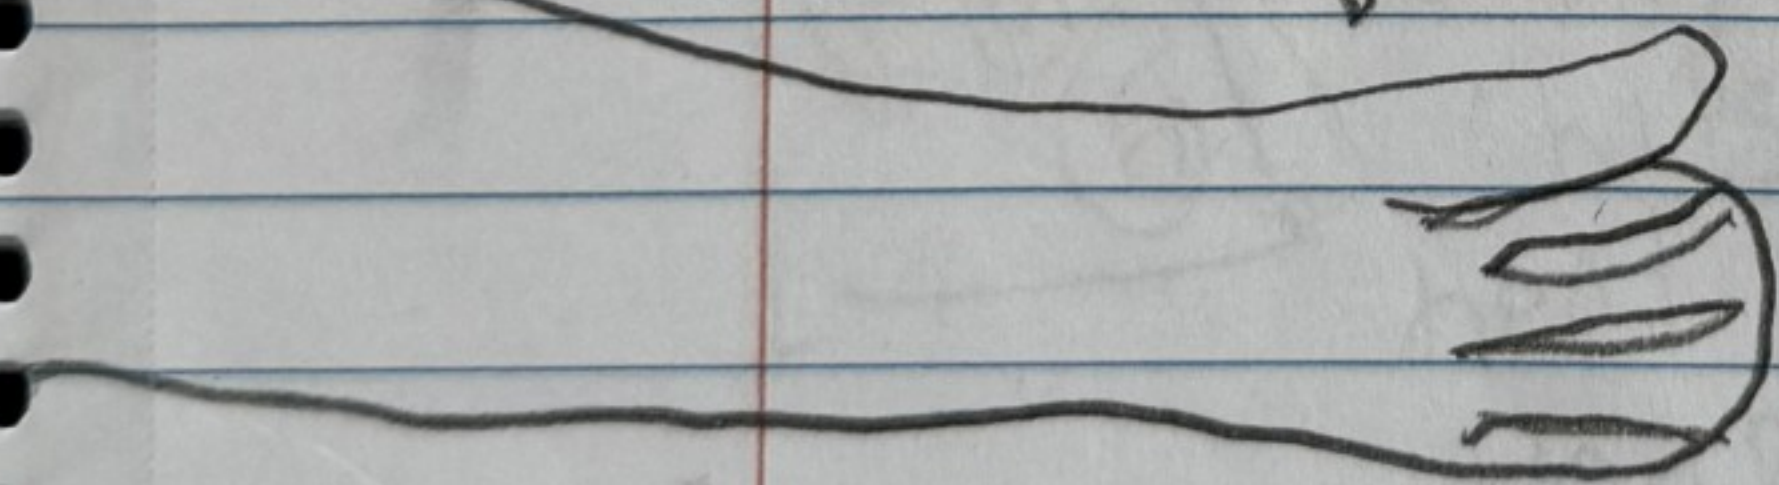

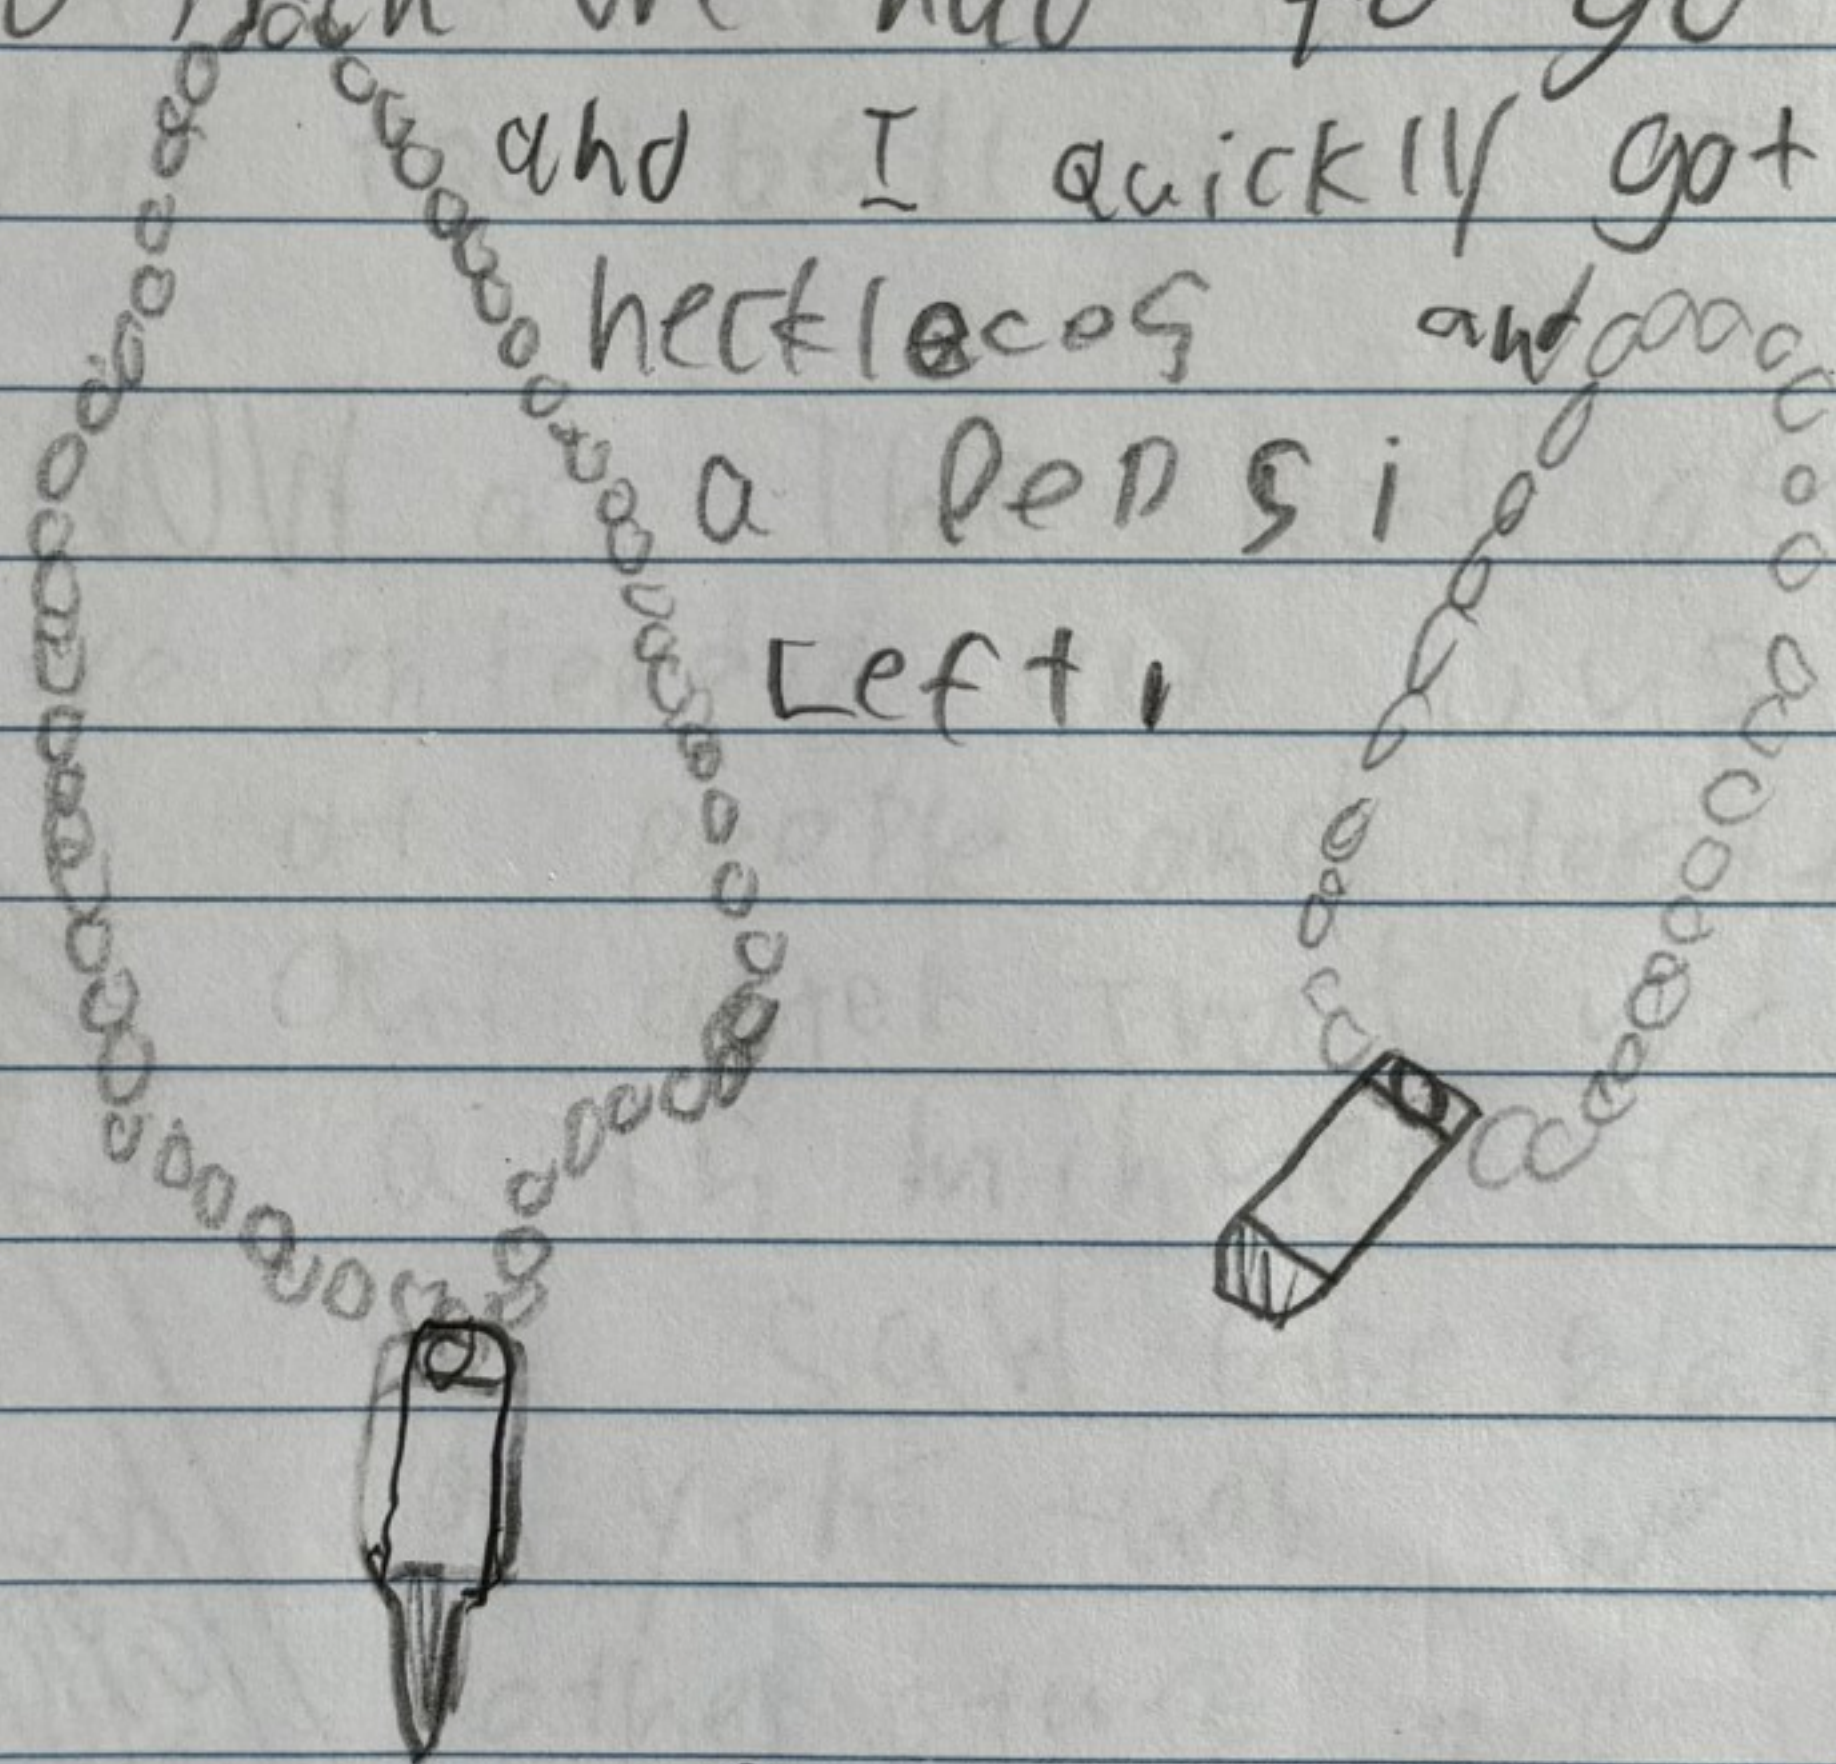

So how we were in the
 bunk - weapon room... Plus an old
 certified toilet seat but this room
 had all the missiles and stuff
 and bunks! Room 2! This was a
 Real bunk room this
 just a small kitchen
 and doors... Plus an old
 certified toilet seat! Room 3!
 This is a Red room with 2-3
 wheels with barked beans a
 ladder and many valves! Room 4!
 This was the kitchen room
 with of course a kitchen
 and a table with
 fake fruits with
 a game of poker!
 Room 5! I don't
 completely remember the
 orders of rooms but
 this room had some
 little cage things but the
 bars went up and left like
 this and some cool controls
 in them and outside
 of them! Room 6! →

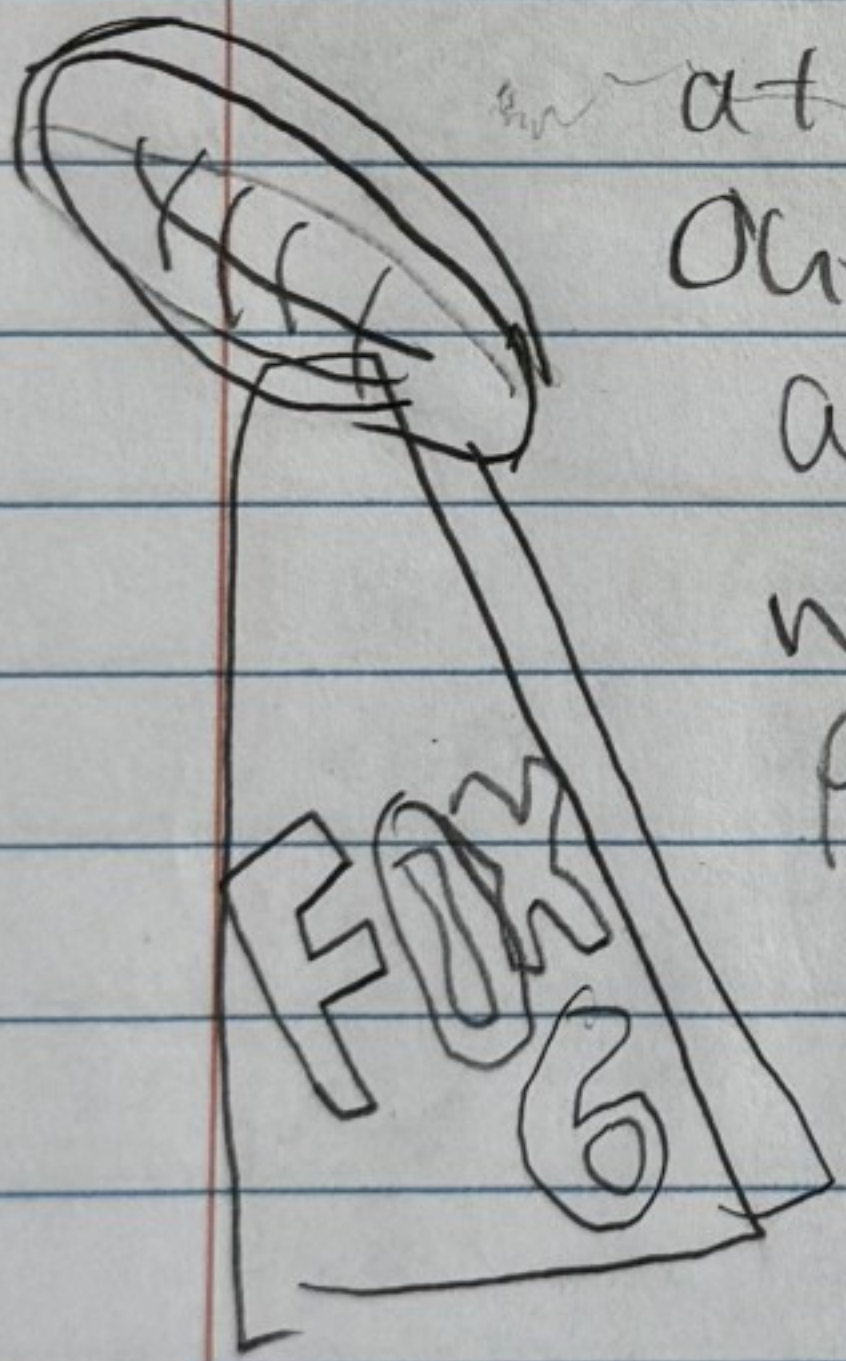

This last room had
a few controls and valves
plus pipes and the ladder to
out side of the ship how and
Mellie and I were controlling
the turret and pretended to
shoot all kinds of planes

so then we had to go but Elliot
and I quickly got these bullet
hectacos and Elliot got
a Persi before we
left.

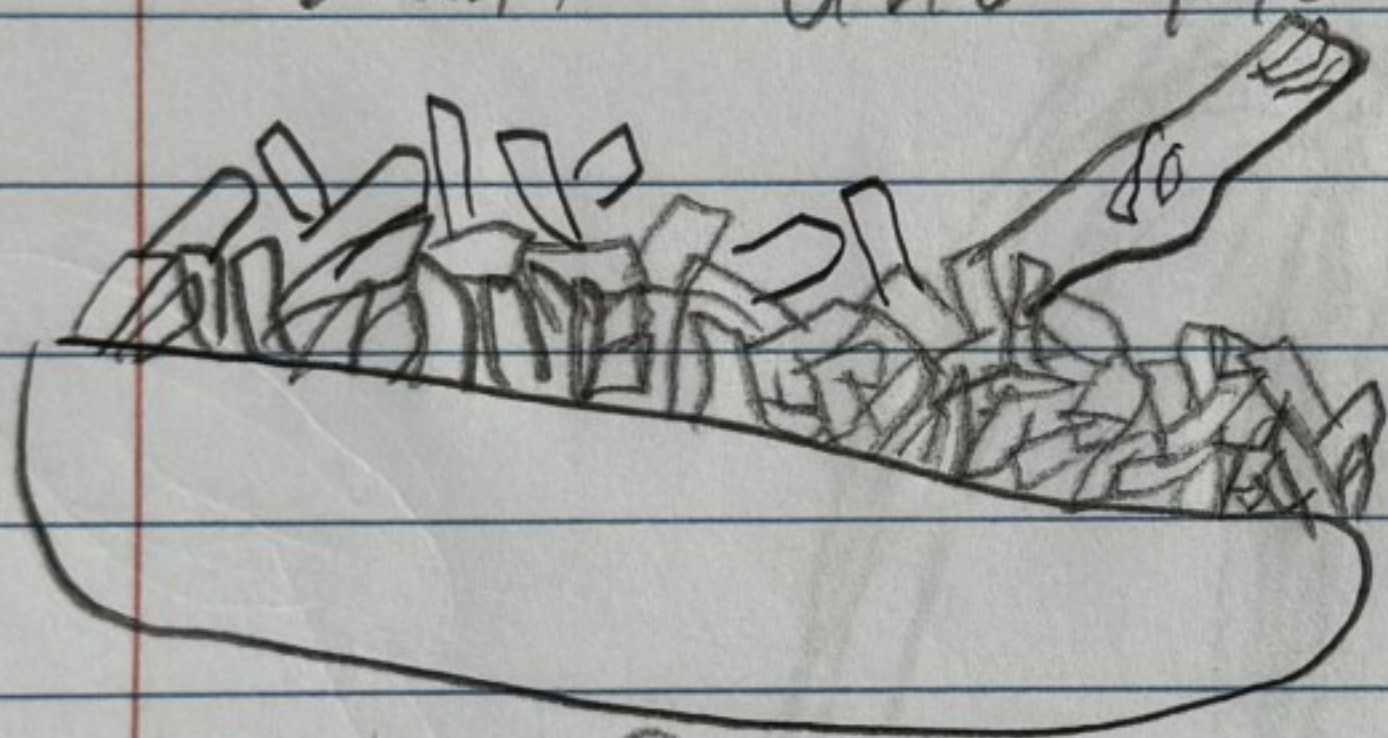

Now we took a picture at
The Rock and Roll hall of fame but
didn't go in there so after a
couple of pictures and now we drove
to a smoothie place so I got a
smoothie after 10 minutes because
the register broke! then we got
back in the car and drove to
The foot ball hall of fame

NOW at The hall of fame
we entered and just looked
at people and tested stuff
out after that we watched
a 15 minute film then
we saw face statues of
players that we checked out
other stuff and I got some
chips from the cafe so
next we entered the pro
shop but didn't get
anything but how we
left. And NOW we're about
to leave OHIO

Now we arrived at this weird
train track thing and it was very
scetchy and creepy so when we
got to the top I looked out on
the zoom thing making for about
five minutes Then we went
back down and drove off to
meet and Y for dinner after
that I got make and cheese
when he arrived and I didn't
feel good so I took a DialHeal
damp and then I felt a lot better

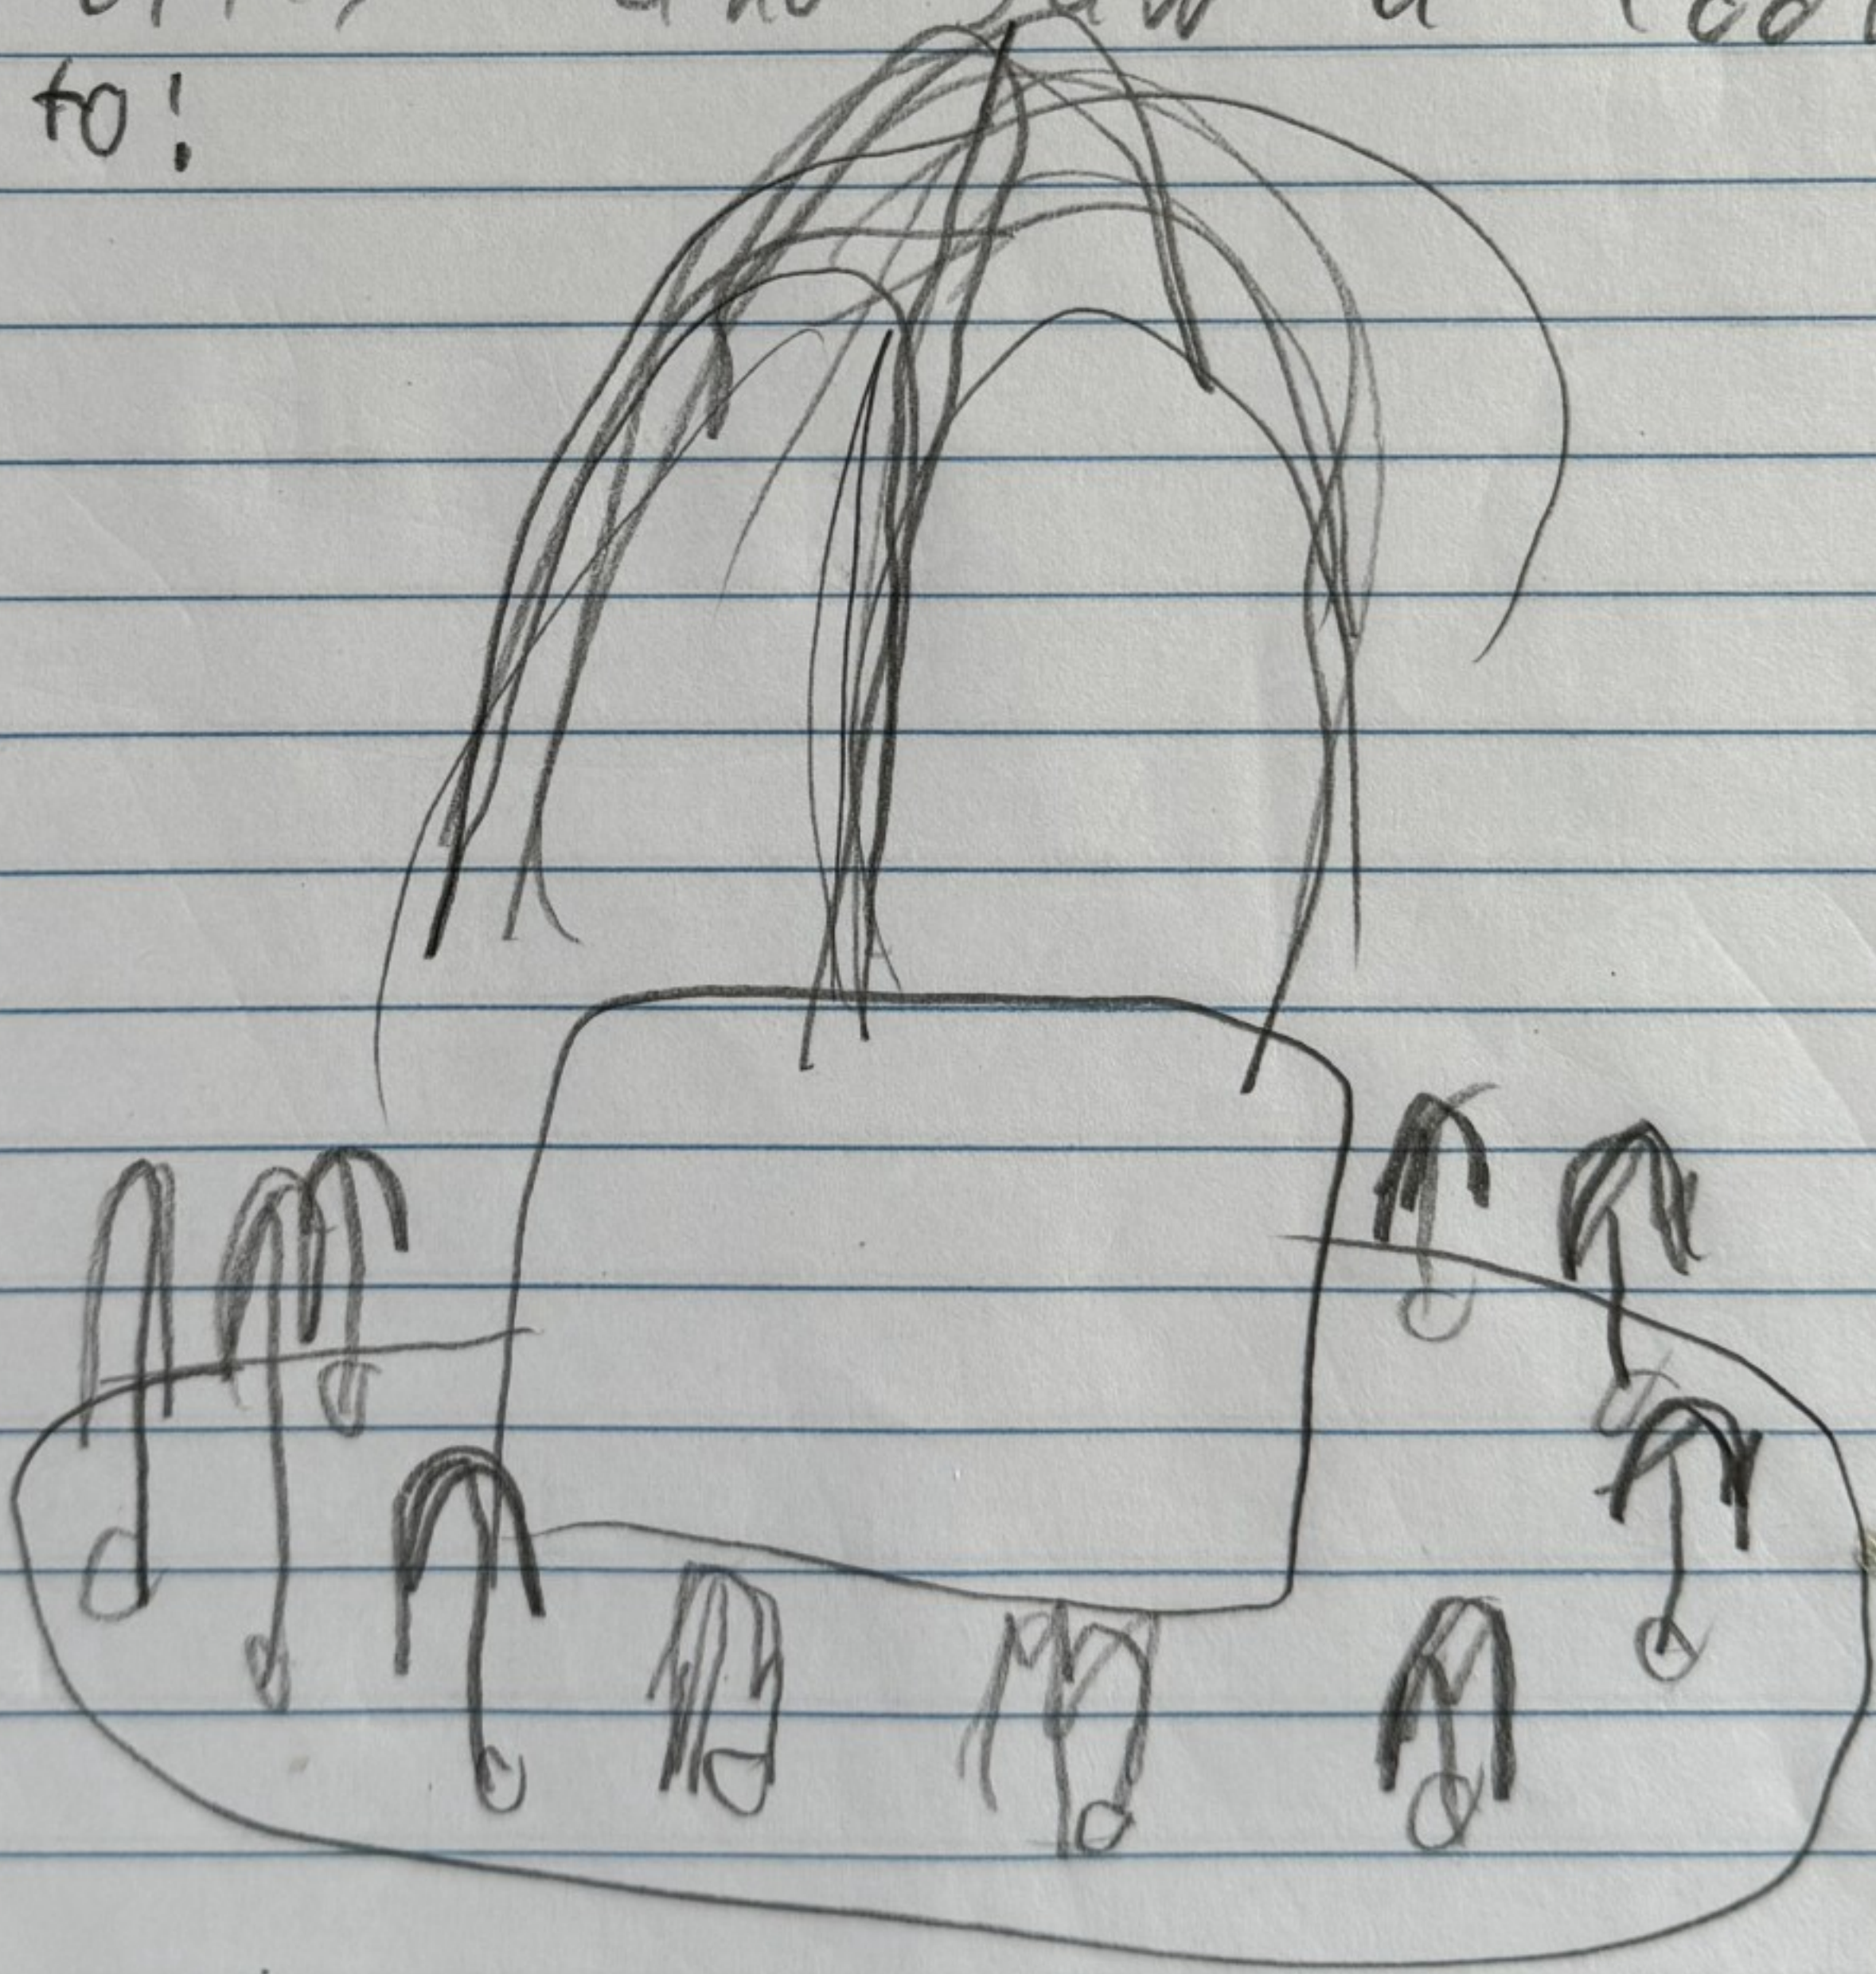

and after that we
went and go swim
but it was closed
and I was sad
so we unpacked
but my Dad said
There were other
people in the
pool so
and after
bed...

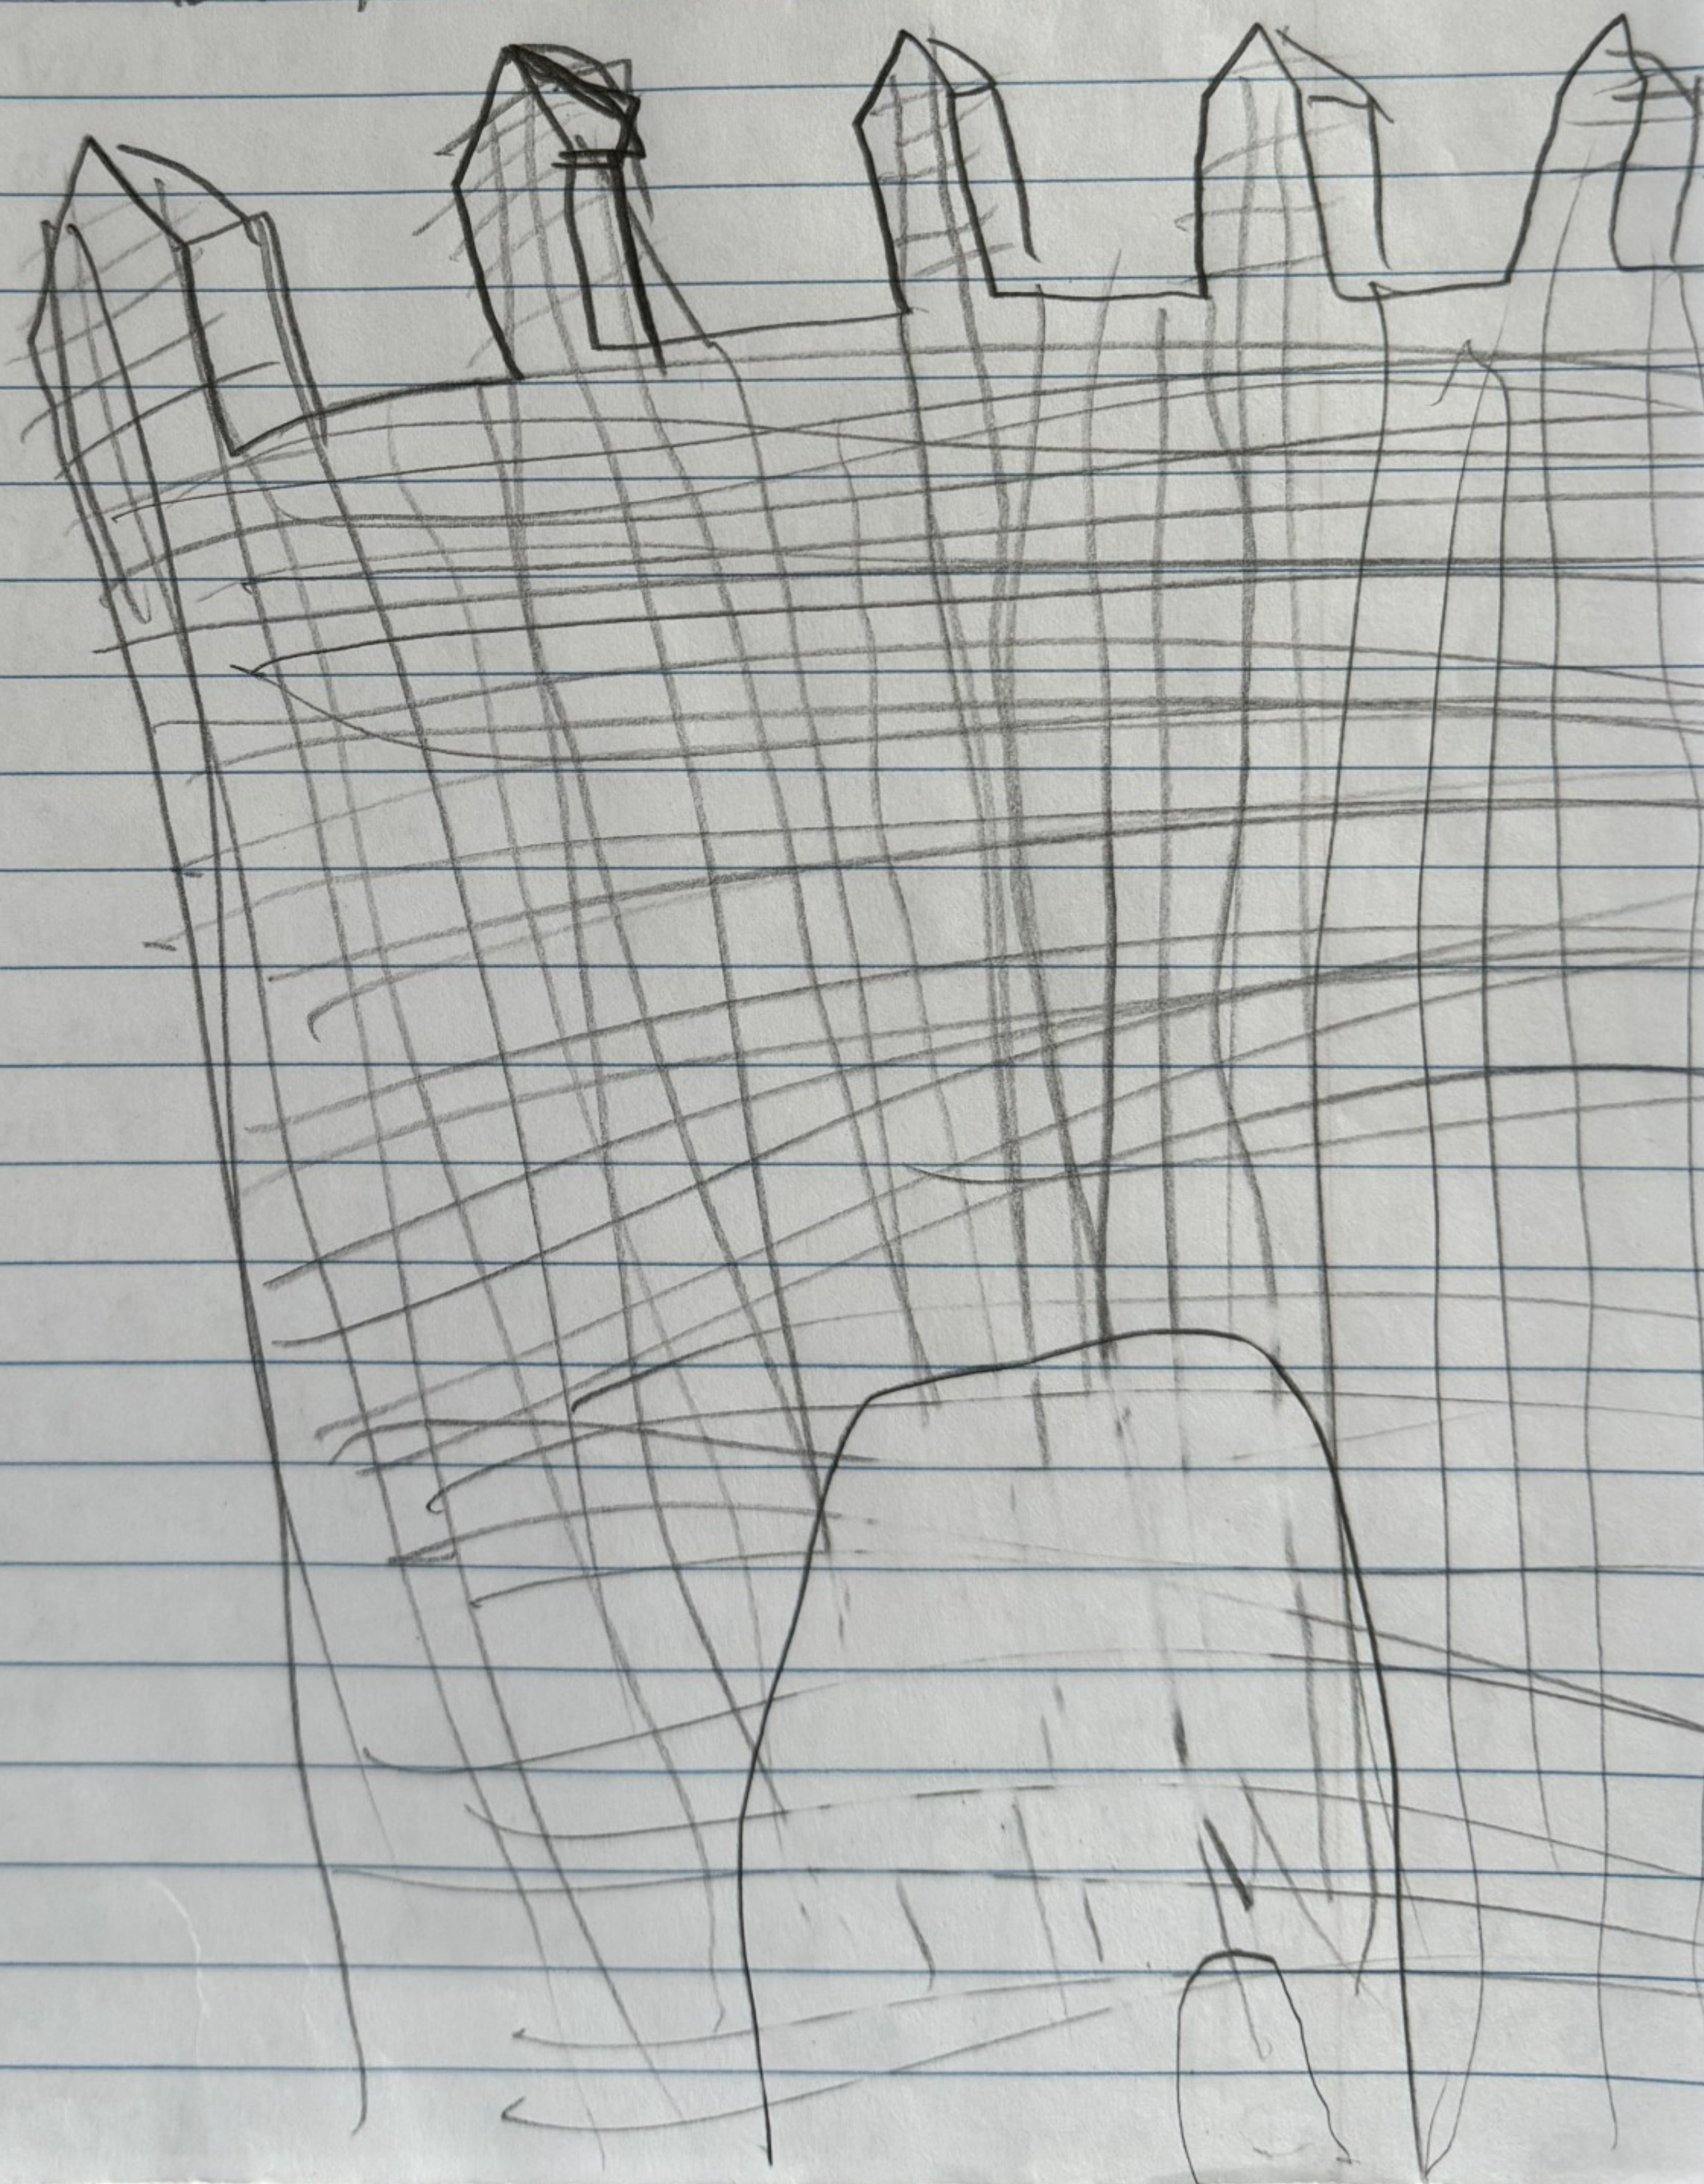

we did Shh!
That I went to

Day 3

So now I woke up had cereal
waited got ice, packed put
every thing in the car now, so
then we walked for a while
and ~~saw~~ **SO MANY FLURRIES**
but any way I got some star
bucks and then we walked
even more! Now we met andy
again and I finished my egg
bites and saw a cool fountain
to!

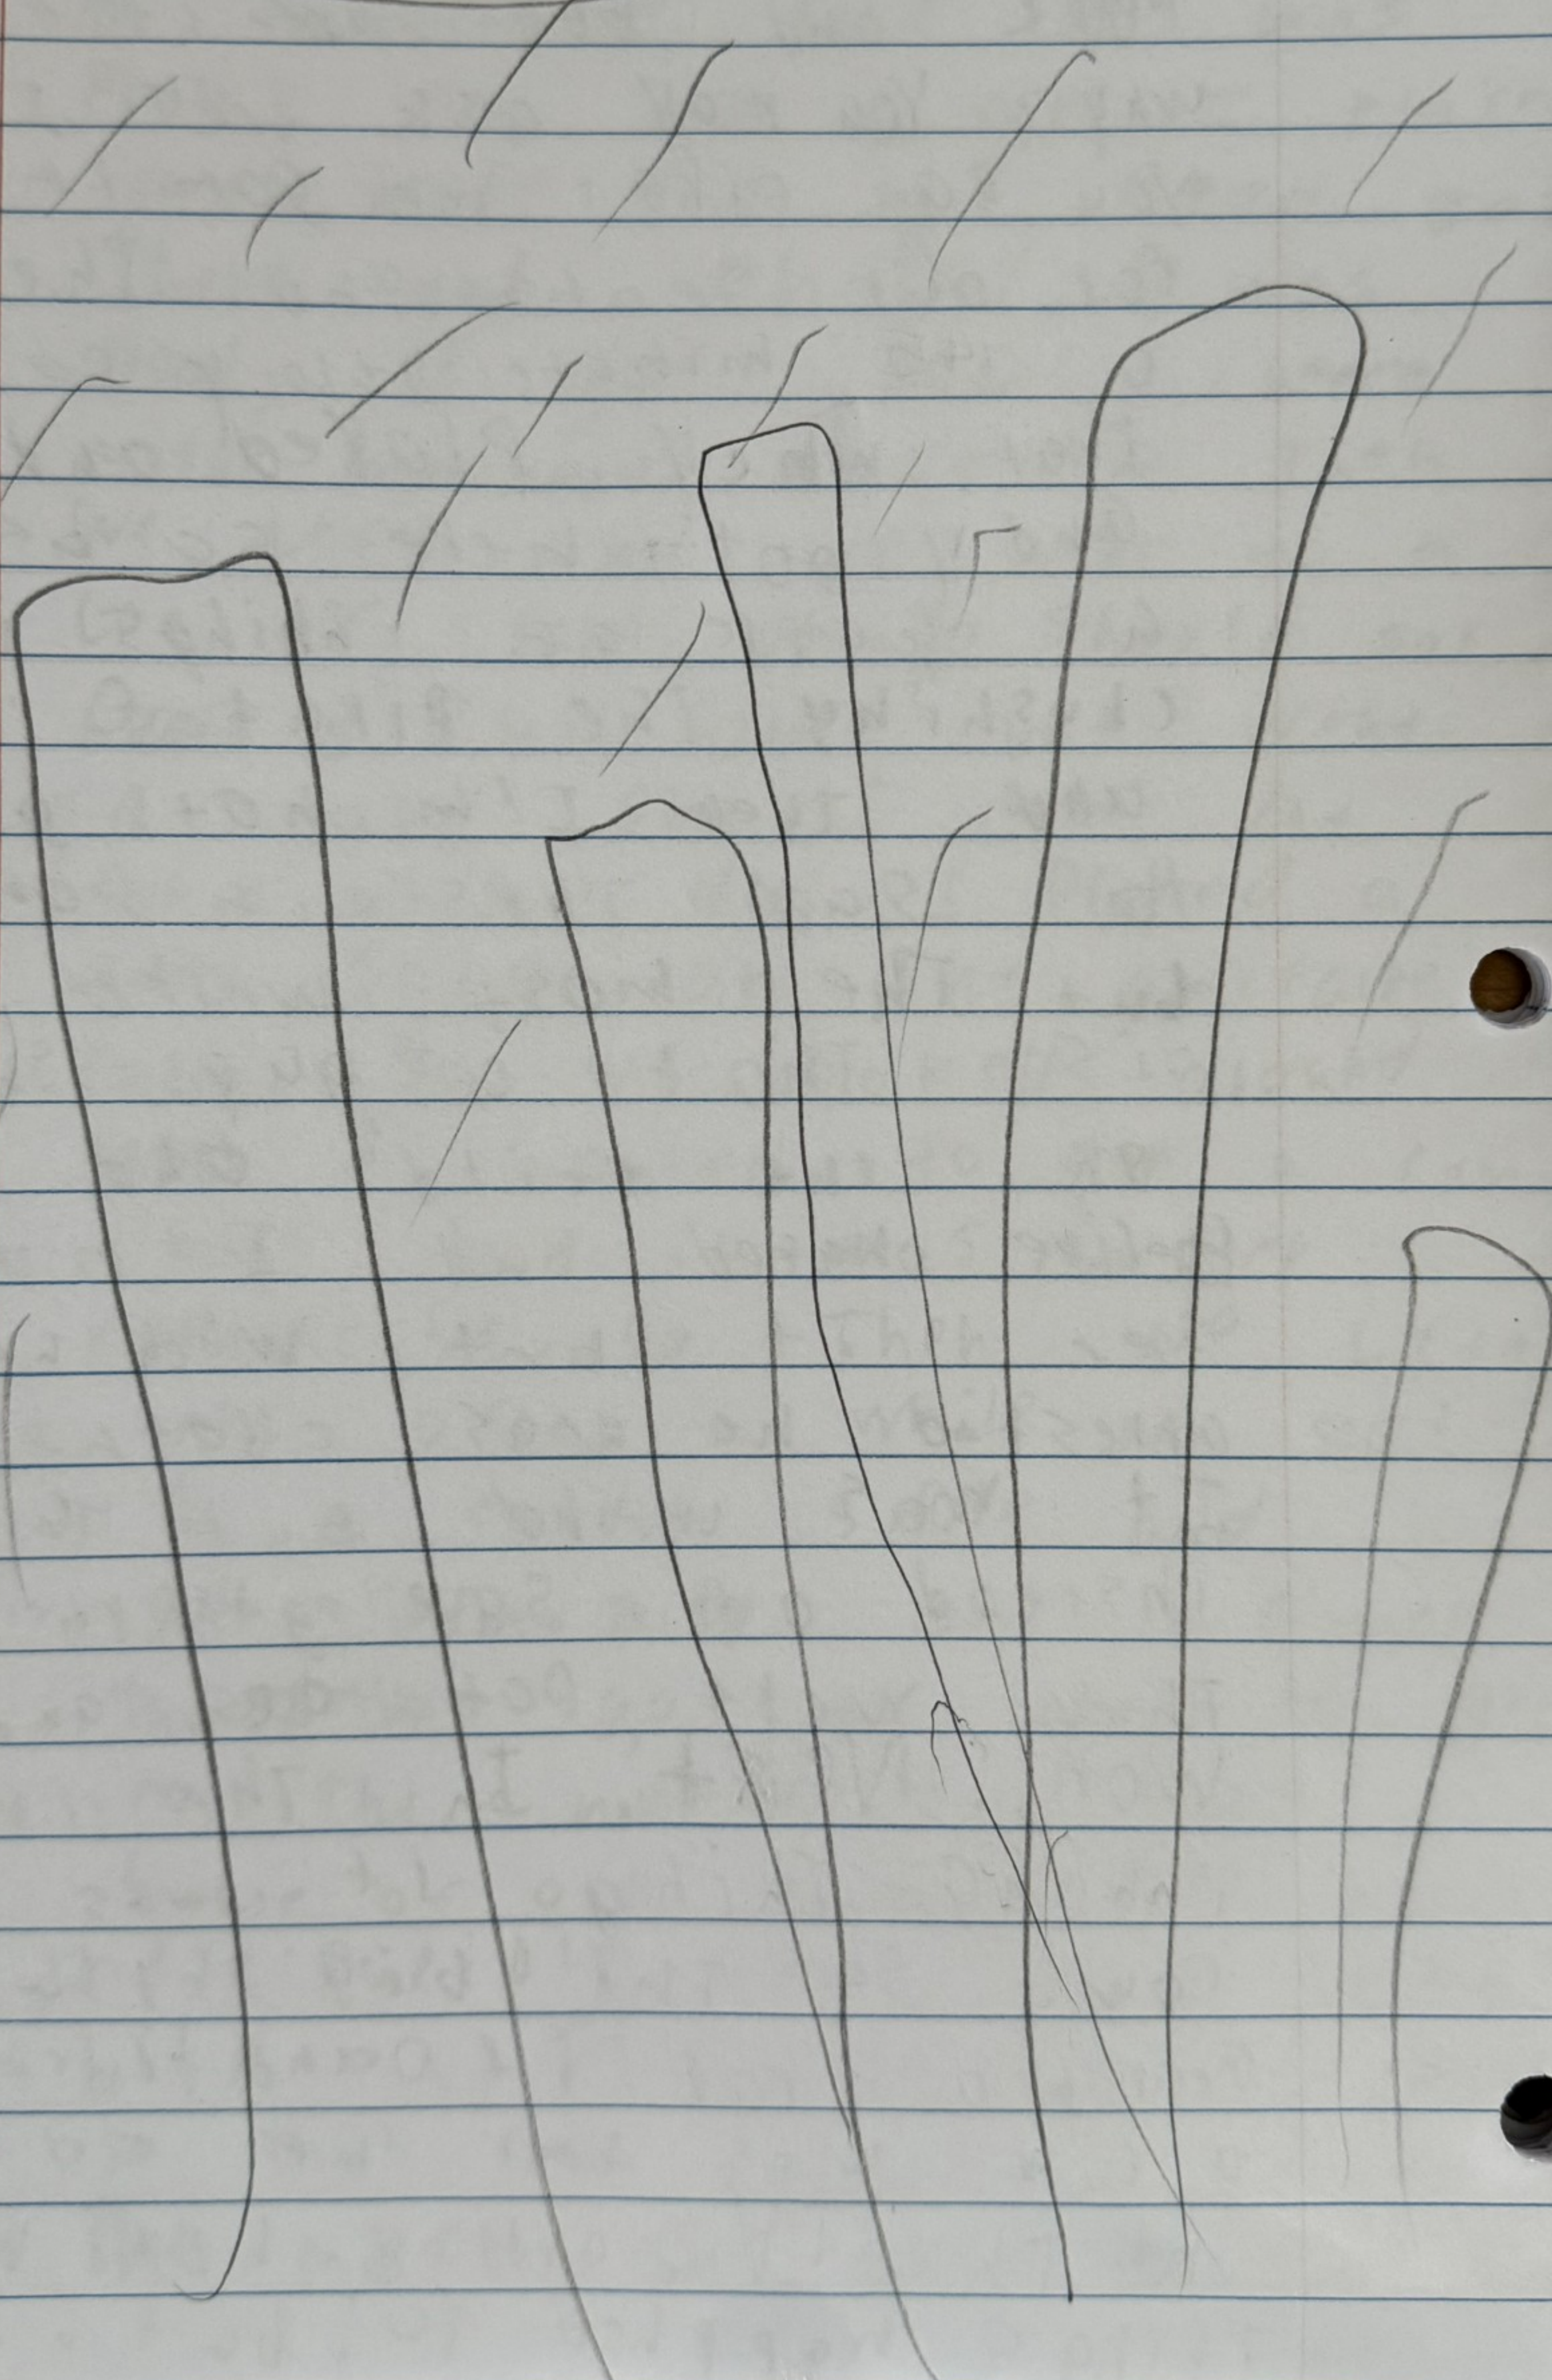

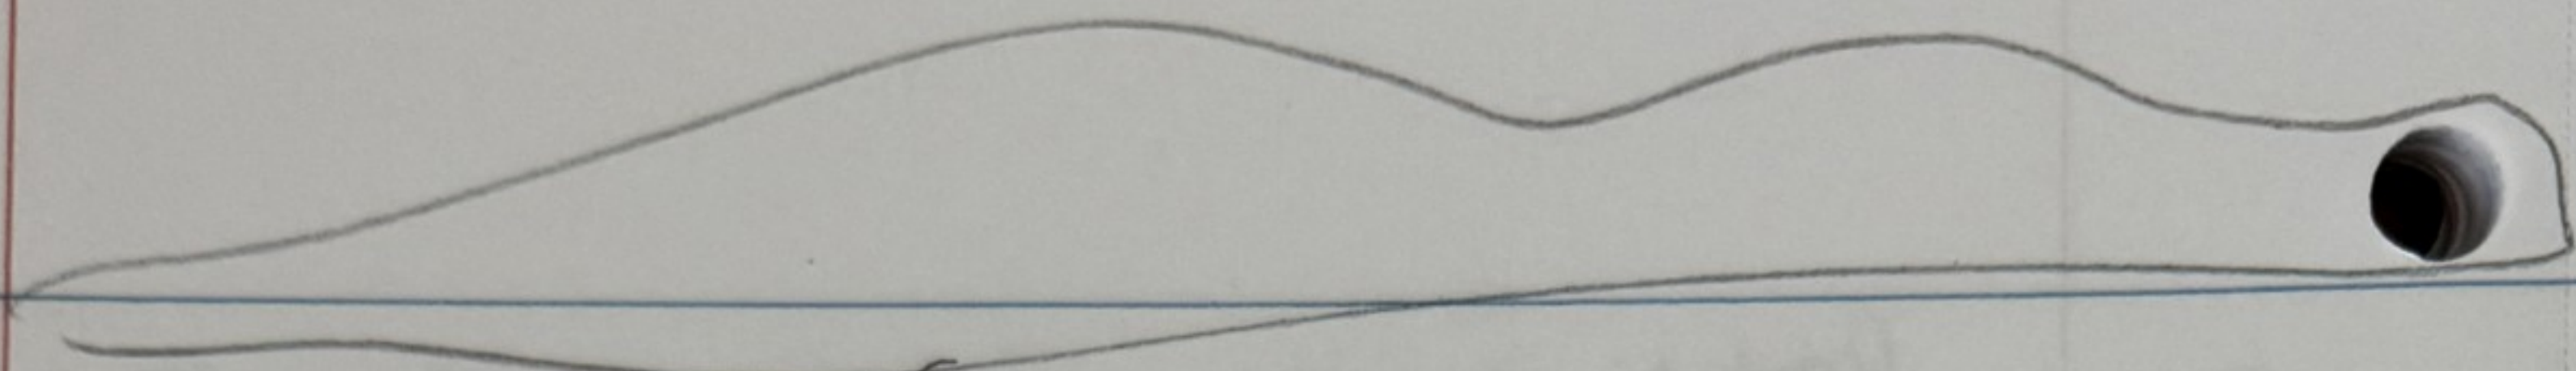

After That we walked in a ^{or}
castle-ish building and saw 1/3
Dihousares and can you guess
what it is? it was a...
Ketchep Dihauscar!

NOW we were walking
a bit and came upon a
bridge that we went
under but I realised I was
super thirsty so we kept
walking and we got to
a house from the 1700s
and the guy in there was
super nice to! we kept
walking and I was very
thirsty but came to another
big fountain but still I
was thirsty so andy kindly
gave me a little
bit of water  but wasn't
enough then we kept
walking now I was
so thirsty I was
legit dizzy no cap
so luckily there was
a little place with food and water
so I got better because
my dad got water for all of
us, next we walked to a
lunch place and I waited
for my food as we played
played The Golden Tee Golf oh

a machine and it was
pretty fun and later I played
some more till my food got
there and Oh Boy, it was
good, I got machi, where
with machiara sauce so then
we left and we went to a
lot of stores, or I should say,
passed. But some we went
to and one I was at
for a while and I played a
good song on the guitar
there so we looked around
and I wanted to get a few
things but it was super
expensive so then we left
and after a while we got
to a candy store and
got something but after
that we got an uber to get
to the hotel to put
some of our things away because
they stupidly didn't allow things
like a plastic water bottle
so then we went back to
the uber and went to the ball

Park and boy was it crazy,
way? You may ask well I'll tell
you so first we got in looked
for our seats and there was
a 145 minute delay so after
that when played and then
and y got here so after
a couple of innings we were
crushing the pirates 6 to 0
and then I'm not going
to say this in order
but the most weird thing
is that at guy Shuck
on the field and I don't
believe naked but I didn't
see it but when he was
arrested he was clothed, Next
it was weird but this time
instead of sausages racing...
They were potatoes and potato
won! Next, In the inbetween
thing thing it was Spot the
cow! So the big screen TV
searched for it and luckily
a cow was near me so I was
on the TV! and other weird
things happened to! but a...

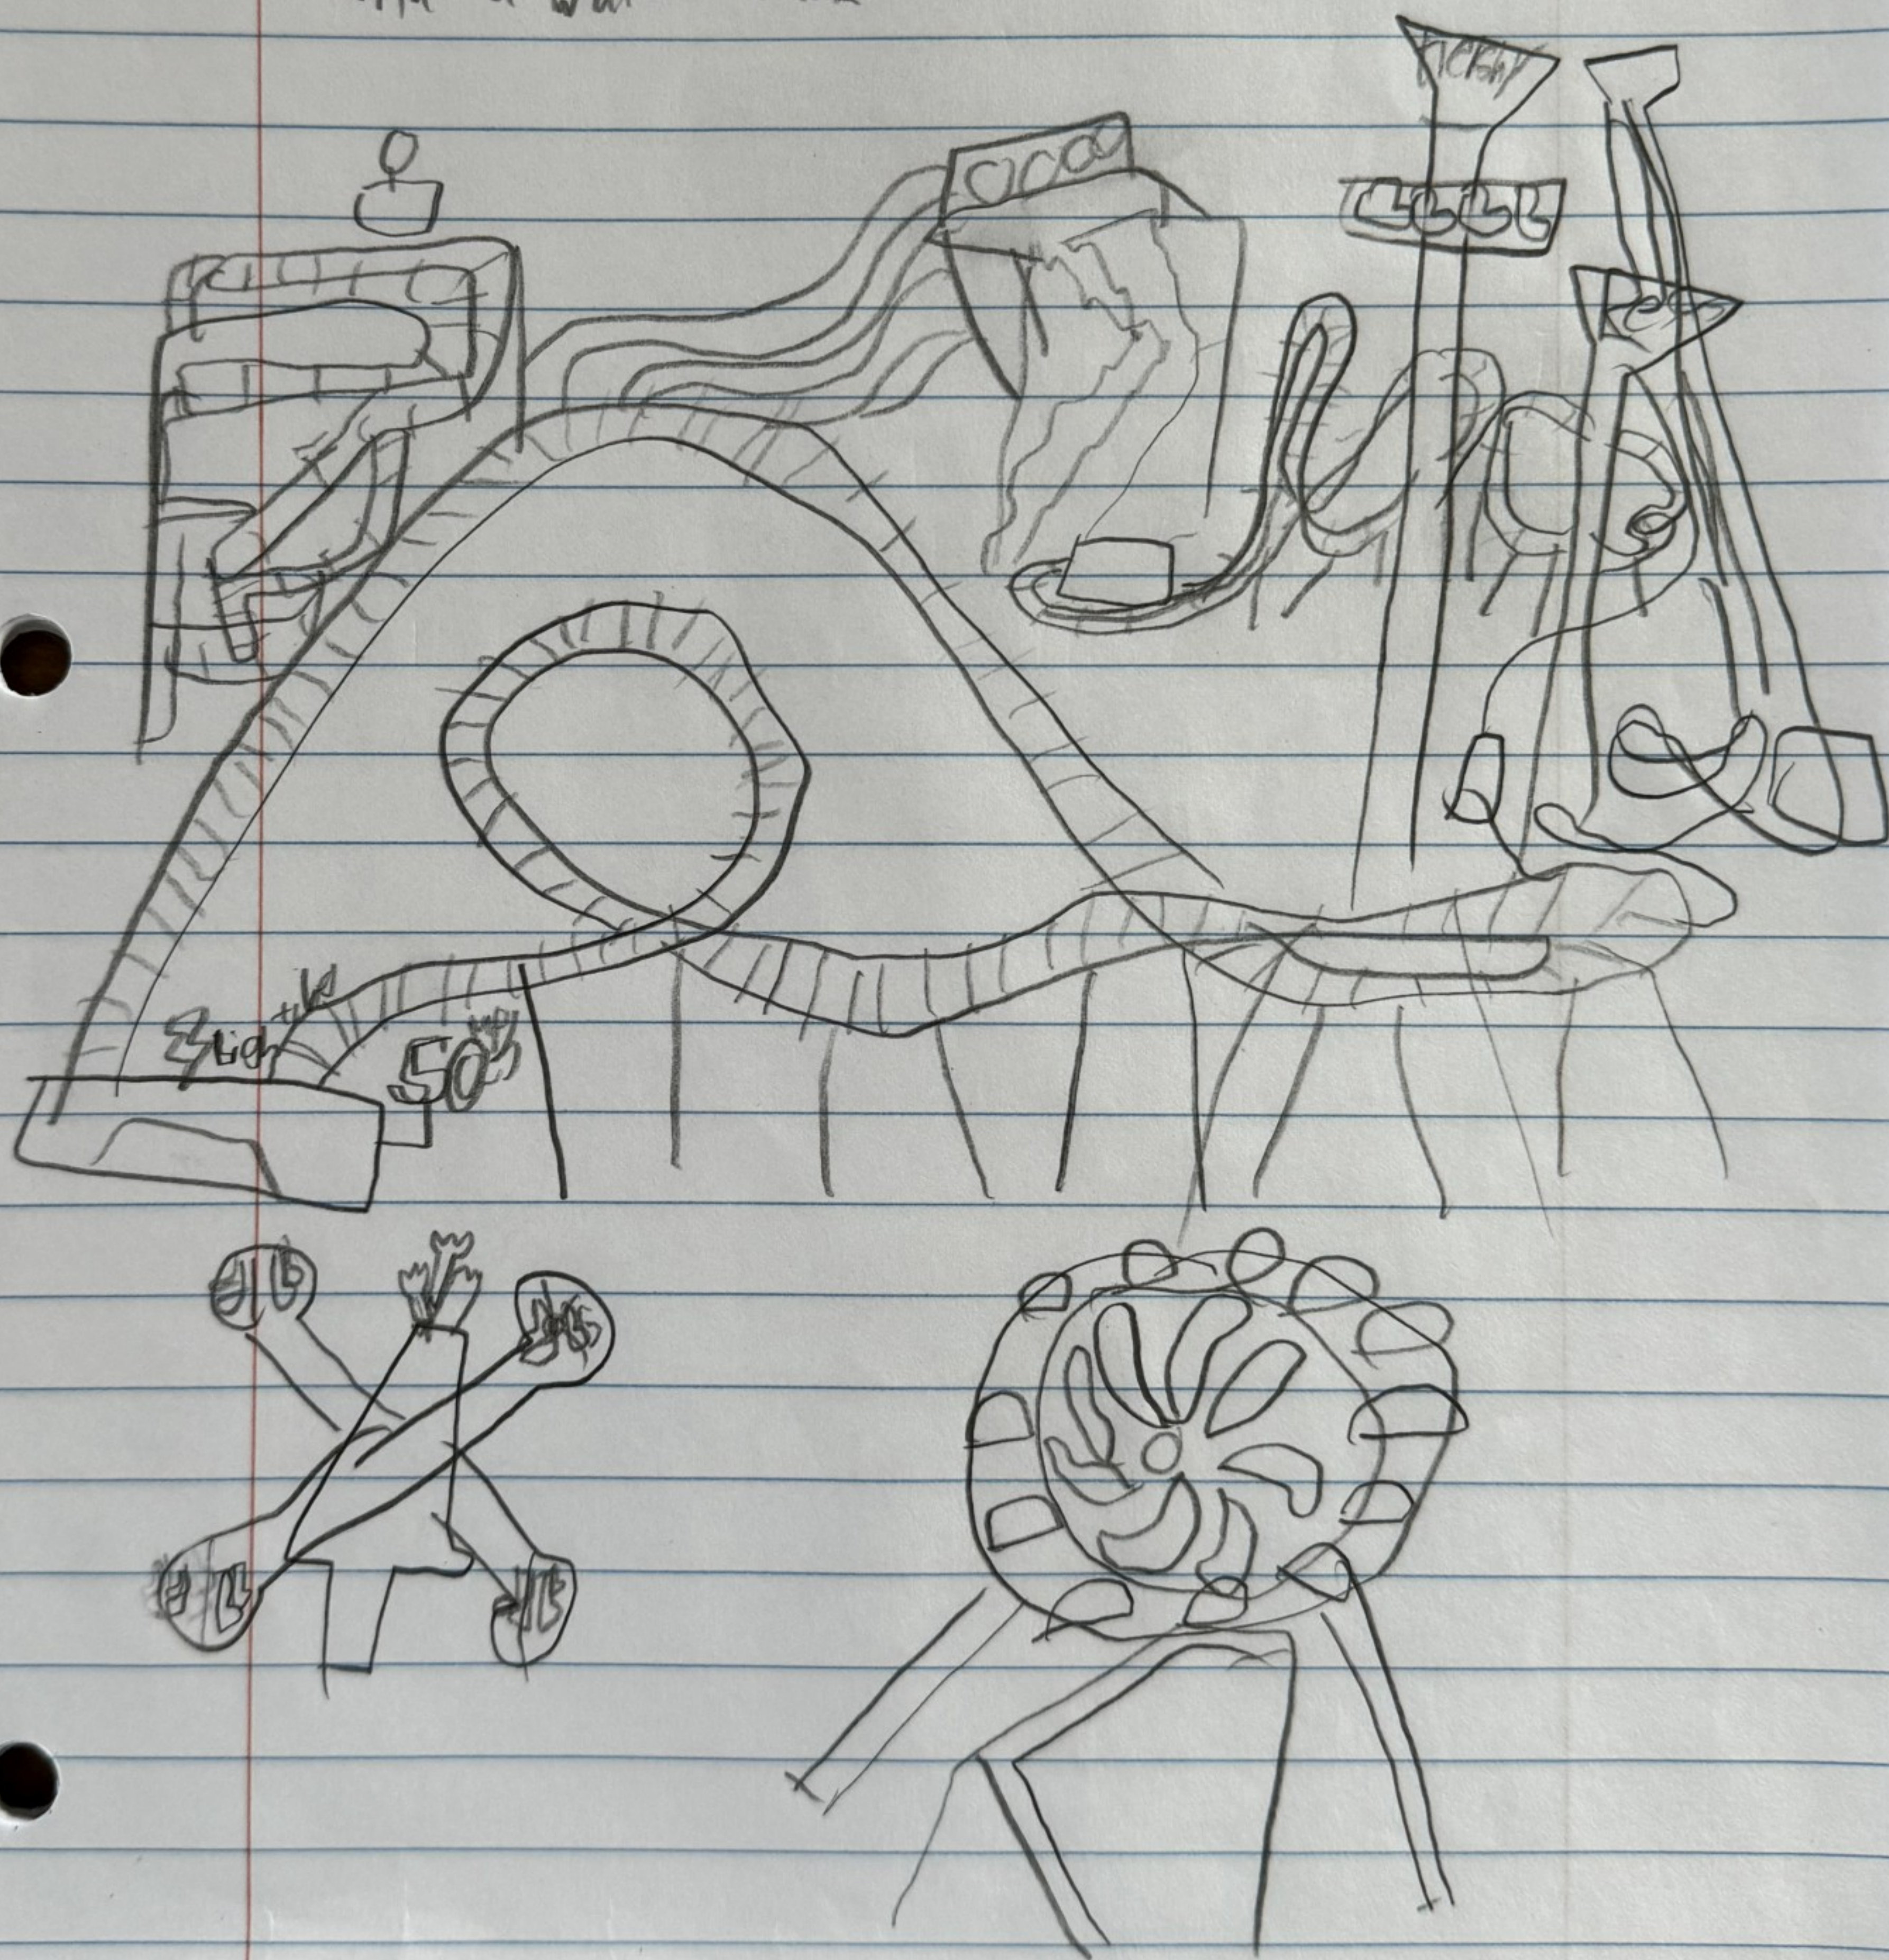

DAY 4
Unexpectedly the score
was 11 to 9 now so I got
Wetted but after that
we left and it started
to rain a bit when we
walked back to the hotel
and that was fine but
eventually it started to rain
a little harder and we
walked and the rain got
harder, and harder, and harder
till eventually it was down
pouring and we hid for a
while and then we crossed
the road, unfortunately we didn't have an
umbrella so we had to run across
the street. Then we ran further
and hid again and again. Then we
ran super fast, super fast. Then we got
to the hotel so we got in our
car and drove to our other hotel
and swam for a bit and
then we left the pool and
we slept.

DAY 4

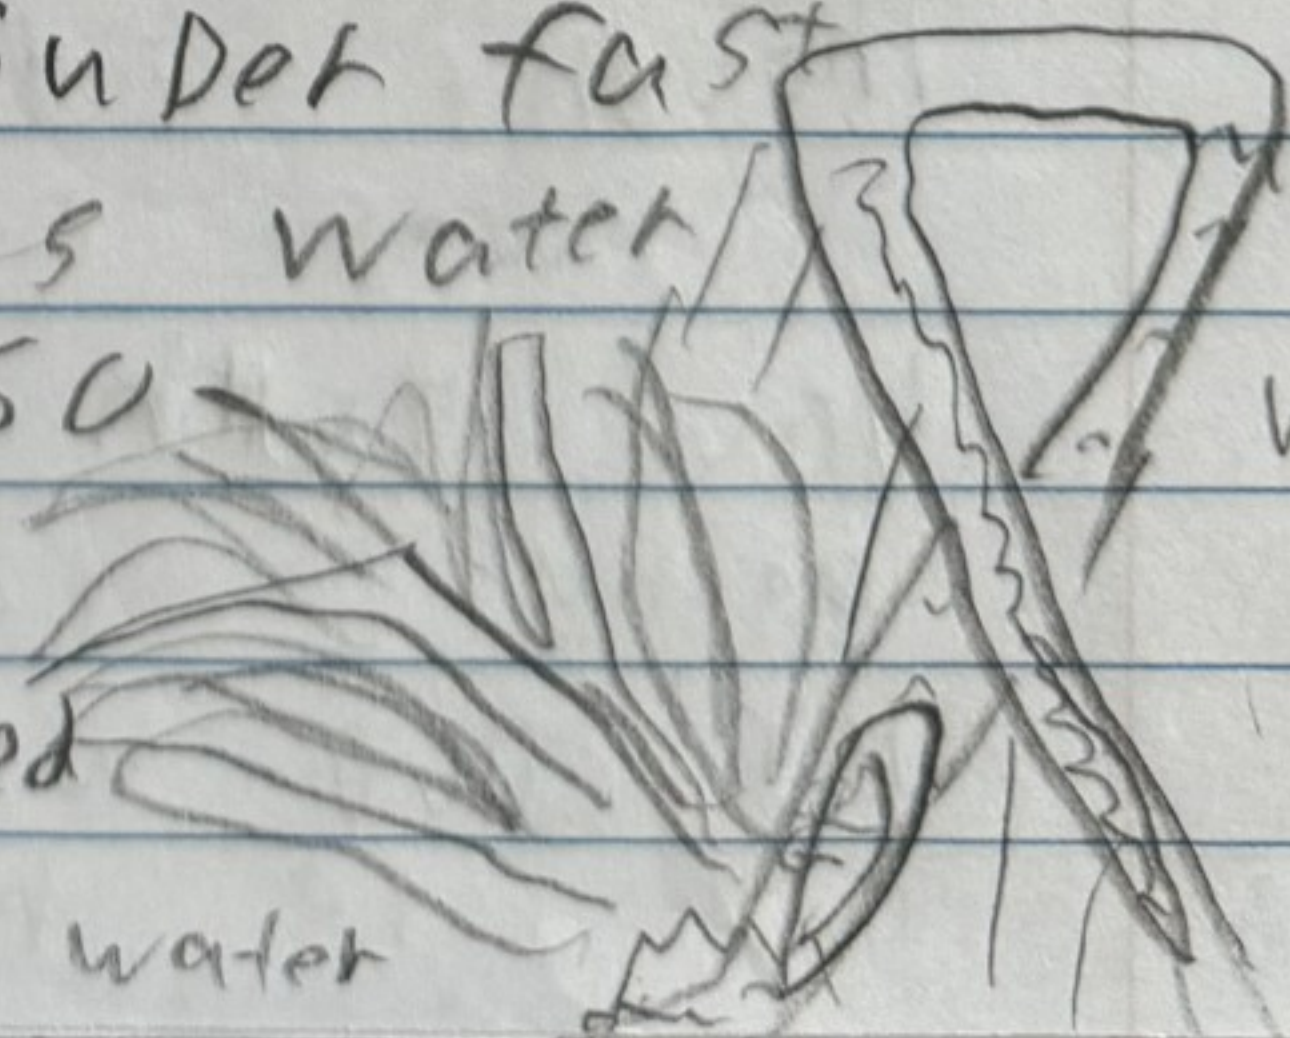

So I got up and layed in bed a little then I ate some breakfast and packed so Dad and Elliot did other things well I... ate a bagle so after that we left. NOW when we were driving MY Dad told my mom to go the wrong way on accident so then we drove about 15 miles and then we stopped at McDonalds and ate some food then left. It was about an $\frac{1}{2}$ hour drive then we arrived at...

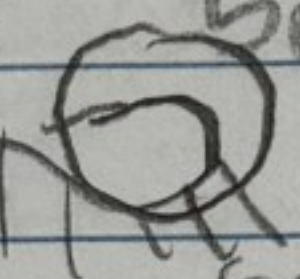

The Hershey factory! Now
I thought The factory was just
a factory but NO HO HO! It was
hot, It was a... Theme Park!
PS with a water park

a Water Park + Theme Park = The
BEST Thing EVER! so when we
got there we went to the
factory and got in a little room
and waited after about 25 minutes
we got in these little carts
and learned how chocolate
is made then we got out
and bought stuff like candy
I've never seen, then we went
to a water park, so first
we got our locker and
then I went to a yellow
slide one the top of the
platform so then I went
super fast down, curves, down thing things
whatever that means and I got out
then I went to the glee slide
that was wet that different but
you could see light, then mom and I
went on the vortex and we
went speeding down the thing
we were on the sides of the
wall, after that Elliot and I
went to a large kid play thing
and went on this large purple
slide and it was SO fun

next, we went to The Wave Pool but it started to rain so we went to lunch after that everything shut down so couple minutes later The Play Thing was open so we went there and I played for a while till we went to the roller tracks, so the first one was SUPER fast, SUPER fun Then we went to the real roller thing and we had sled things and I picked the orange slide and we all went down, since I was the lightest - August I got last than we did the lazy river for a while than I did one more thing I went on a water coaster so we waited for 2 minutes Then we hopped in and slowly went up and my Dad was hanging on to me and then we went down, SUPER fast and there was water on the bottom so we splashed it and we were surrounded by a dome of water

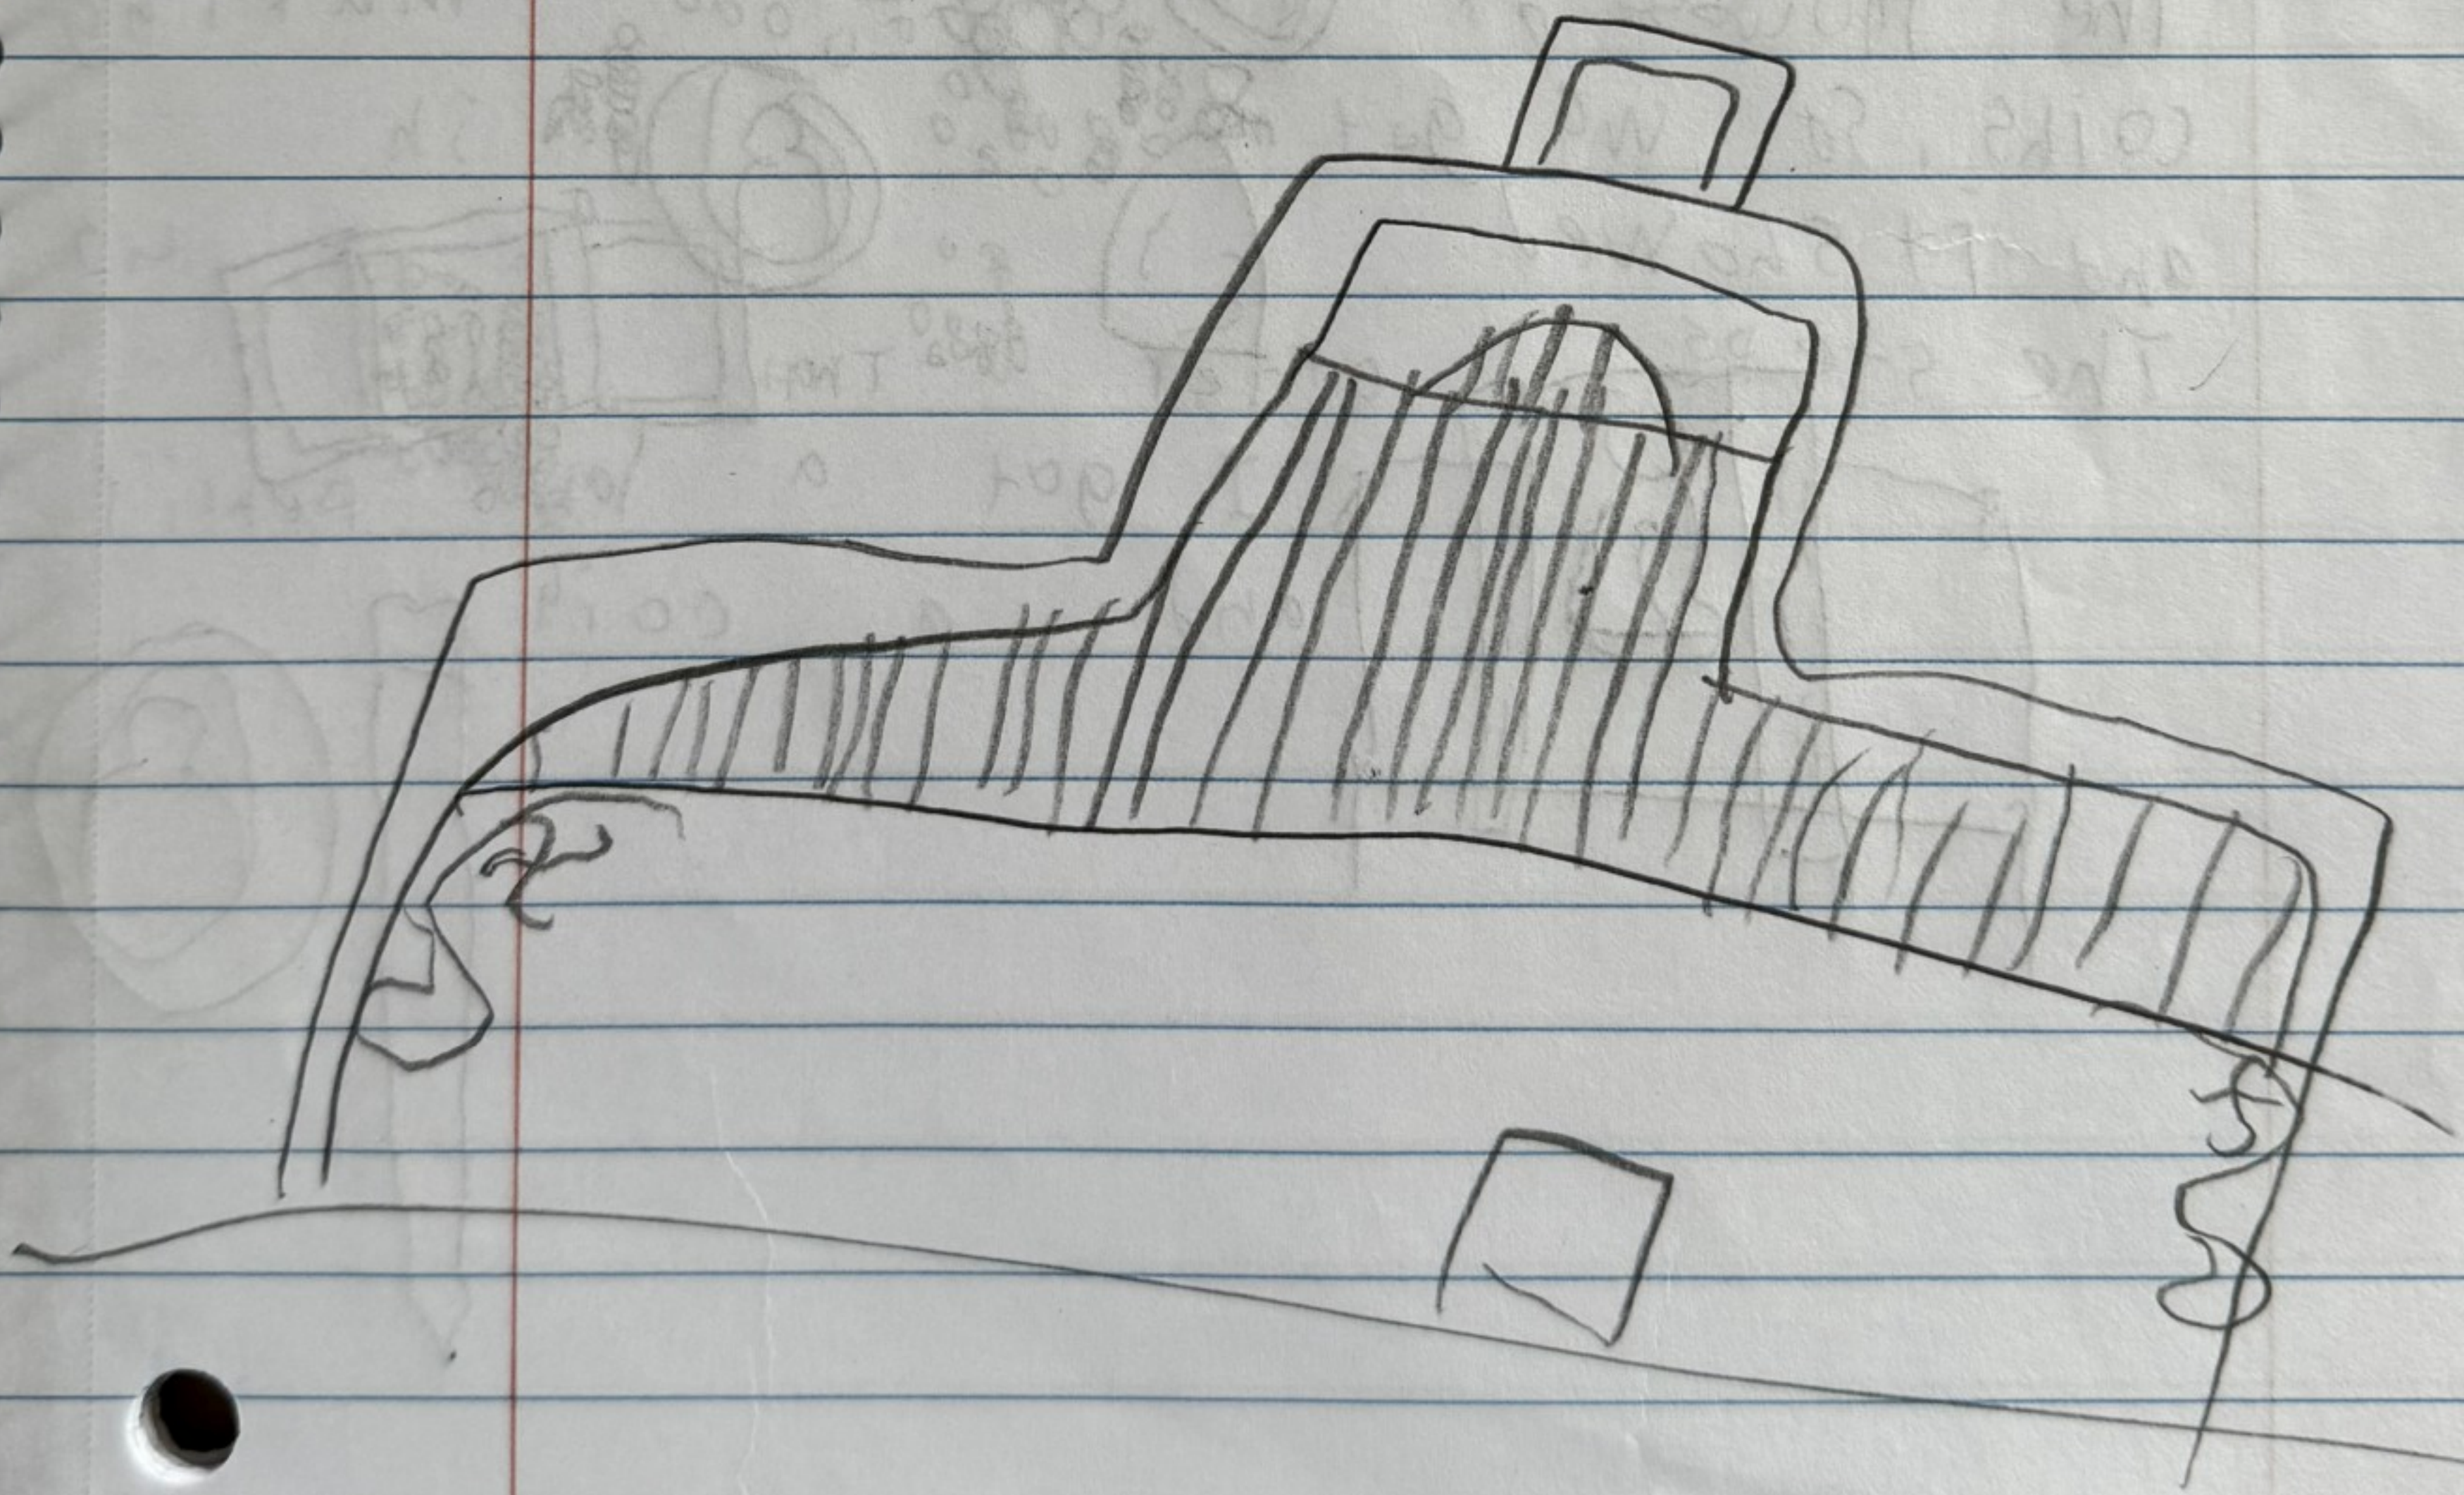

after That we Dried off and
Then I went on MY first Roller
Coaster. and it went 50 mph
so it was a racing coaster
so I went with Dad but Elliot
was on a different coaster so we
raced. At first we went on
this hill so then it went
downwards at 50 mph! Then we
curved like  Then we went
back down really fast Then a couple
more bumps and lifts it was
done but we beat Elliot!
After That we waited forever for
The ferris wheel. so we hopped
on and we were riding
it so after a while we were
done. Next, we walked around
a bit and oh! I wanted
to do this but we went to
The wild mouse and the 2 boys
Thought it would be boring but
it was crazy because when
you turn you feel like you're
going to fall off and
MY Dad was so scared he hung
on to me so after That

DAY 5
We walked to an other
roller coaster but only Elliot
went on it while I waited
In line for this spinning
turning jelly launcher thing so
I was bored but he had to
clean the ~~dirty~~ seat! so all
that waiting was for nothing
but later I got in the
line and made some friends
after 25 minutes in line with
dad, we got on so we raised
and then we turned and went
up and down and turned for a
while then we stopped and
went ~~again~~ after that we
waited for Elliot to be done
with the roller coaster, then
we left so we drove to
our hotel and right away
I crashed on the bed

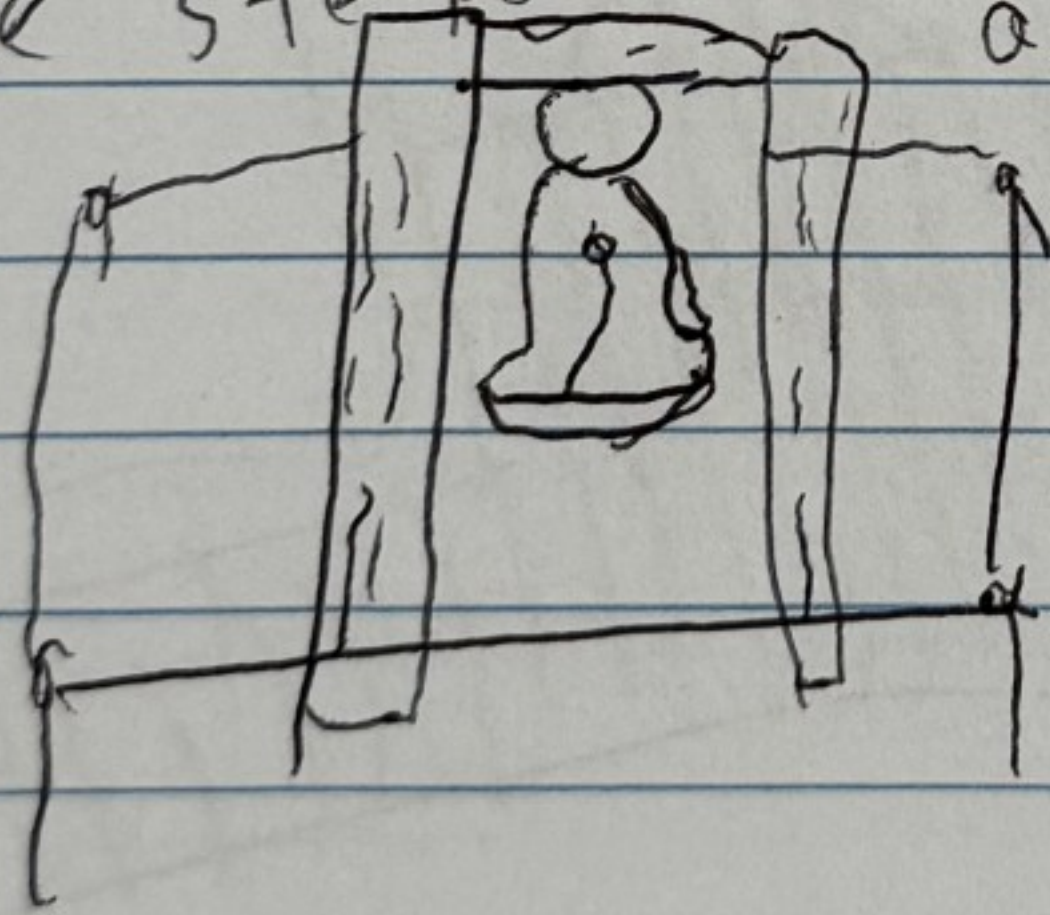

DAY 5

When I woke up
I went to breakfast
and came back took a shower
Then got in the car and left
after a while we arrived at a
gas station then we drove
and drove then we parked so
we walked around a bit till
we got into a mall and fixed
my glasses and ate a bit
next we went to the
world's Biggest organ!!!

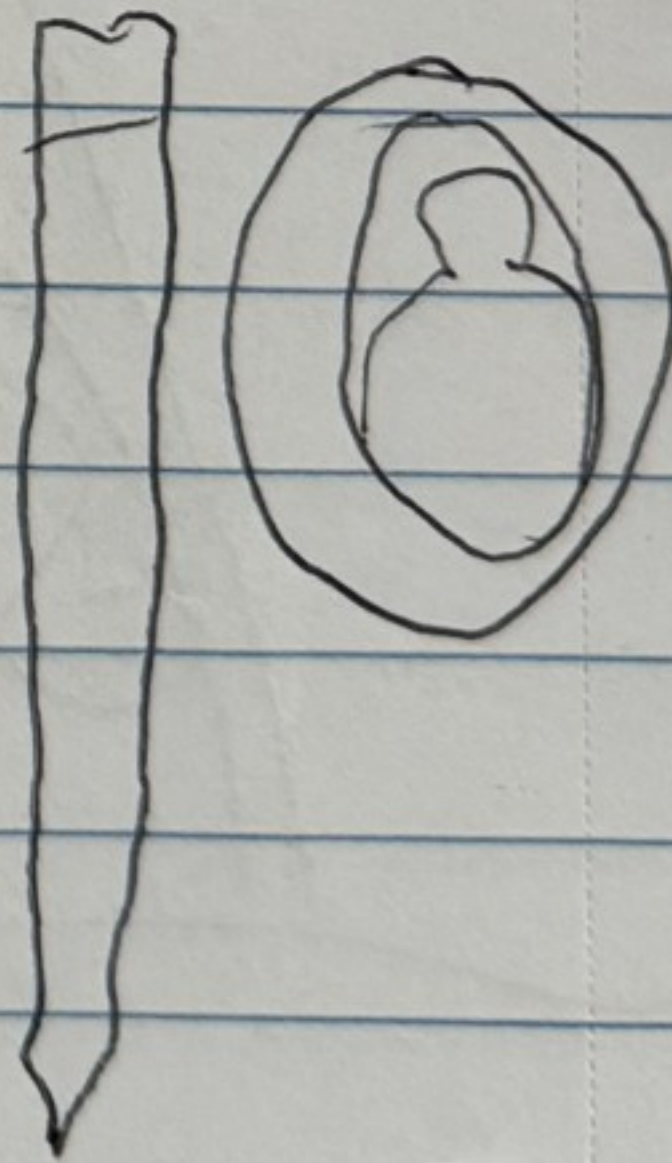

Yeah we went in a State
 and someone played
 famous songs after that then
 we walked to The Independence
 hall and took a tour, after that we waited
 in line for the liberty bell, after that
 we got in the building and took
 some photos. After the mall
 we went to we ate then
 went to The U.S Mint.

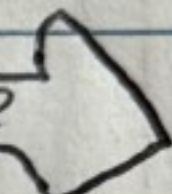

So it
 basically shows
 the process of
 coins. So we got
 and it showed
 the steps

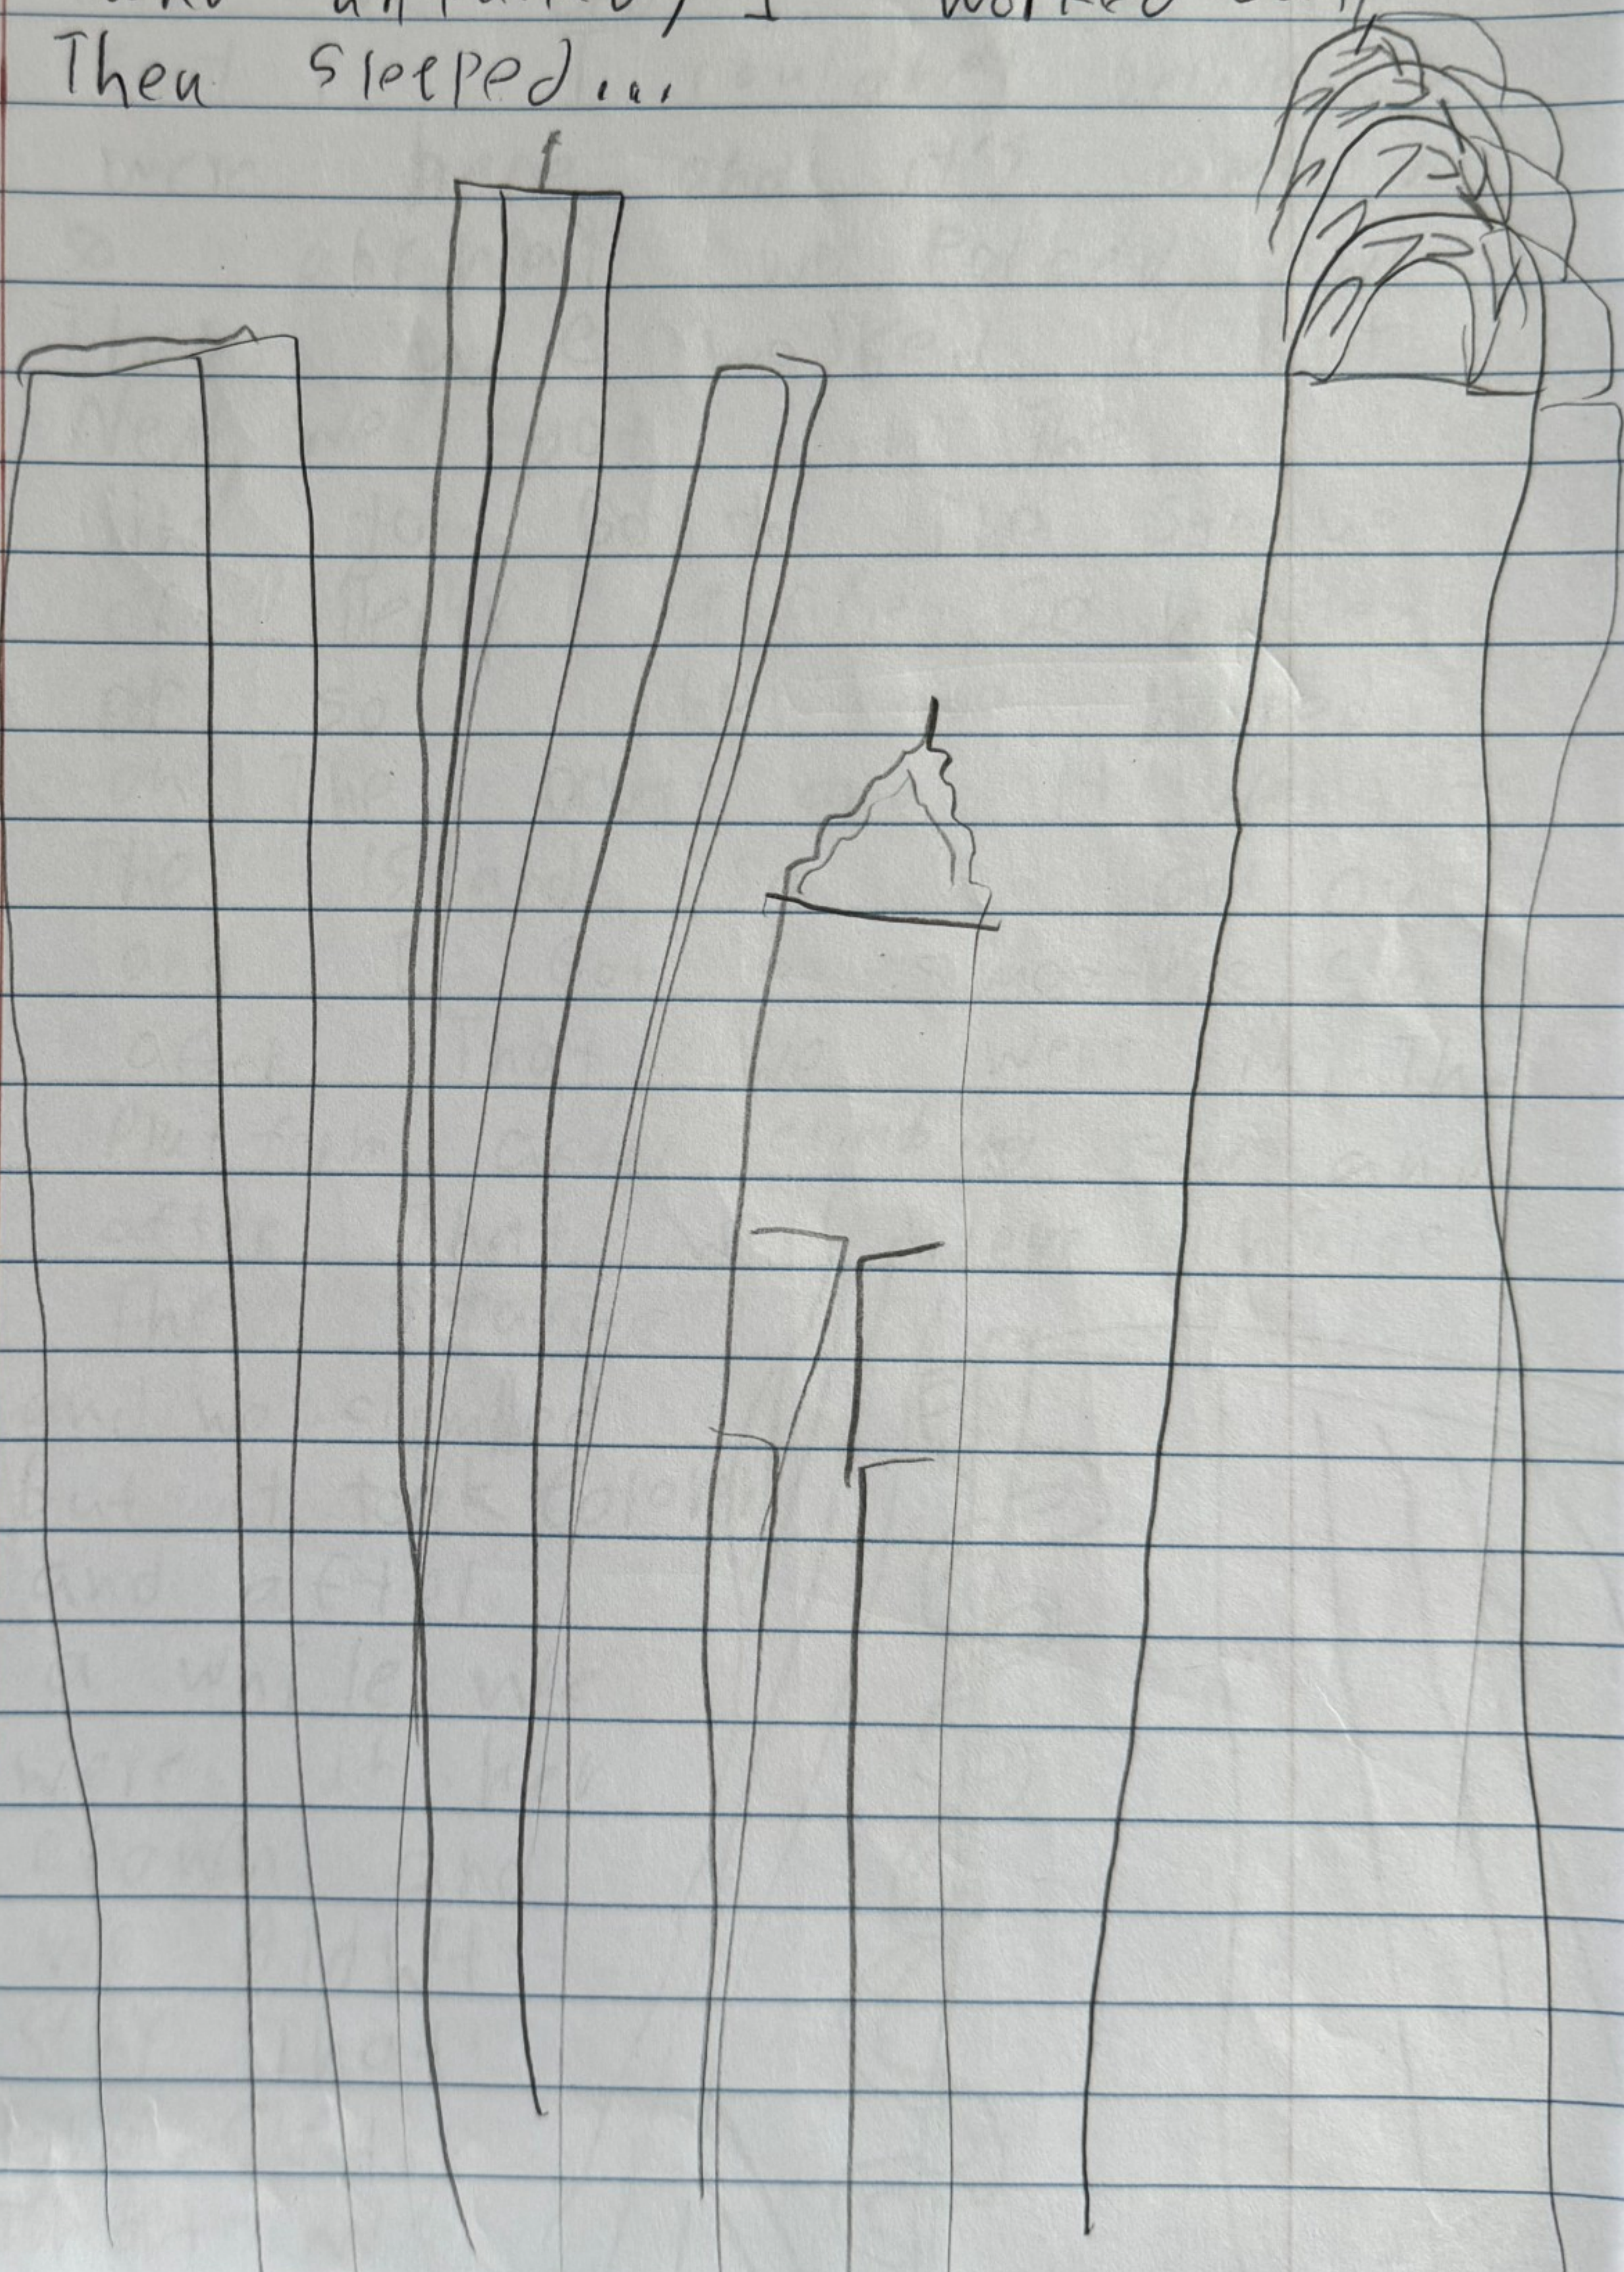

I got a
 and a coin

Next, we went to a mall
for a bit and Mr. Now
got some stuff, after that
we went to another store
Then left. After the mall
mall, we went to hard
Rock and ate some food then
we drove to the city then
never sleeps

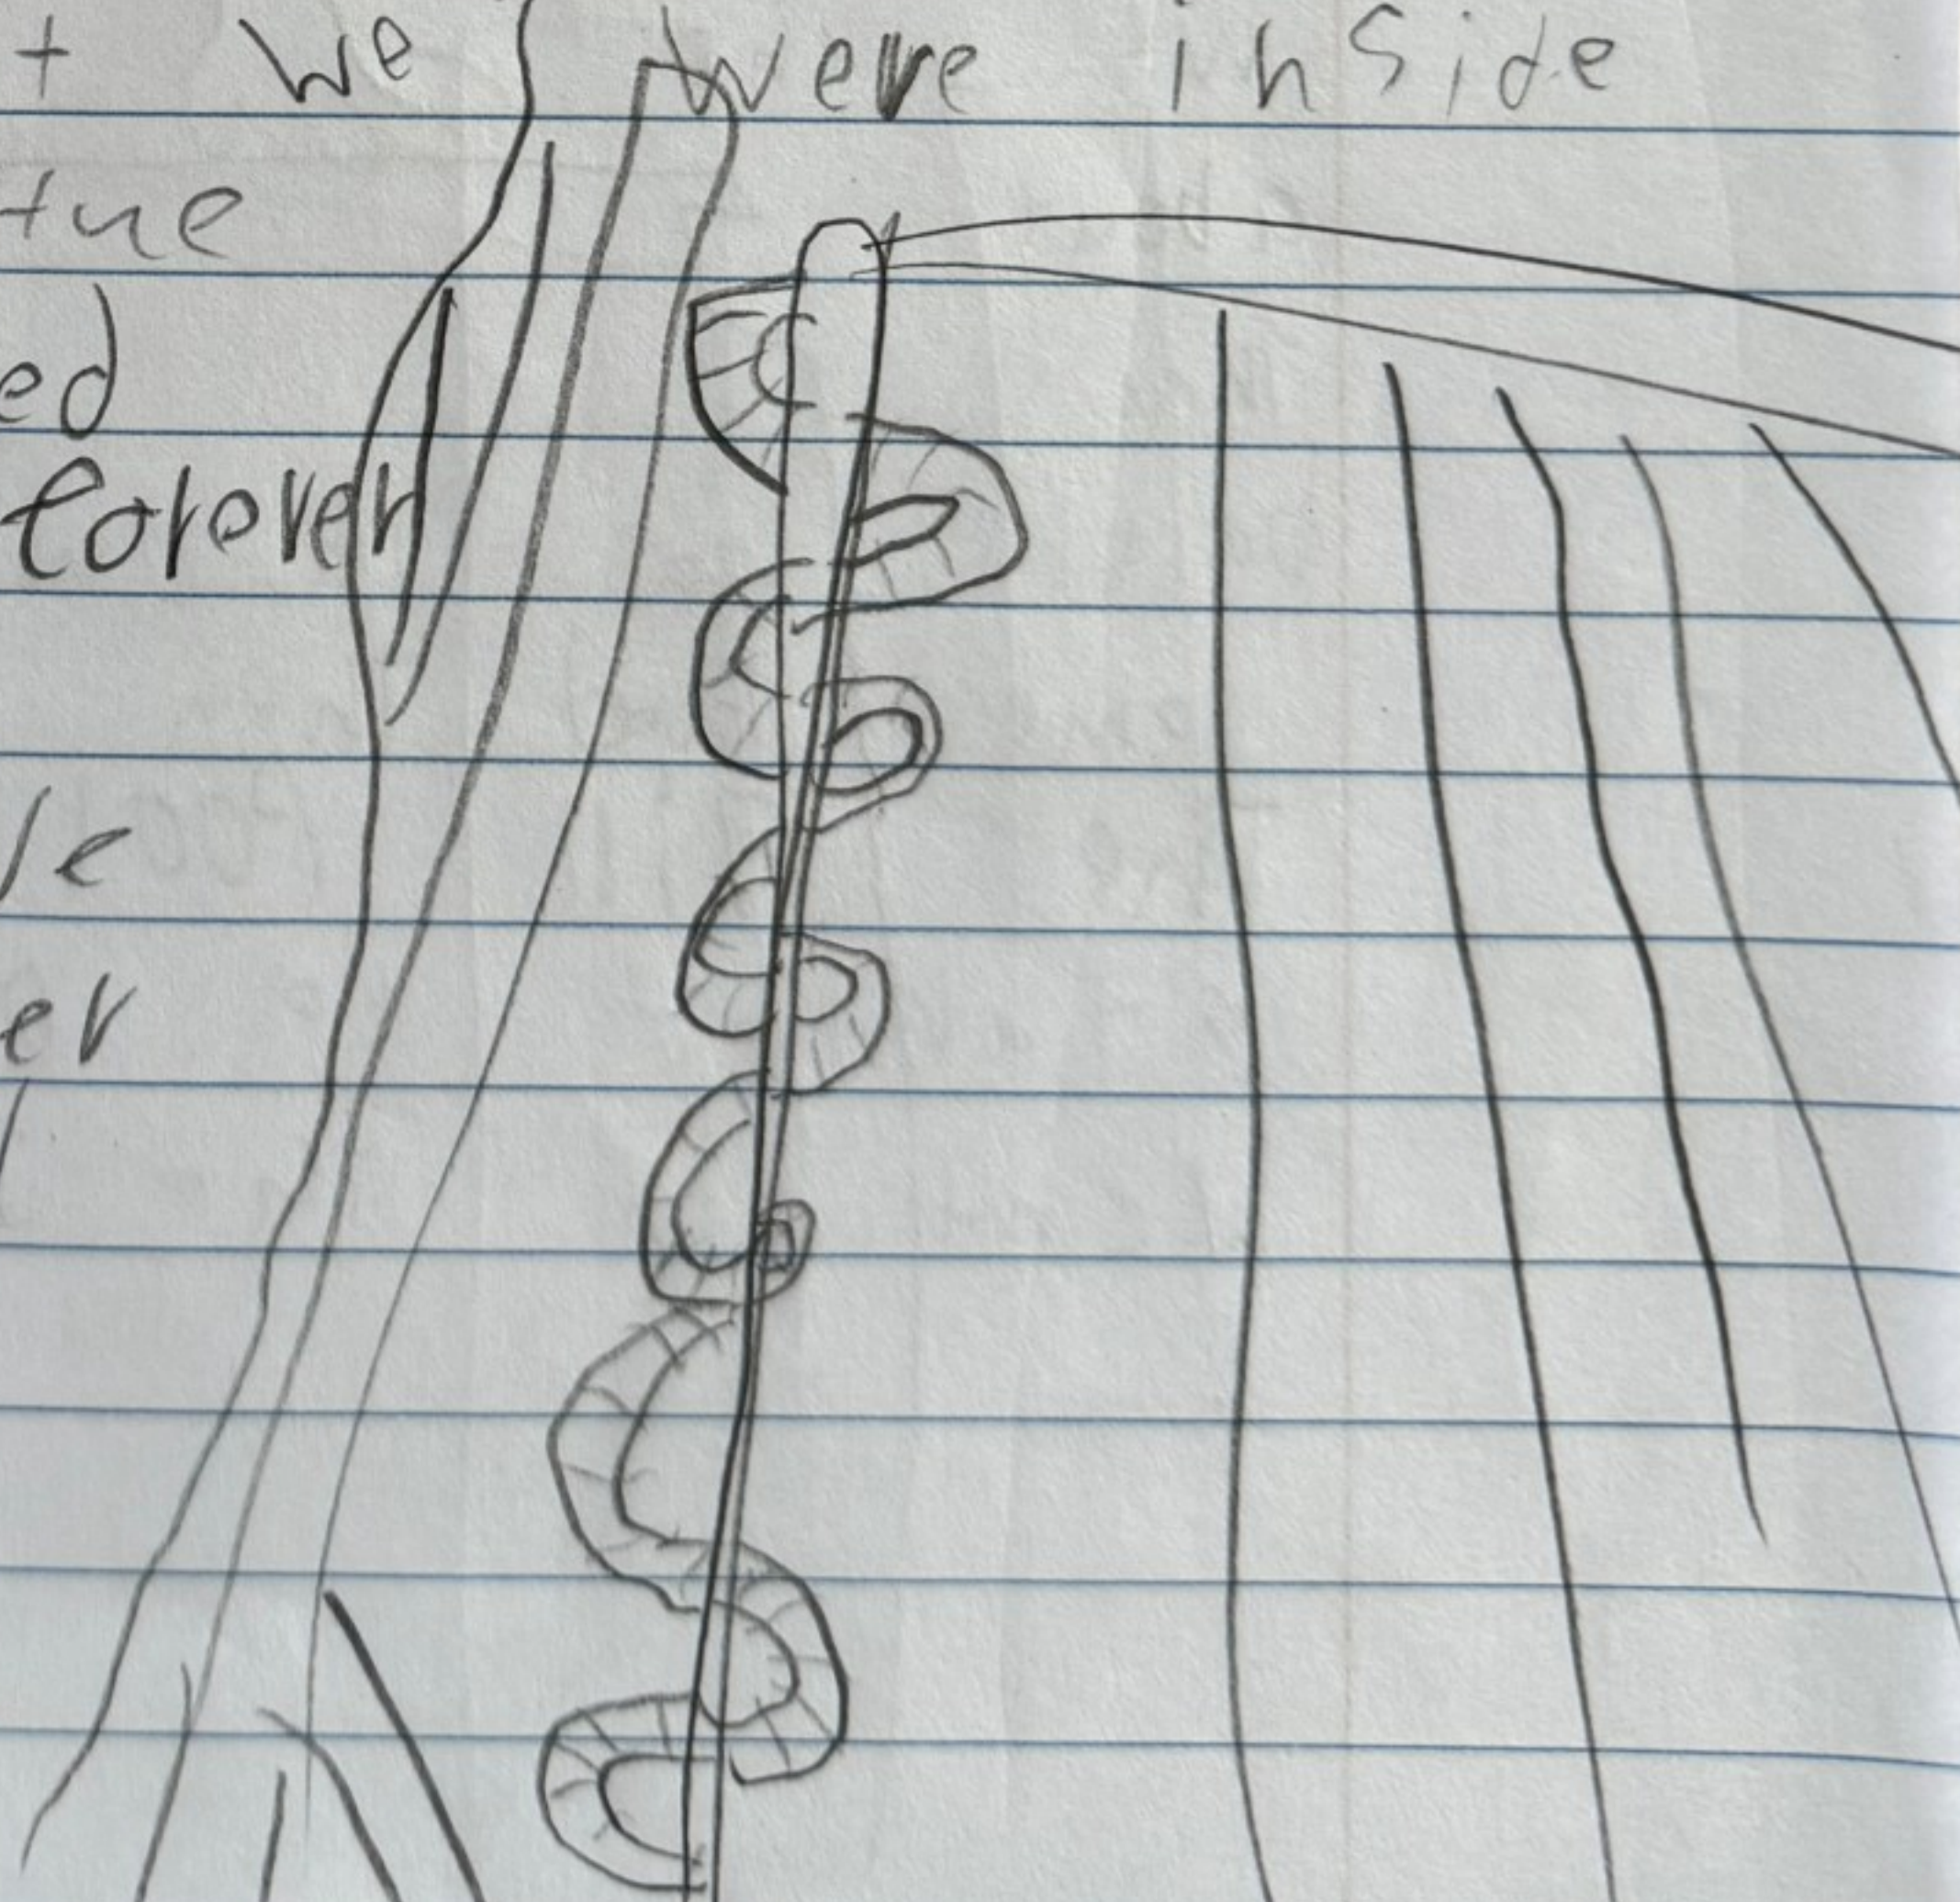

~~///~~ continue 

So we got in our hotel,
and unpacked, I worked out
Then slept.

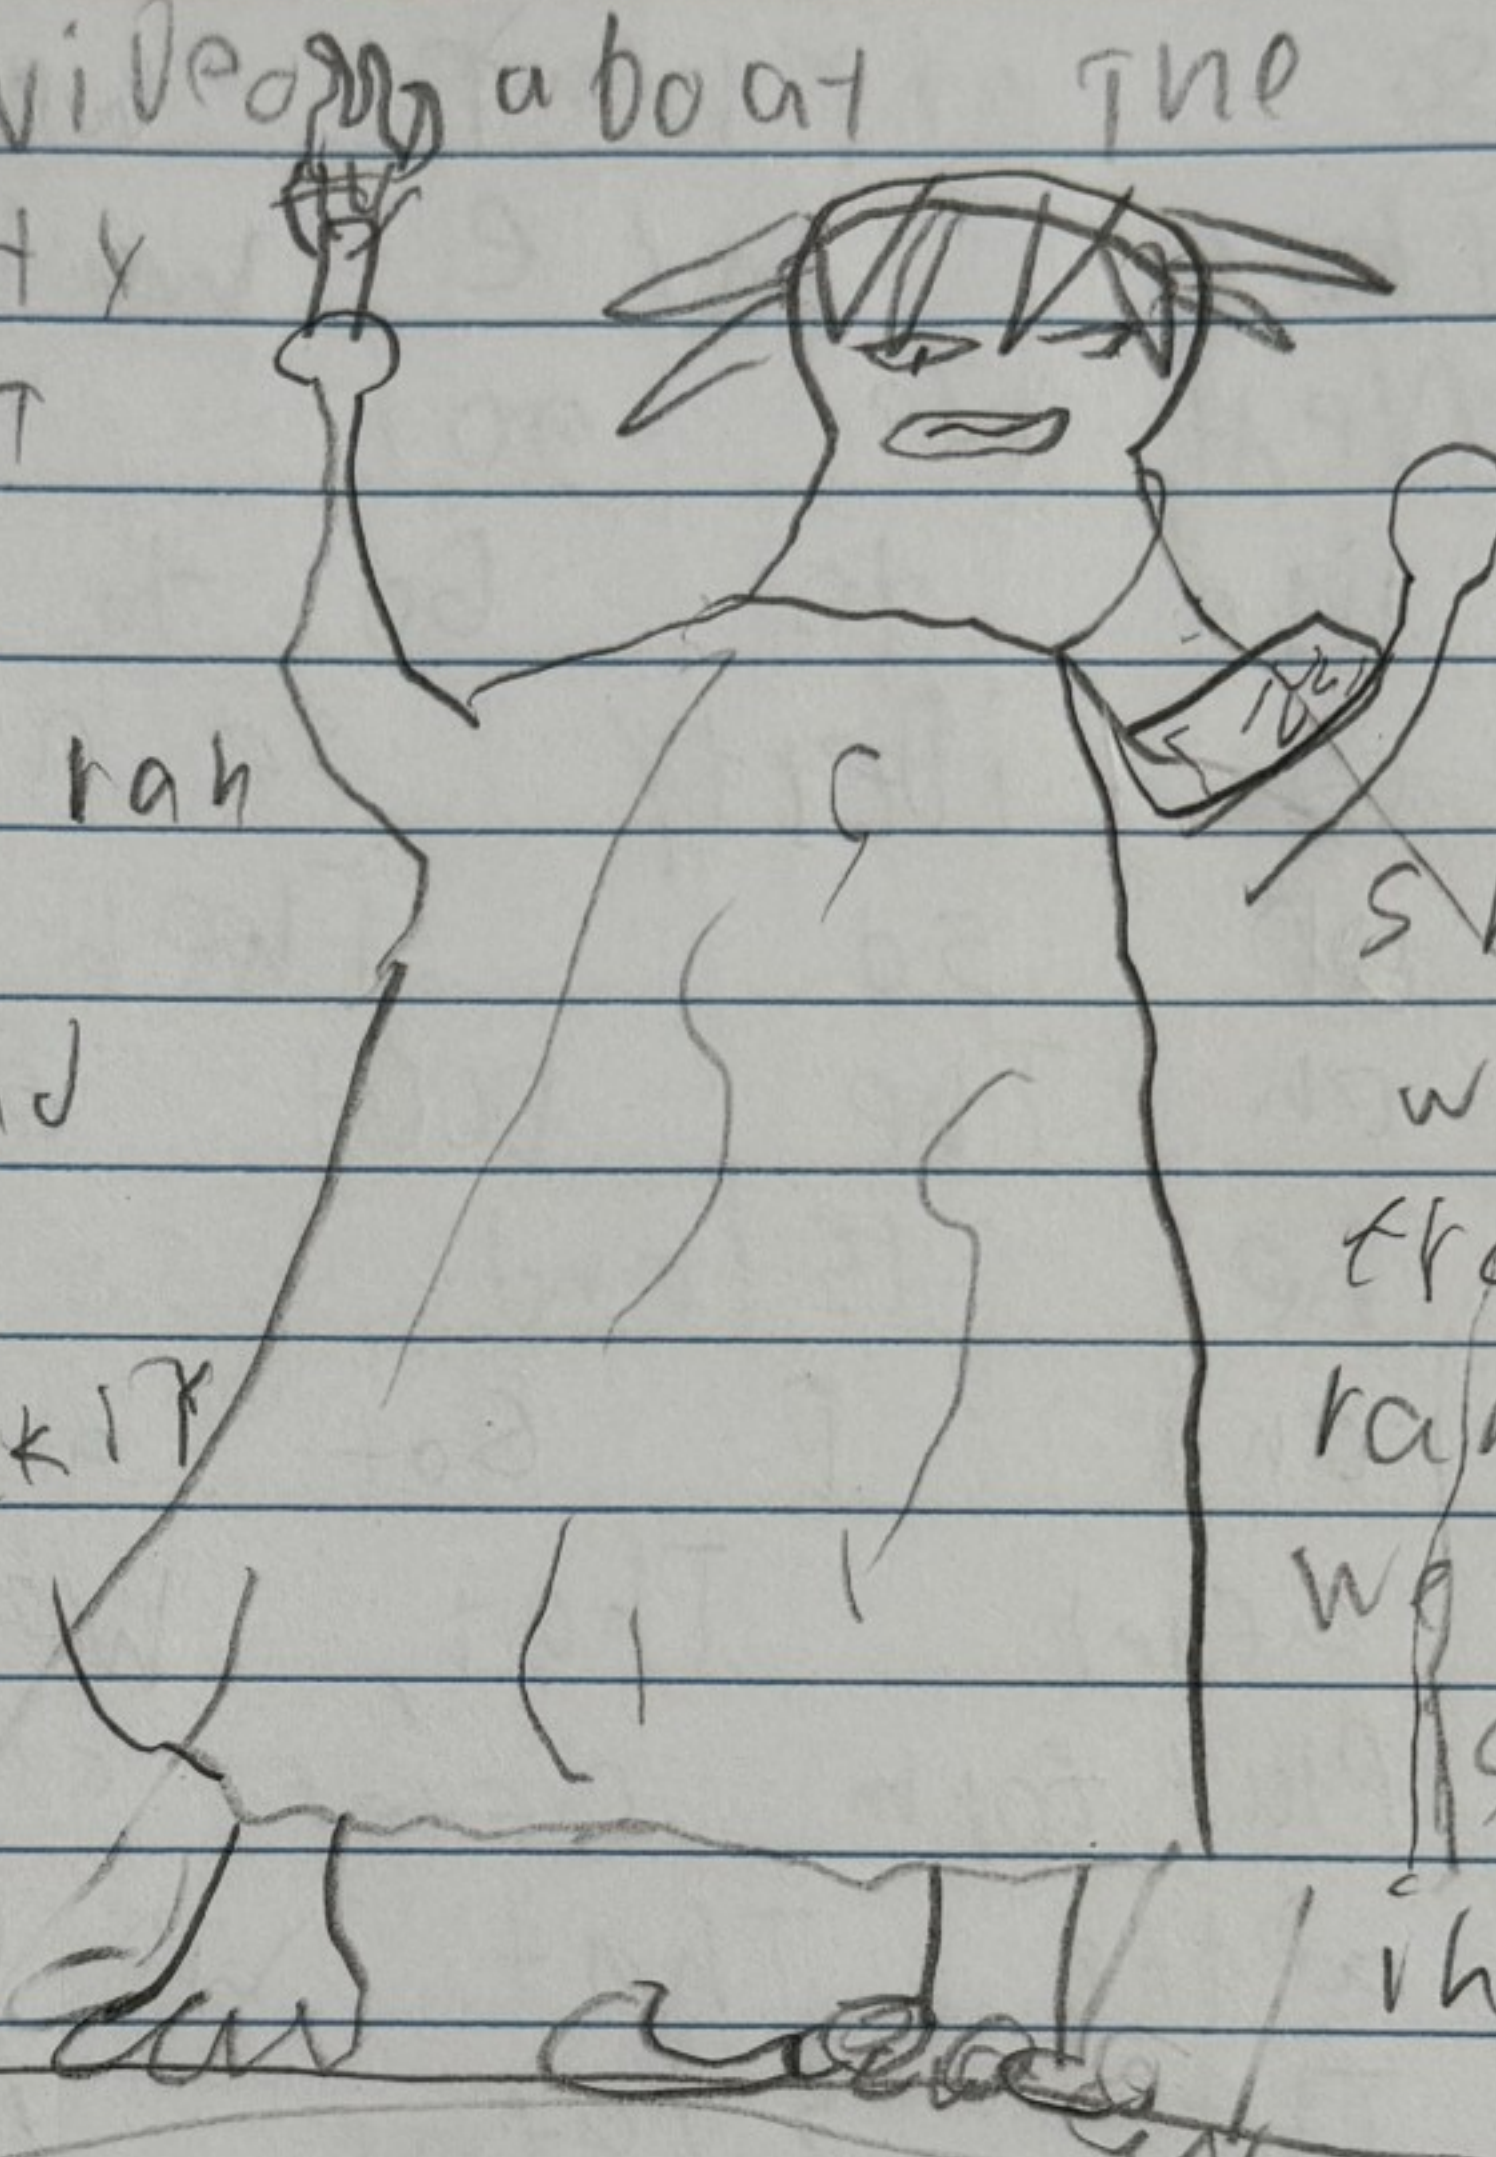

DAY ~~1~~ 6

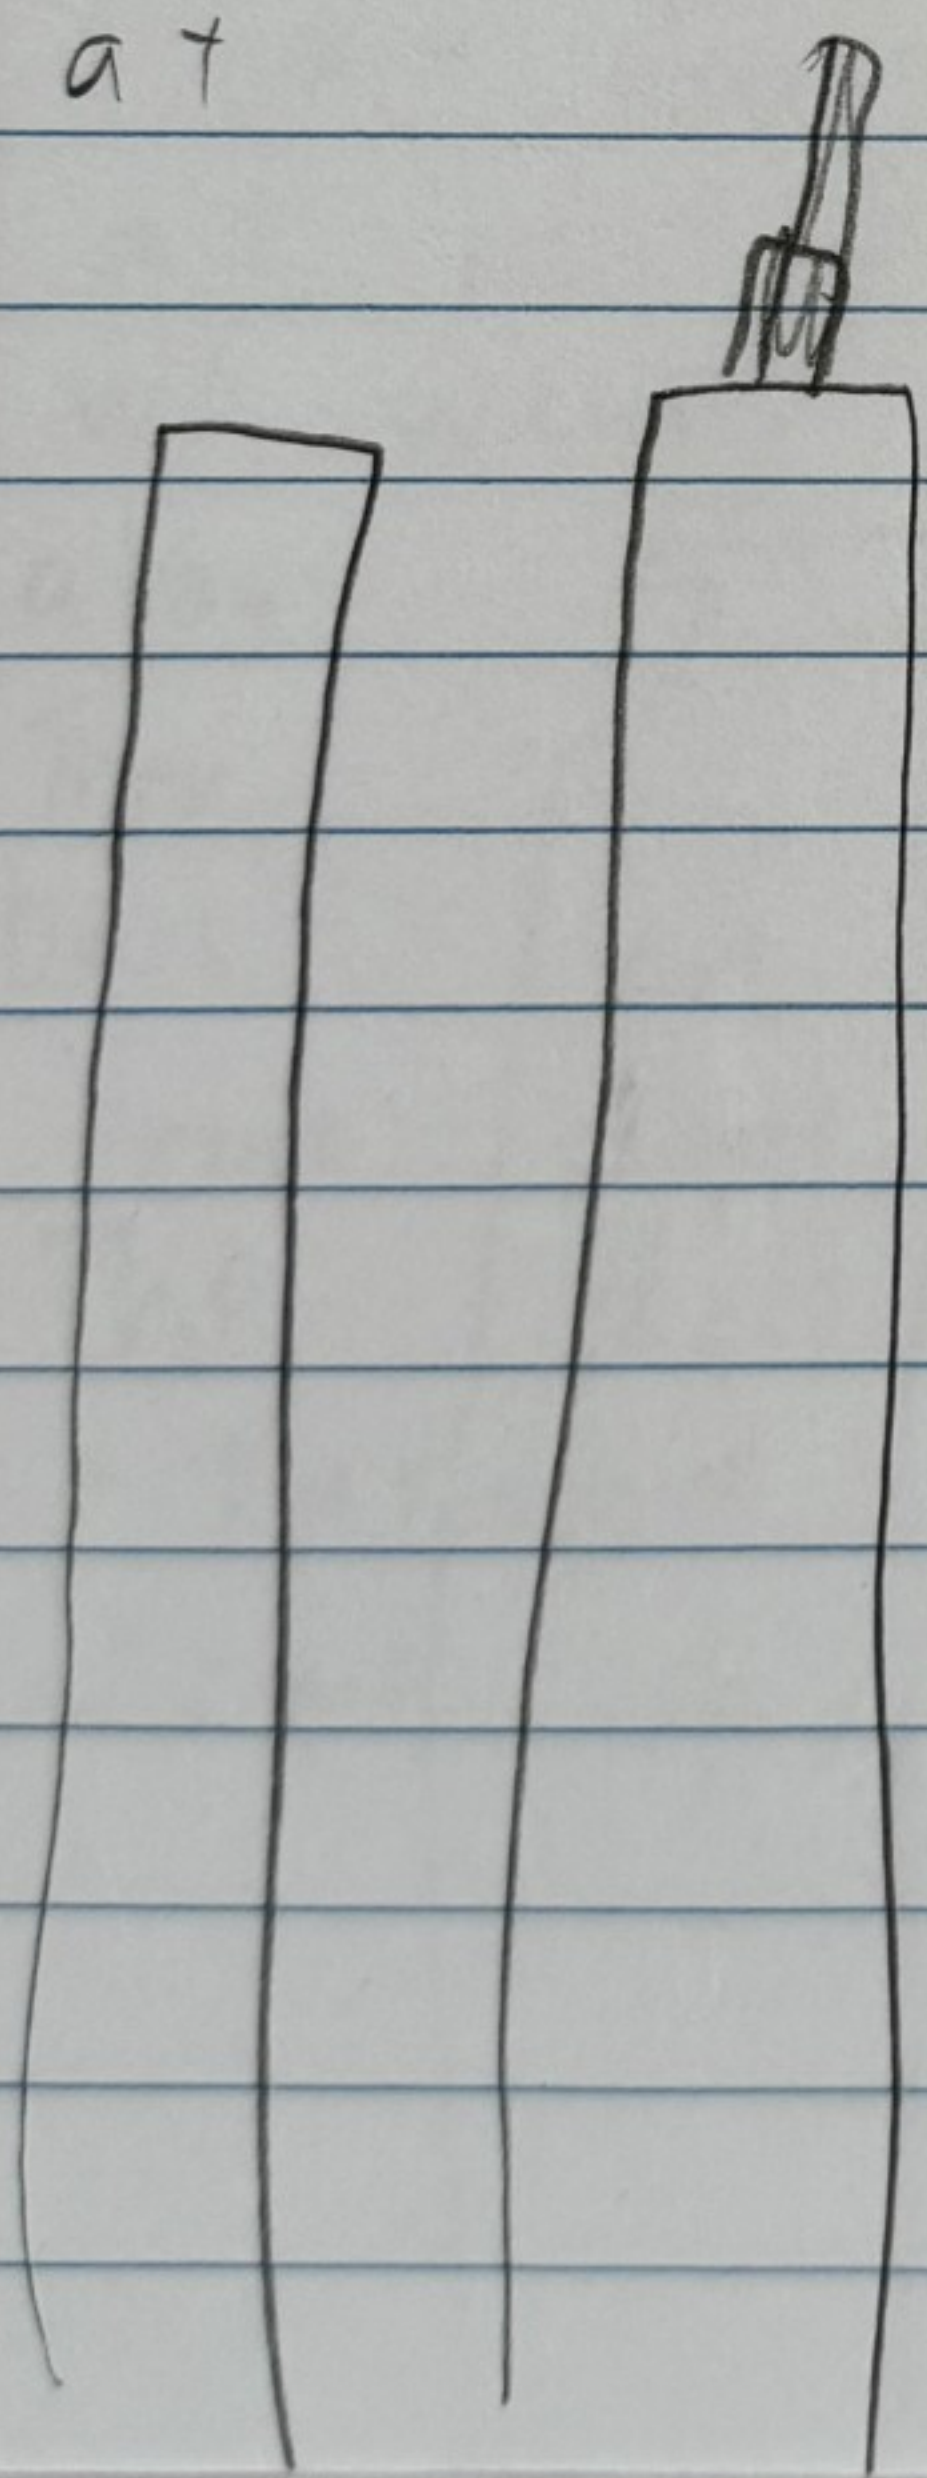

So I Got out of bed
and we Drove in to the
city. I couldn't believe we
were here and it's amazing
so anyway we Parked, and
Then we walked a bit
Next, we got in the
line to Go to The Statue
of Liberty so after 20 minutes
or so Then we hopped
on The boat and it went to
The Island, so we Got Out
and I Got a Smoothie, so
after That, we went in The
Platform after climbing stairs and
after That we were inside
The Statue
and we climbed
but it took forever
and after
a while we
were in her
crown and
we didn't
stay That
long. After
That we

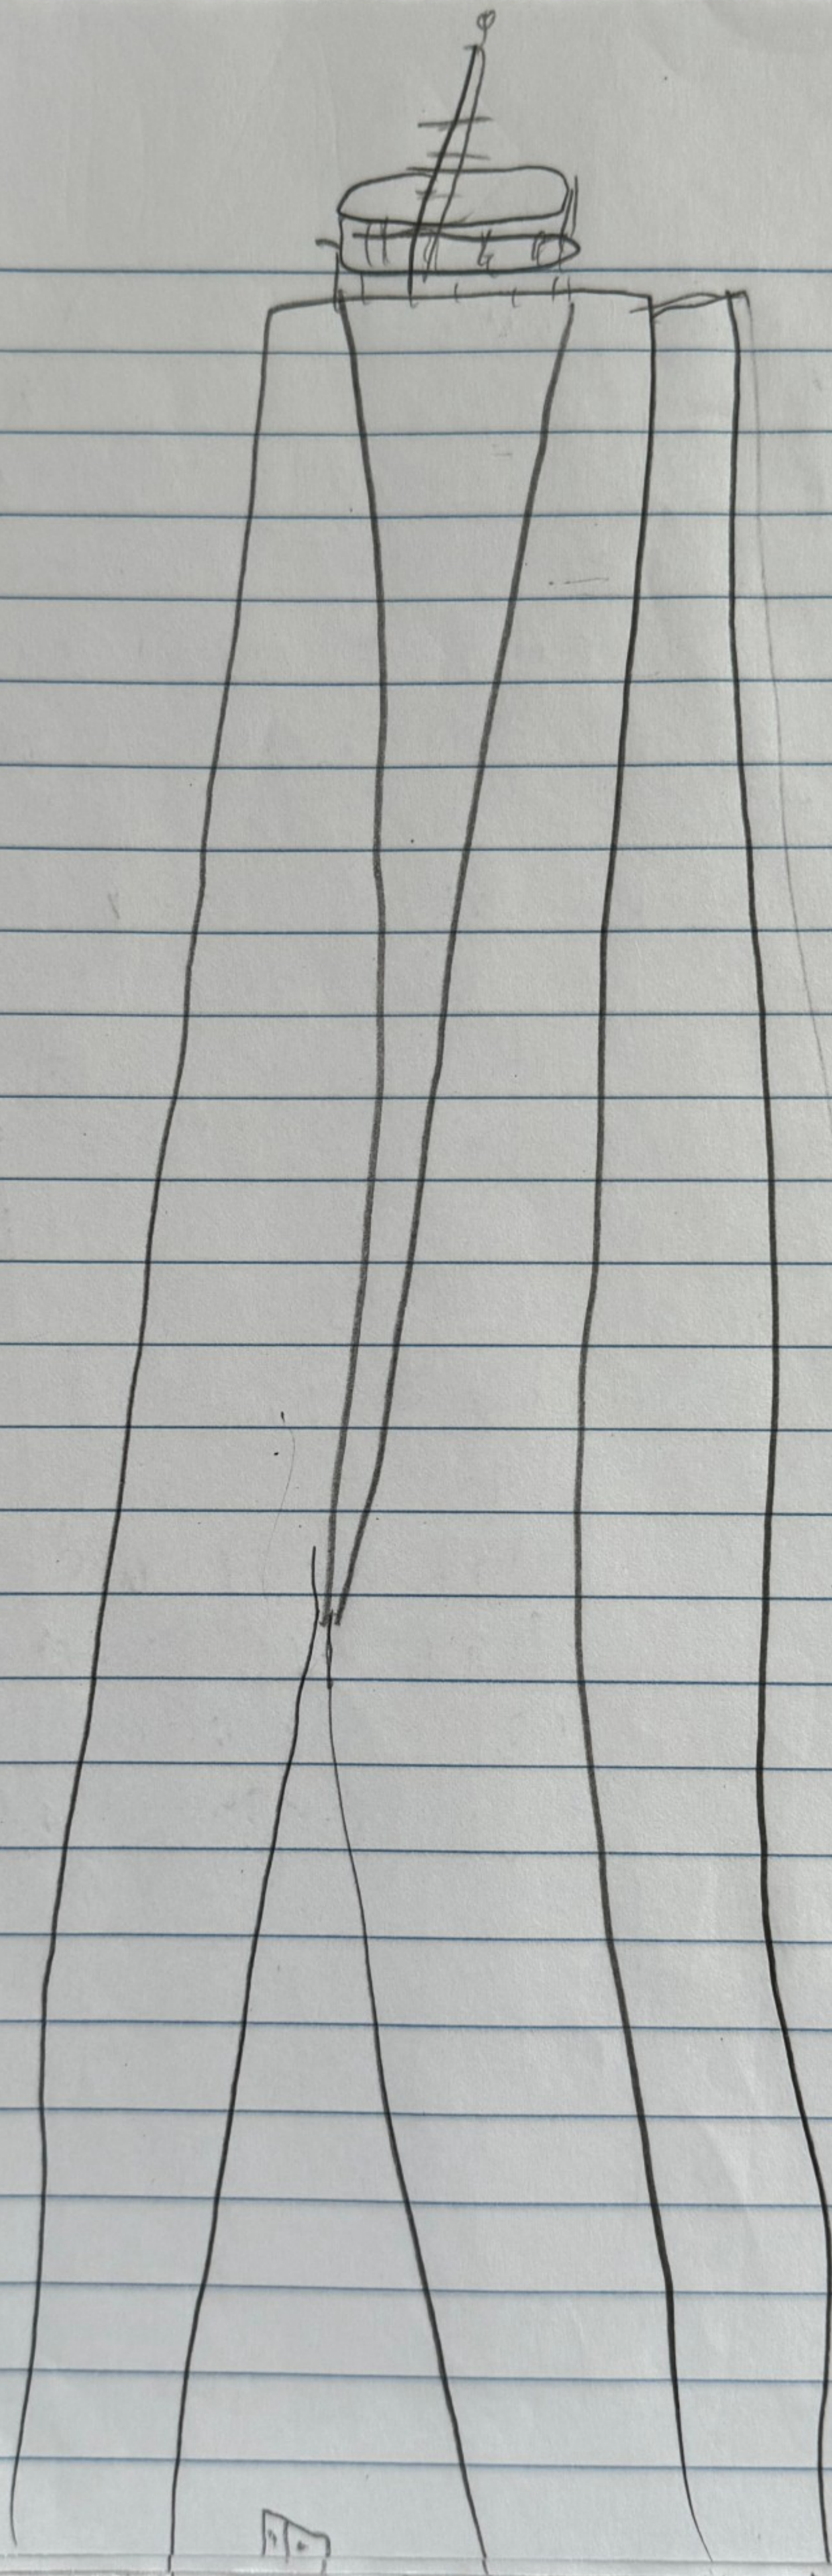

went DOWN and went to
 The shop and after That
 We went in an other building
 on the island and inside of it
 was a video about the Statue
 of liberty
 so then it started
 to rain a lot
 so we ran to the
 Shop and waited
 a little and at the
 then quickly ran to the
 boat and we were
 at Ellis Island and
 we went in a building
 about immigrants
 Then we went
 back Got in our car and ate
 some Food Then We looked at
 The Gill Pool Things and it
 started to drizzle so we
 went in the I World Trade Center

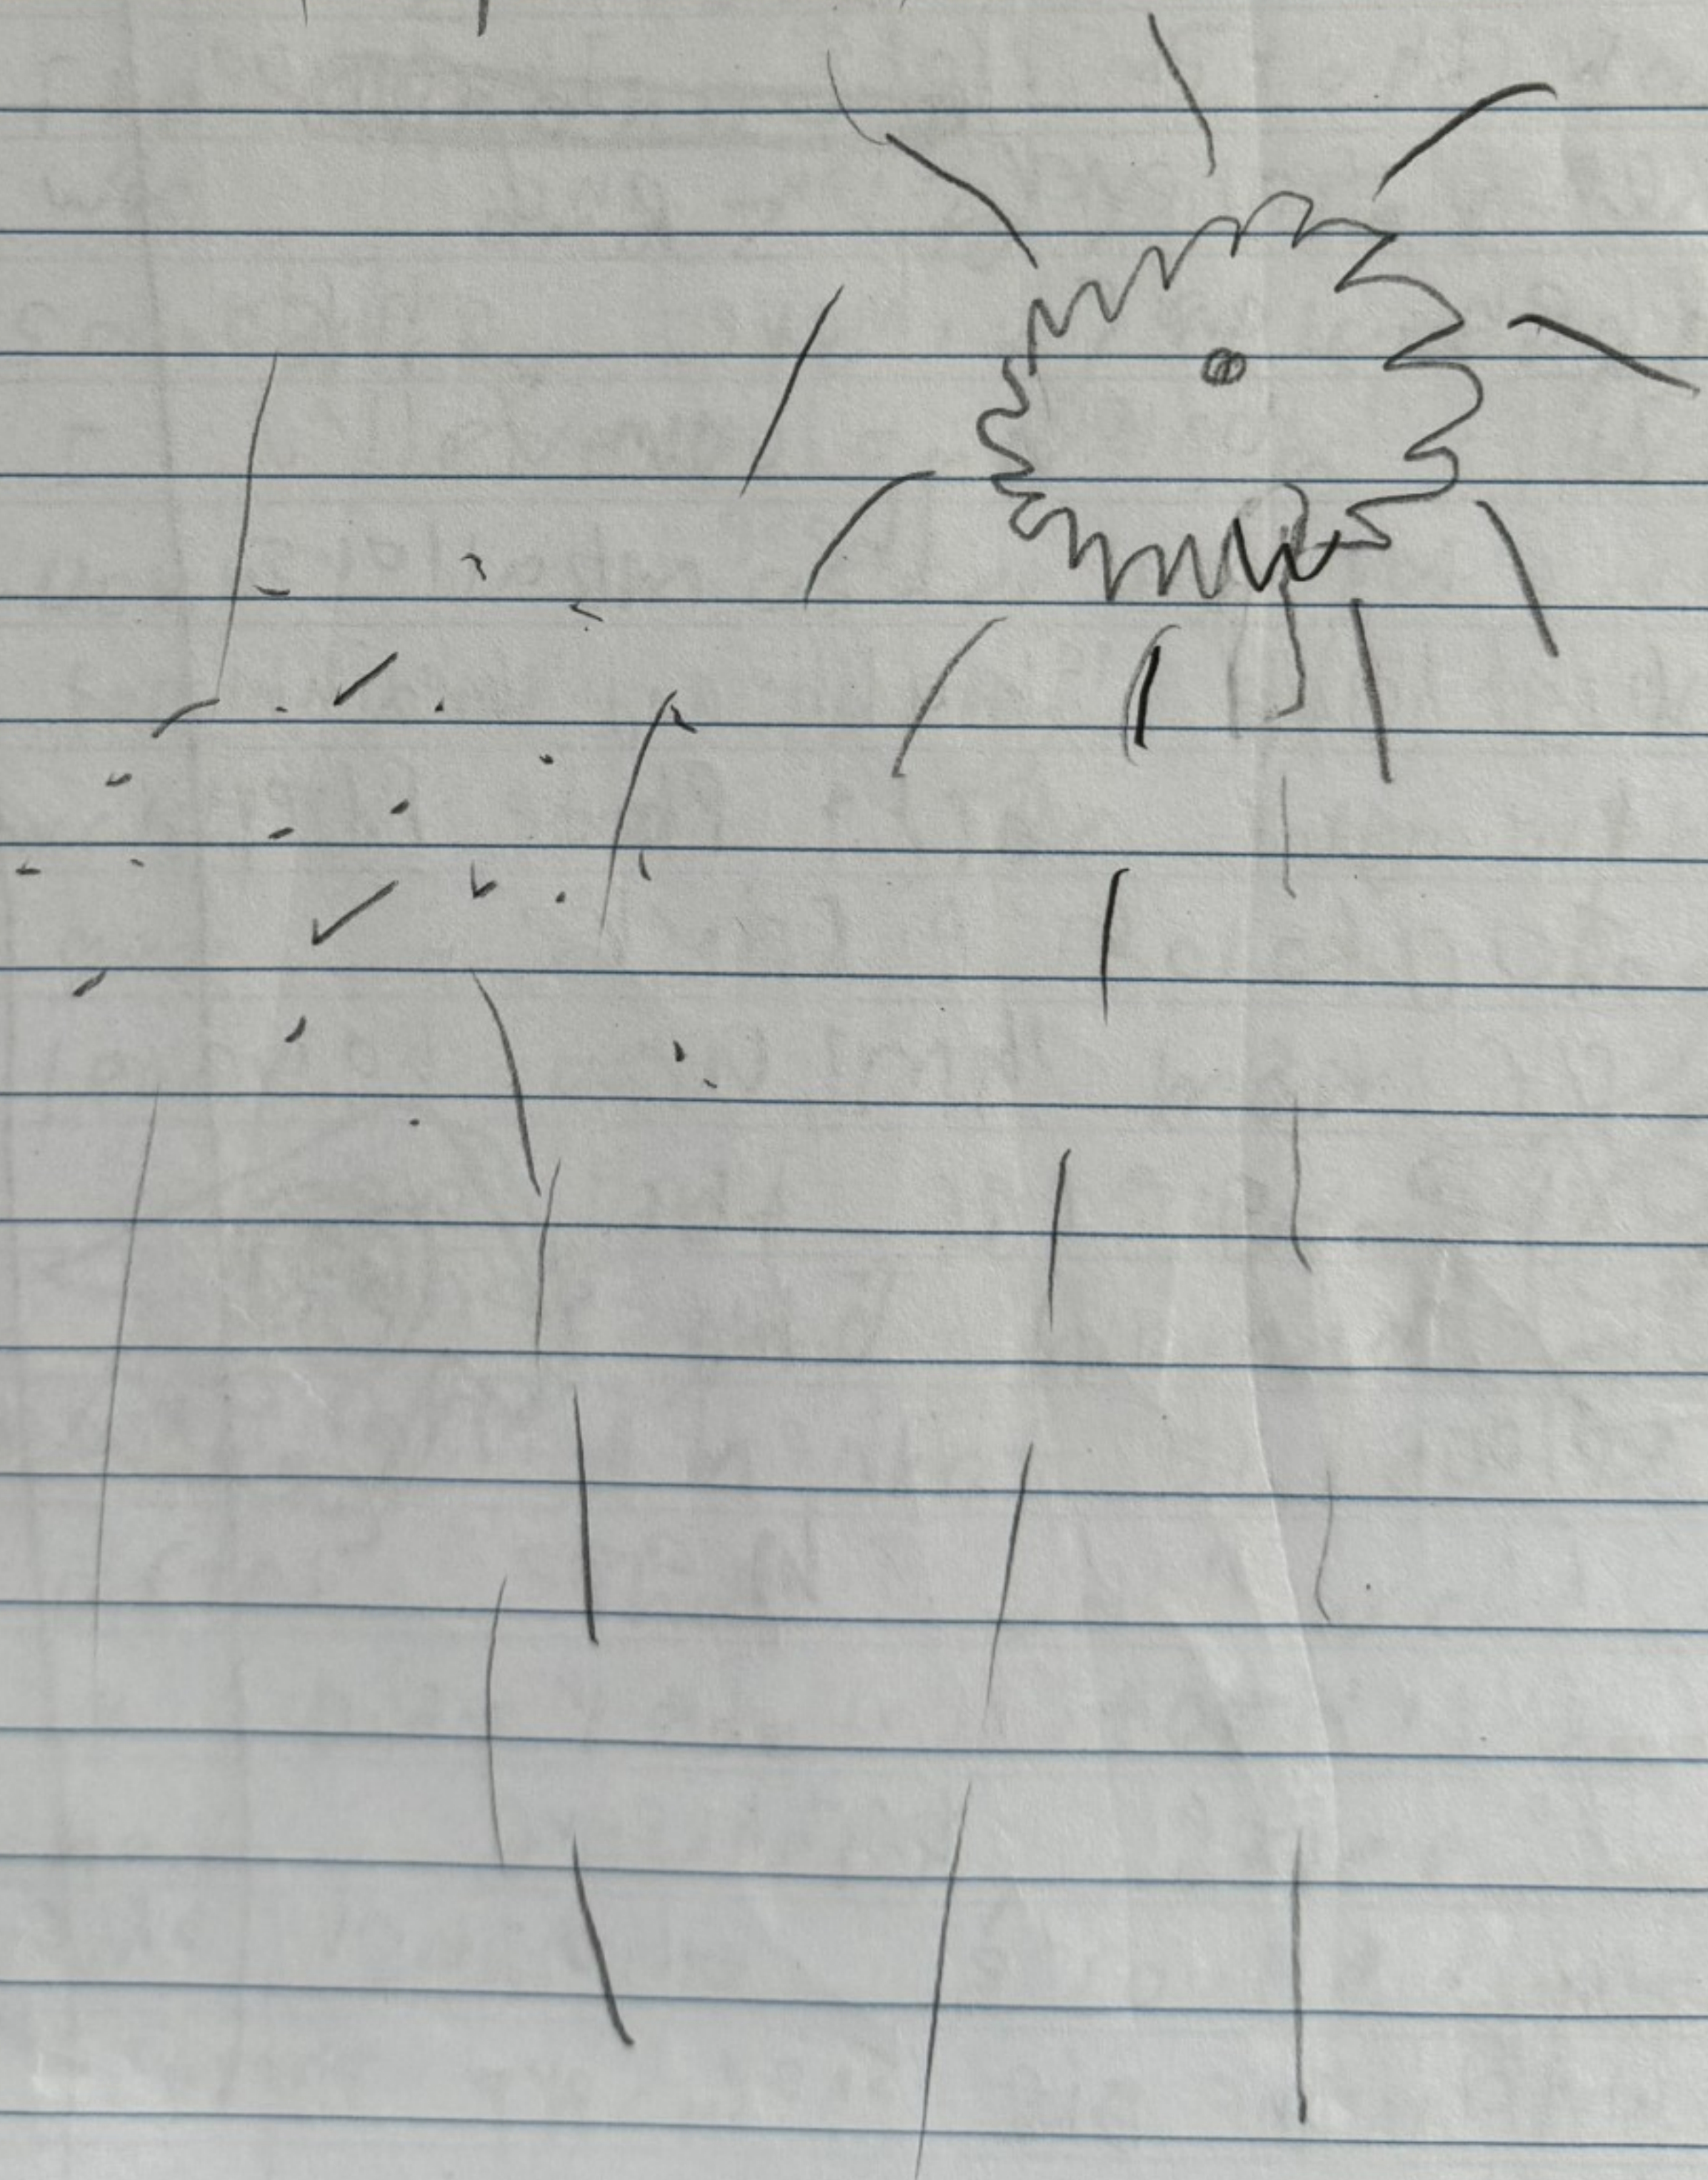

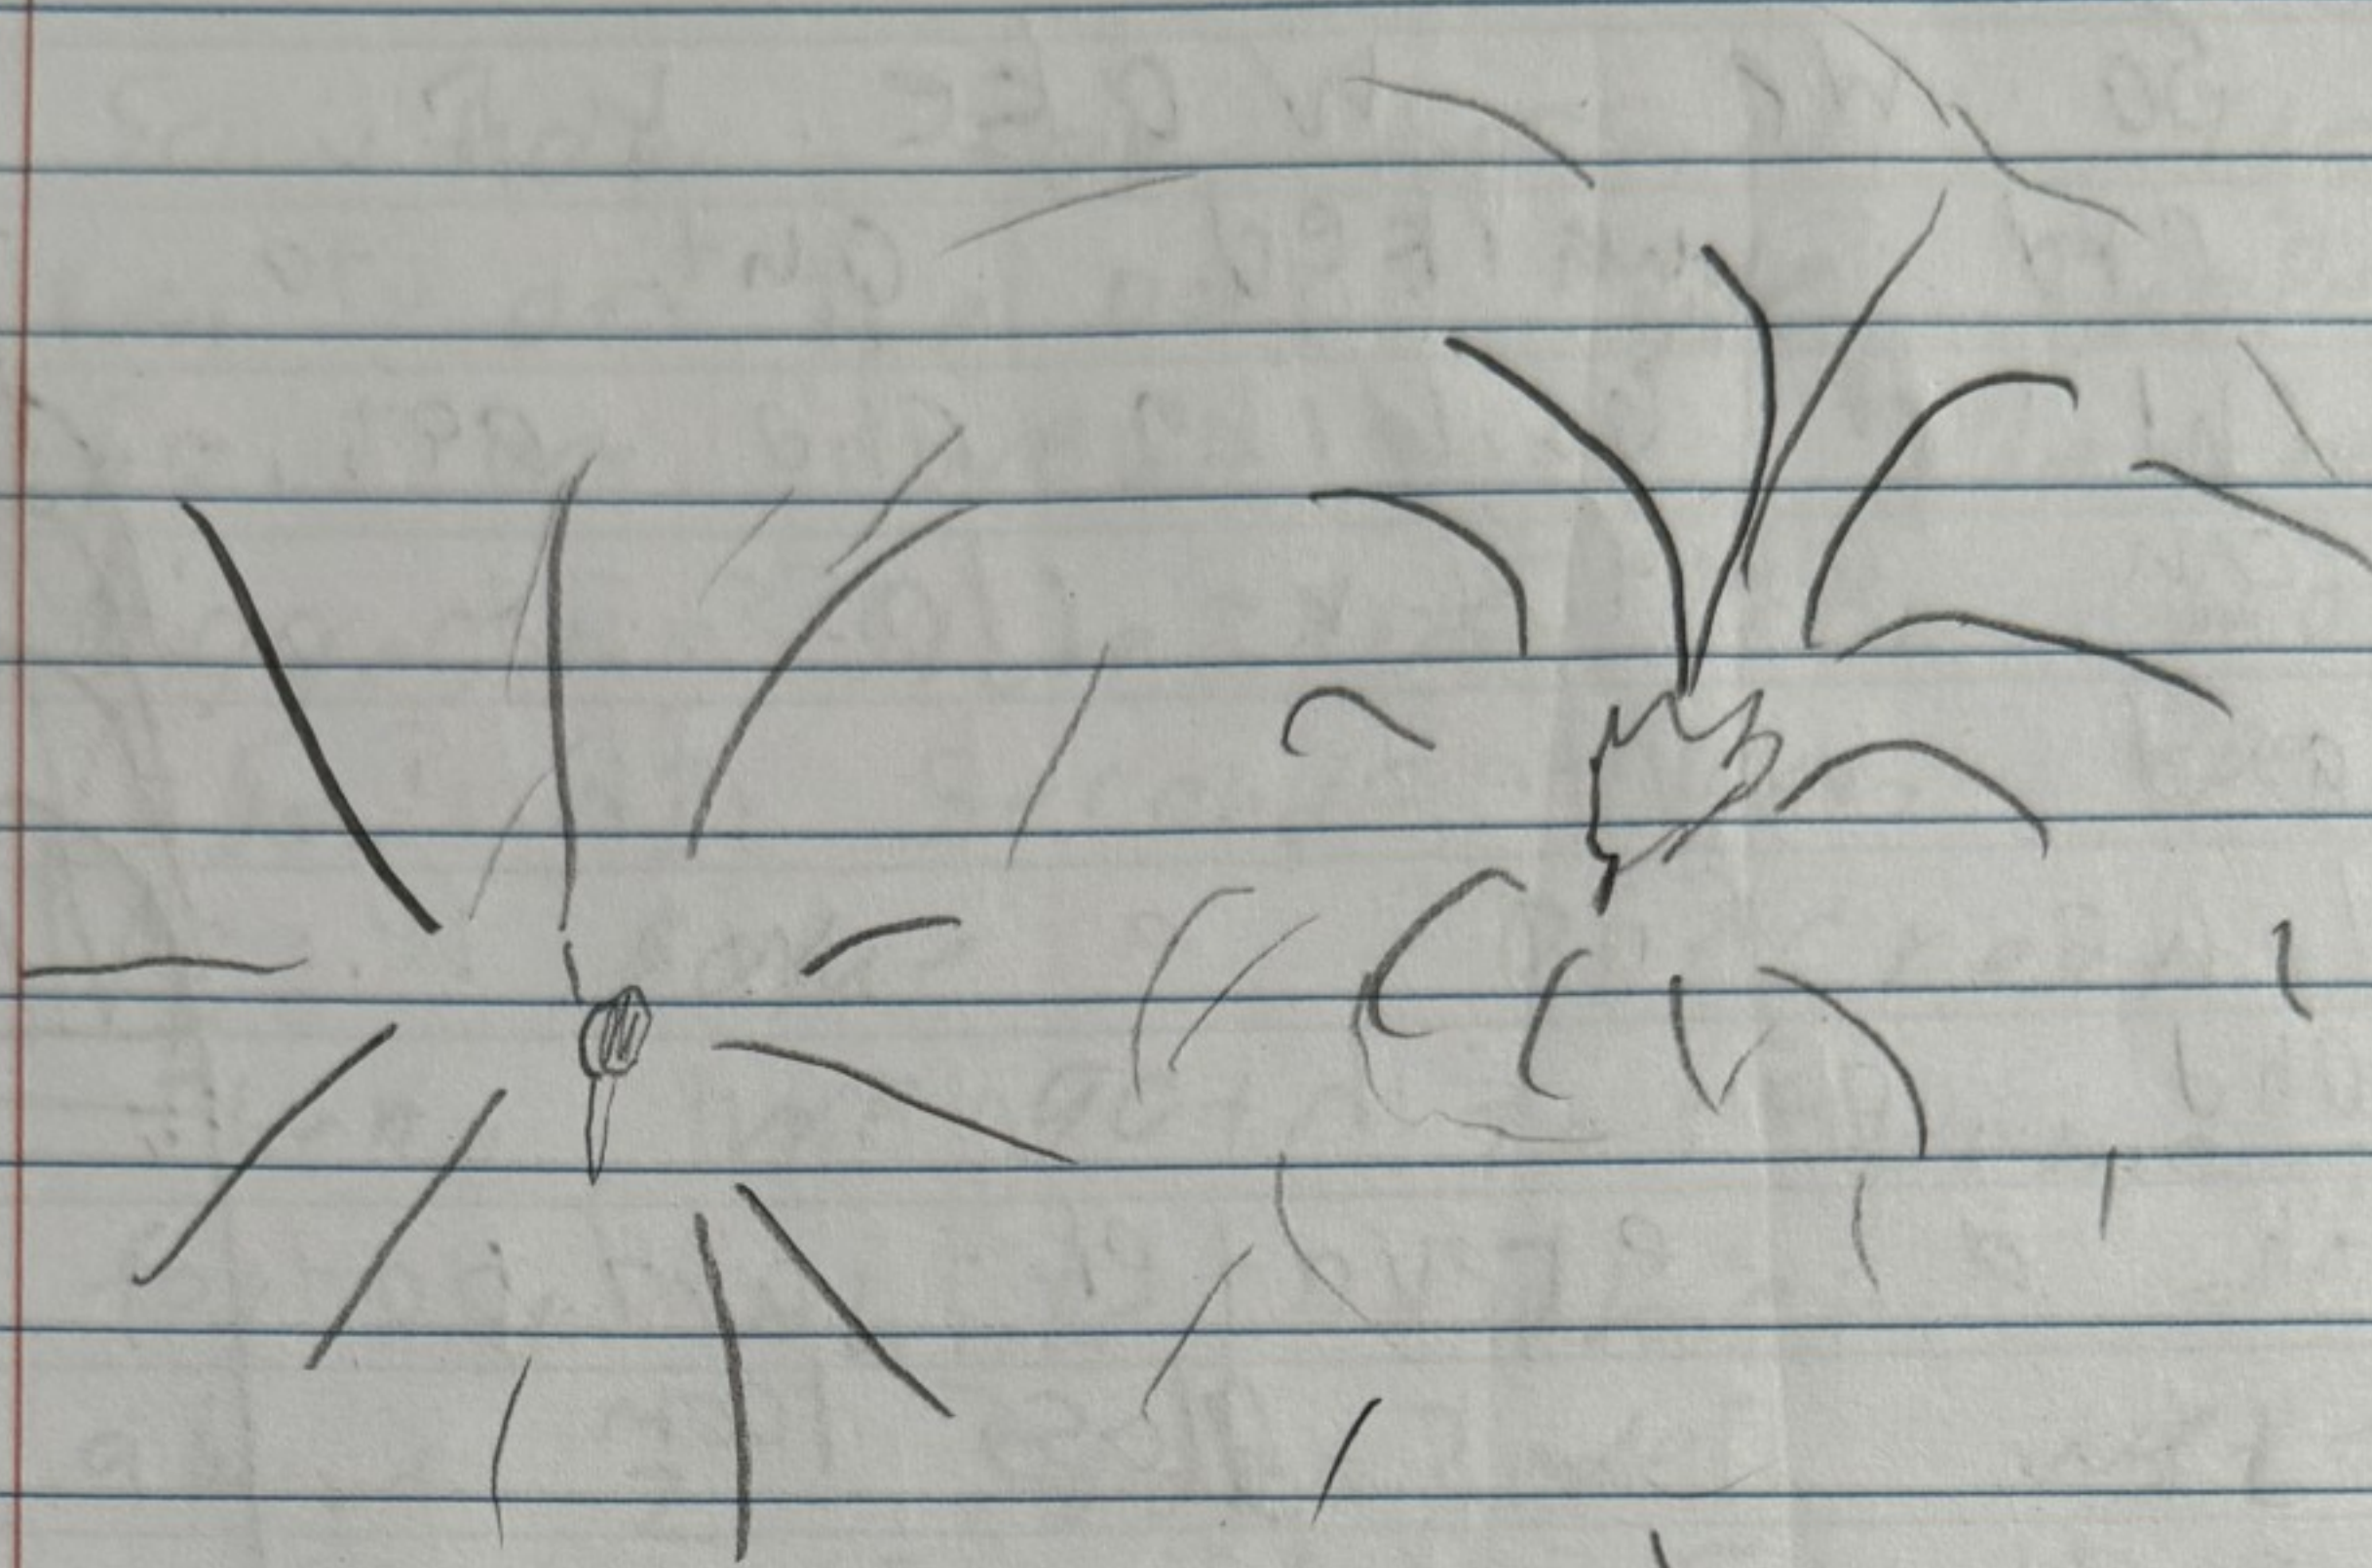

So we went inside and
went on the world's fastest
elevators and got these iPads
and looked outside for a while
and explored the building then
we left and drove to the 9.11
memorial so we got in
and looked at a few things
and moved on and saw parts
to the building and stuff.
Next, we saw a fire truck
and the interior of the
south tower. So we looked
at

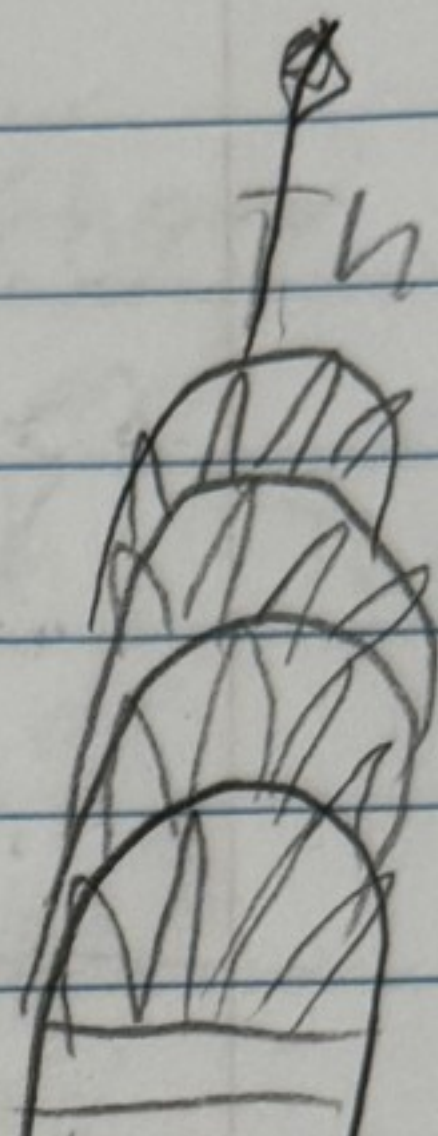

some other things and
then we went to the
gift shop and after
that we went in
our hotel for
the statue of July

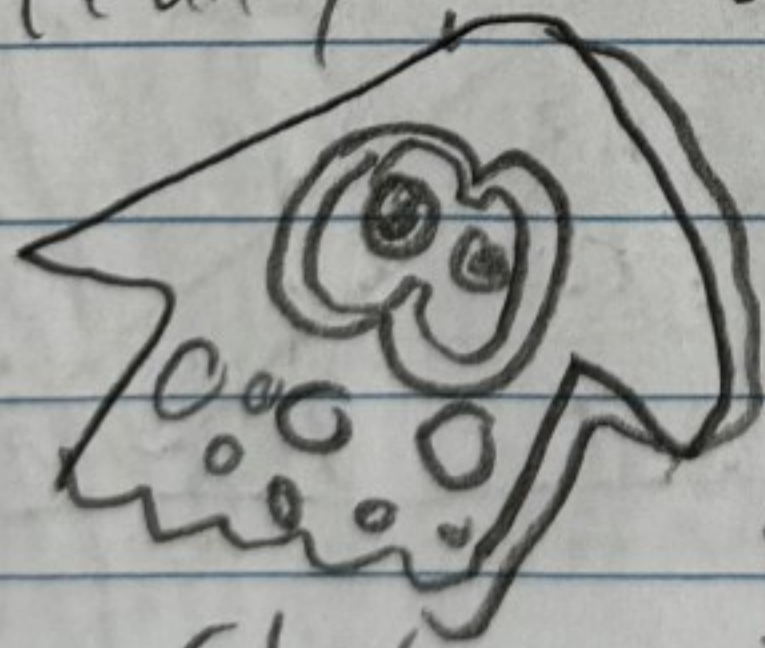

So we walked out
for a while and changed
our spot and waited
and went through the
line and watched
it for 15 minutes.
Then got water walked
to the hotel and slept

So we woke up
and walked out to the
christie building and got
an amazing crossant
and waited in this
like for a while
and got in went
in an elevator and got
in this glass room
with mirrors that go
on forever-ish and
then we moved on into
this balcony room filled
with all these balloons
big and small and medium
but our next place they
took a picture
of us in the box
and after that we
went on the second
floor of the mirror room and
it had these circles
everywhere. Then we
to the bathroom and
went to another room
until the gift shop and then
left

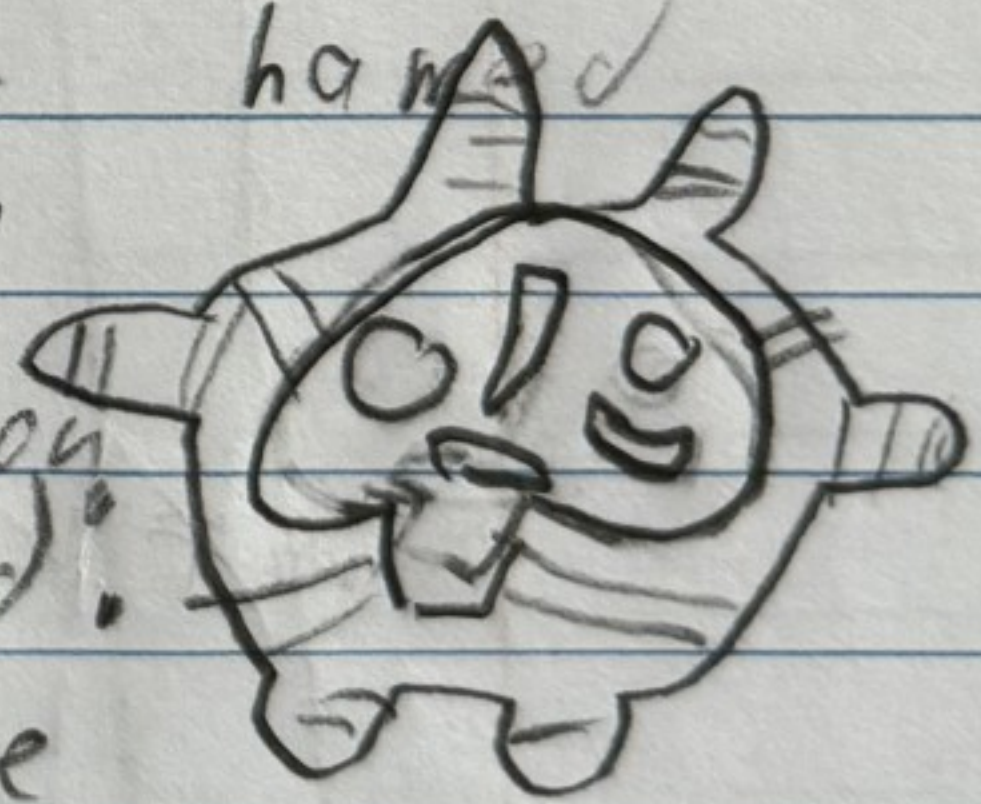

So now for basically the
rest of the day we shopped,
so we went to the worlds
biggest store just for mom for
about 2 seconds then we went
to some different shops
then we got to time square
for a while then after
about 2 shops we were at
the ~~Nintendo~~ store and it
was amazing! They were
sponsoring to k / splatoon / Mario and
I even saw a woman
down master sword in a
tall / at thing! Next we
went to the top and I
got a little kokoi hamed
leafy! and my mom

got a splatoon
squid hamed.

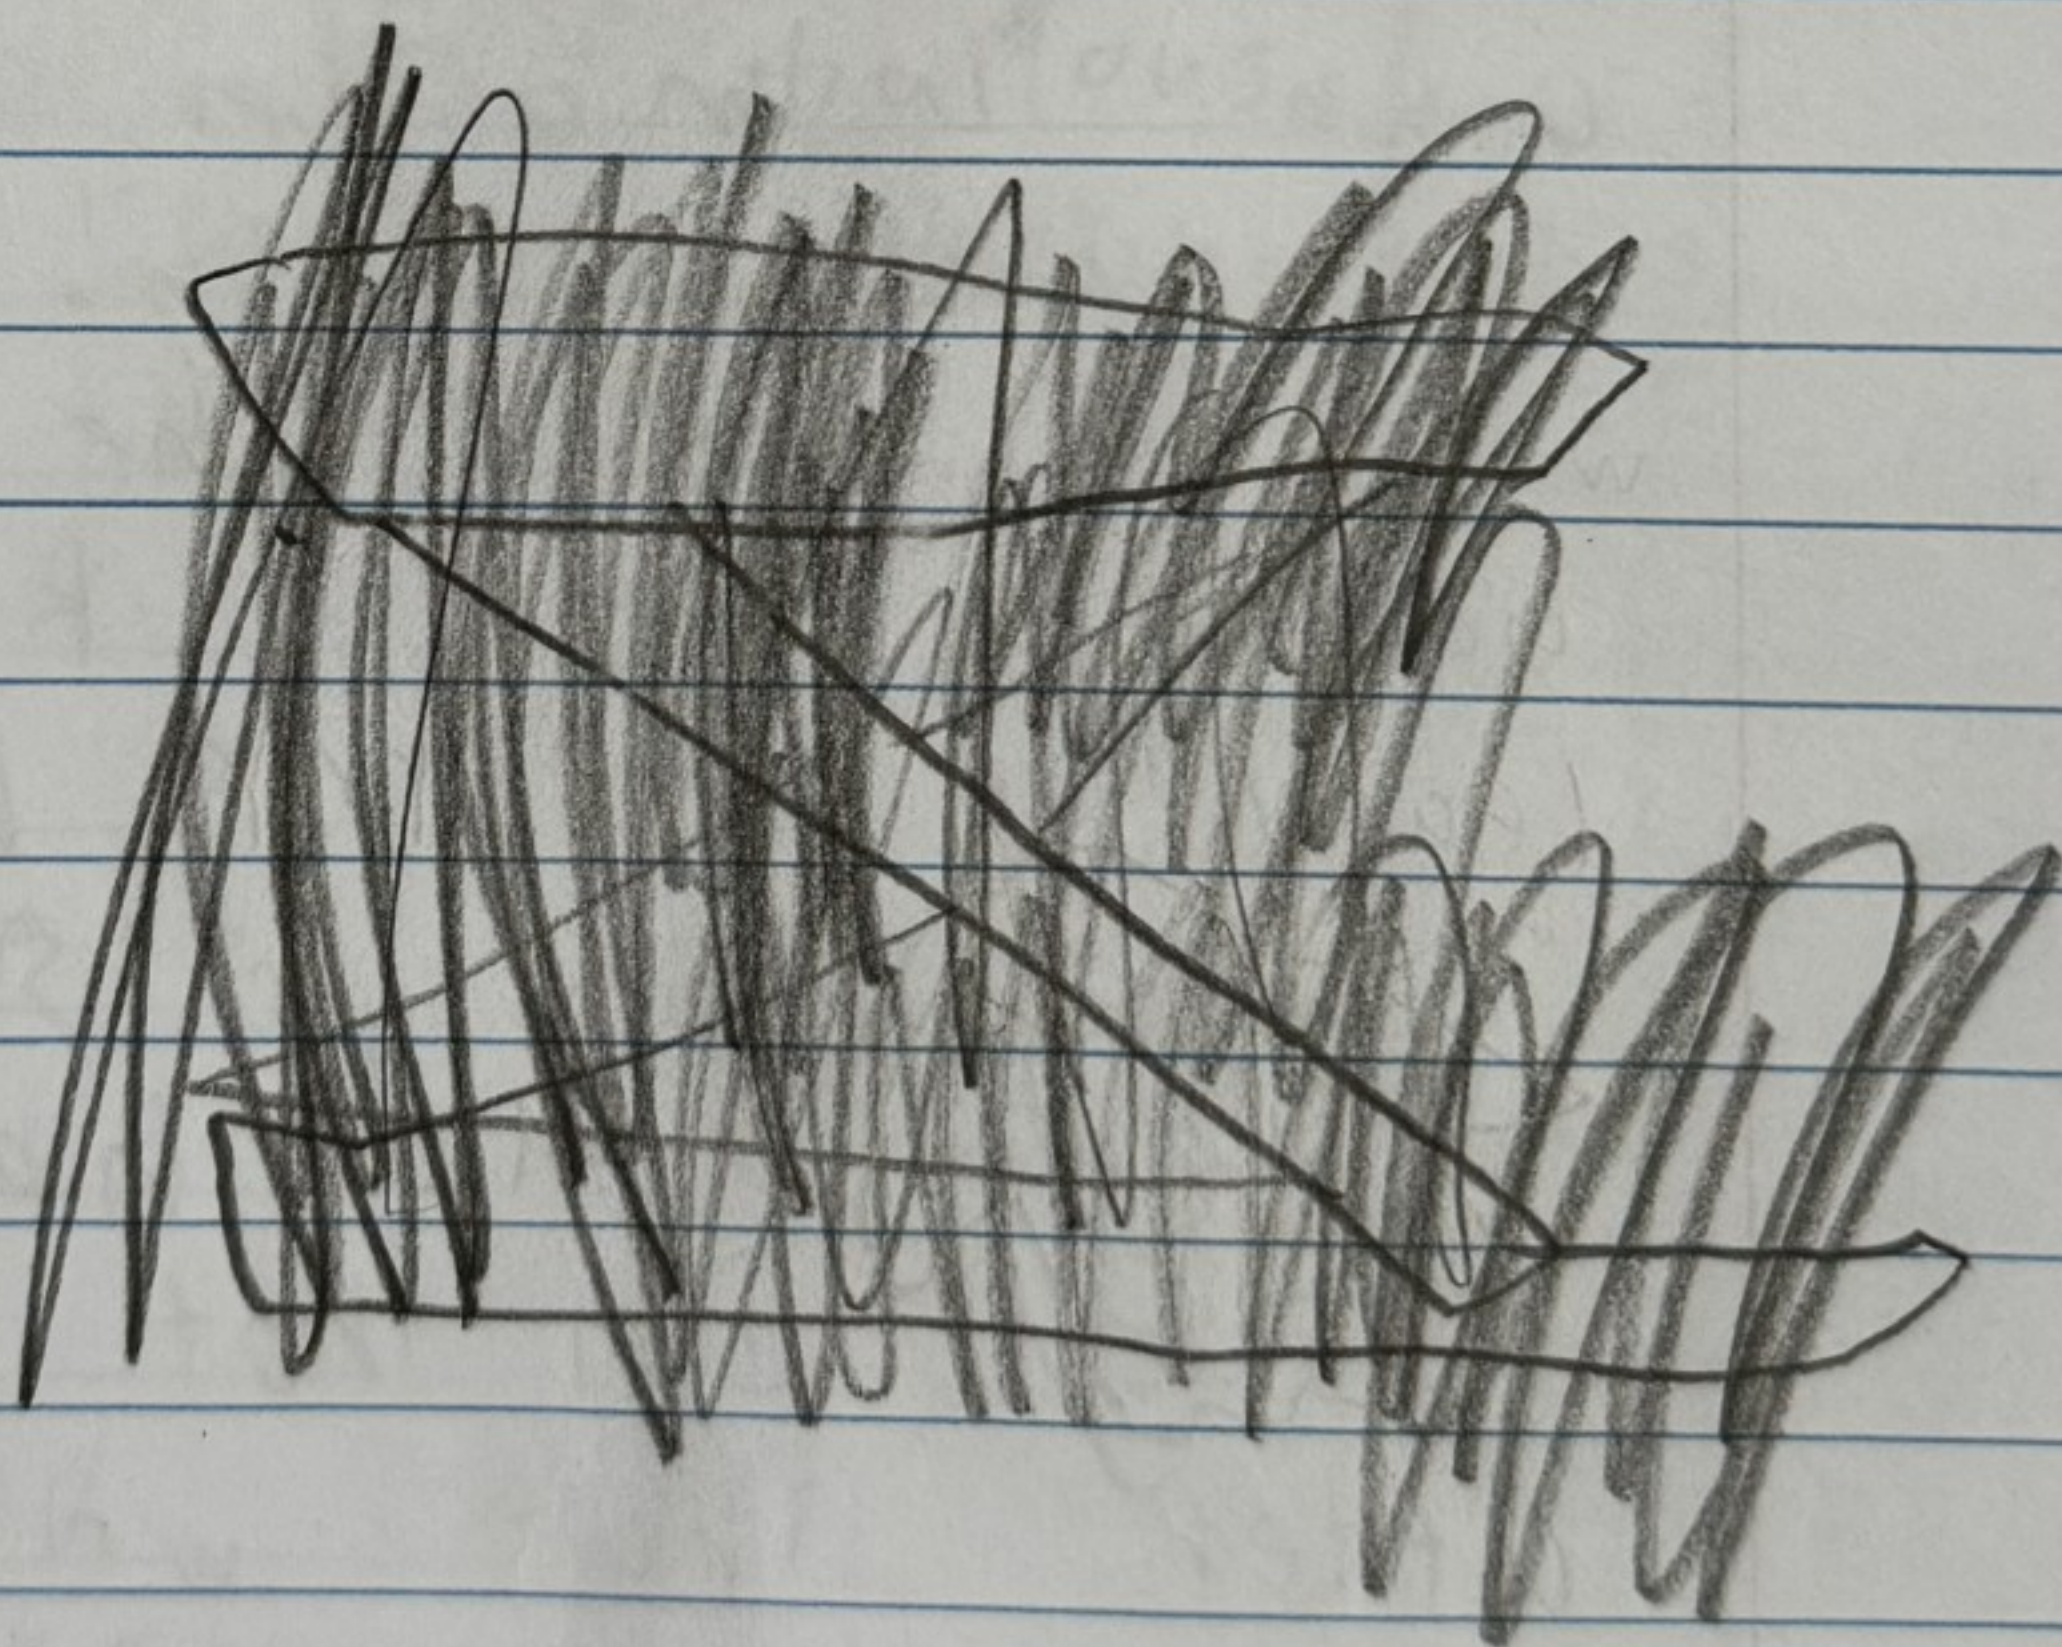

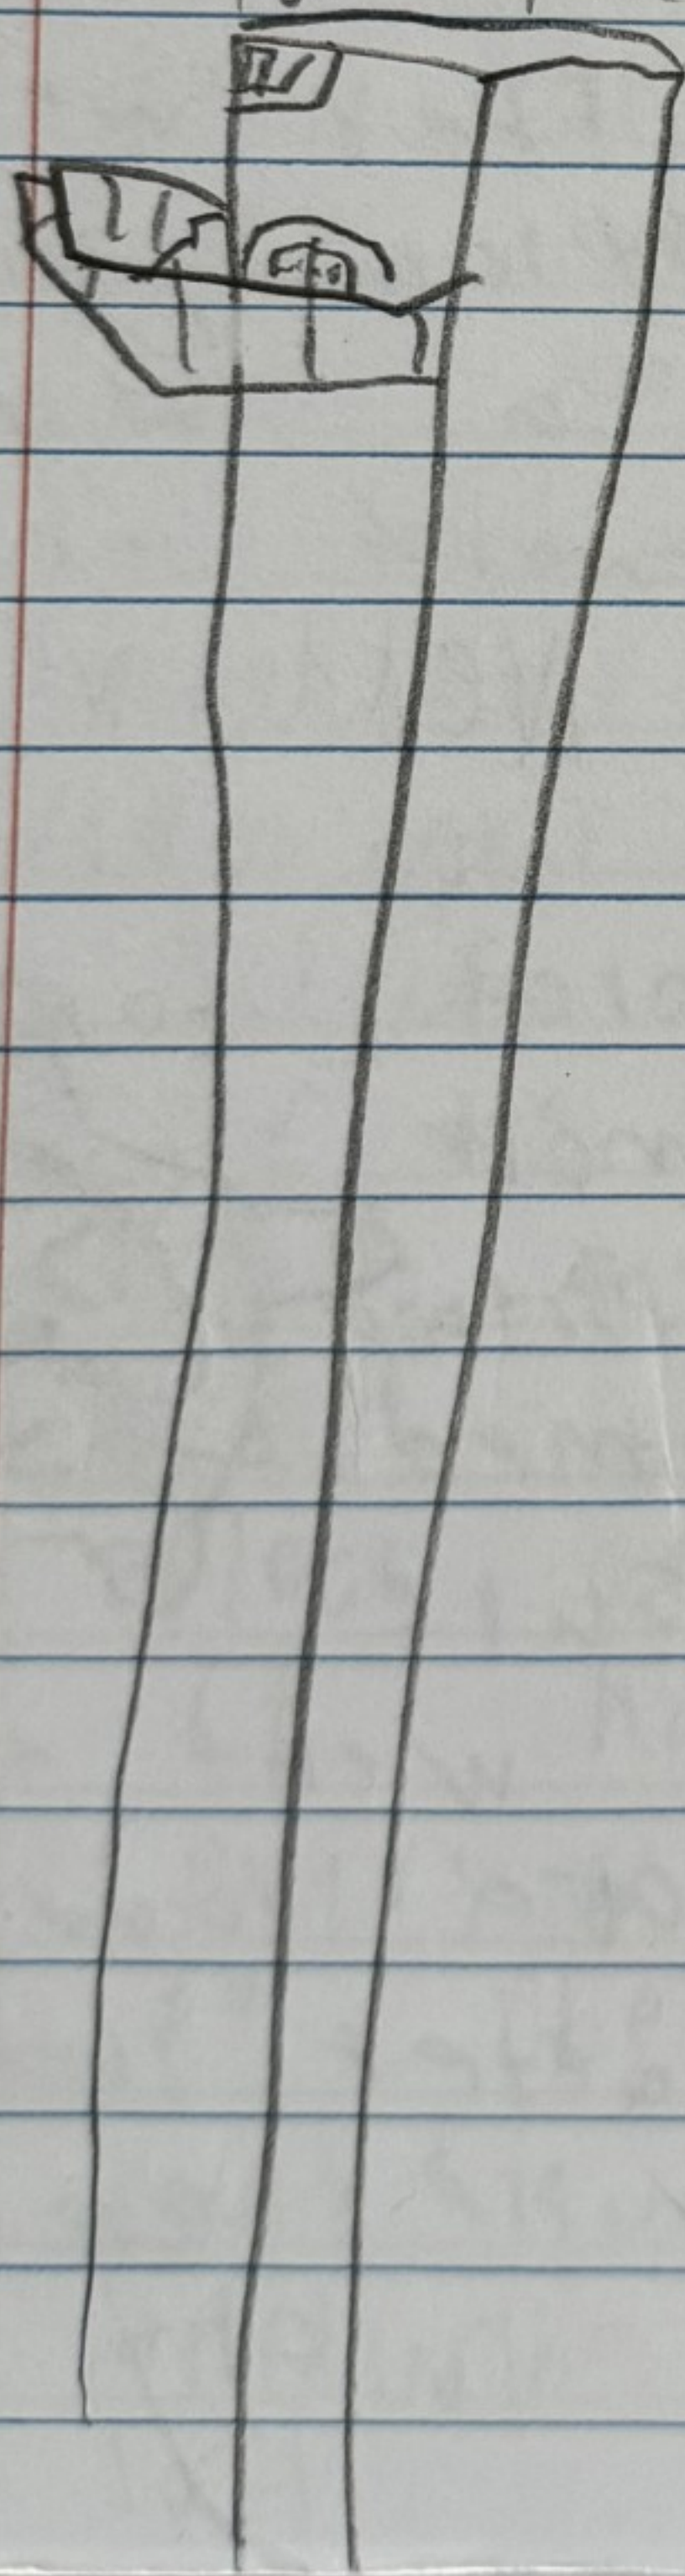

I'm not sure

after that we went to
a different store and it
had jewelry, after that
we went to a couple more
stores then we went

to The hotel and rested, Then
We called an uber to a tall building
So we got in and rode an elevator
up to 7 of the stories and looked
outside for a bit and watched
The sunset we went in for a bit
to shop and then back out for
a while Then we went to
The bathroom Then we left to go
to The hotel, Then I slept...

DAY

So we woke up and went
to that same place I got
a crossant, and I got that same
one again and for a while

we walked in central park
so I wasted 10 bucks on a
smoothie then walked hear

a fountain and saw a
turtle ^{or tortle or turtle} and because

The fight to I drew
him on a stick pole.

So we kept walking and
went over a bridge and
took a picture. So we

walked back and called a
uber back to our hotel to

unpack and then we
had a four hour drive

and I got some McDonalds chicken

AND I ORDERED TEN
AND THEY
GAVE ME
AND I'M MAD -157

So Yeah What was even worse? two things we wasted 10 Dollars on a claw machine and we wasted our turnes! 2! My Dad ate 1 of my nuggets so I had 8! well after that we arrived in Rhode island. leaving New York was... Sad it was like our trip was over. after 2 years of waiting... I spent 2 days and it was so fun, but sad to leave. Now the highlight of our trip was over but our trip wasn't! So we arrived

Nuggets. where some random people lived and it was huge and it had a beautiful view to! it was awesome! So after about 30-40 minutes we left.

so after driving 30-60
minutes we arrived at
our hotel so we stayed 1h
and 20 minutes later
I went swimming for 20
minutes and scared + tickled
my dad, and get tickled
by my brother for a while
Then we took a shower
SEPERATELY!!! OK?
So yeah then I went to
bed and slept

DAY 9

So I woke up baked in bed for a while Then got dressed for breakfast and I had a lot of food

Then we got in the car and left to go to Boston

So after a while we got there OH it's like New Yorks Younger brother

So we got in a parking garage and went to the

building to go to the bathroom Then we went

to a ... I don't even know statue! After That

we went to a

couple of places and shopped a bit Then we got

lunch and after That we went shopping and we walked

to the Flat Ground where we ... Well played and after That

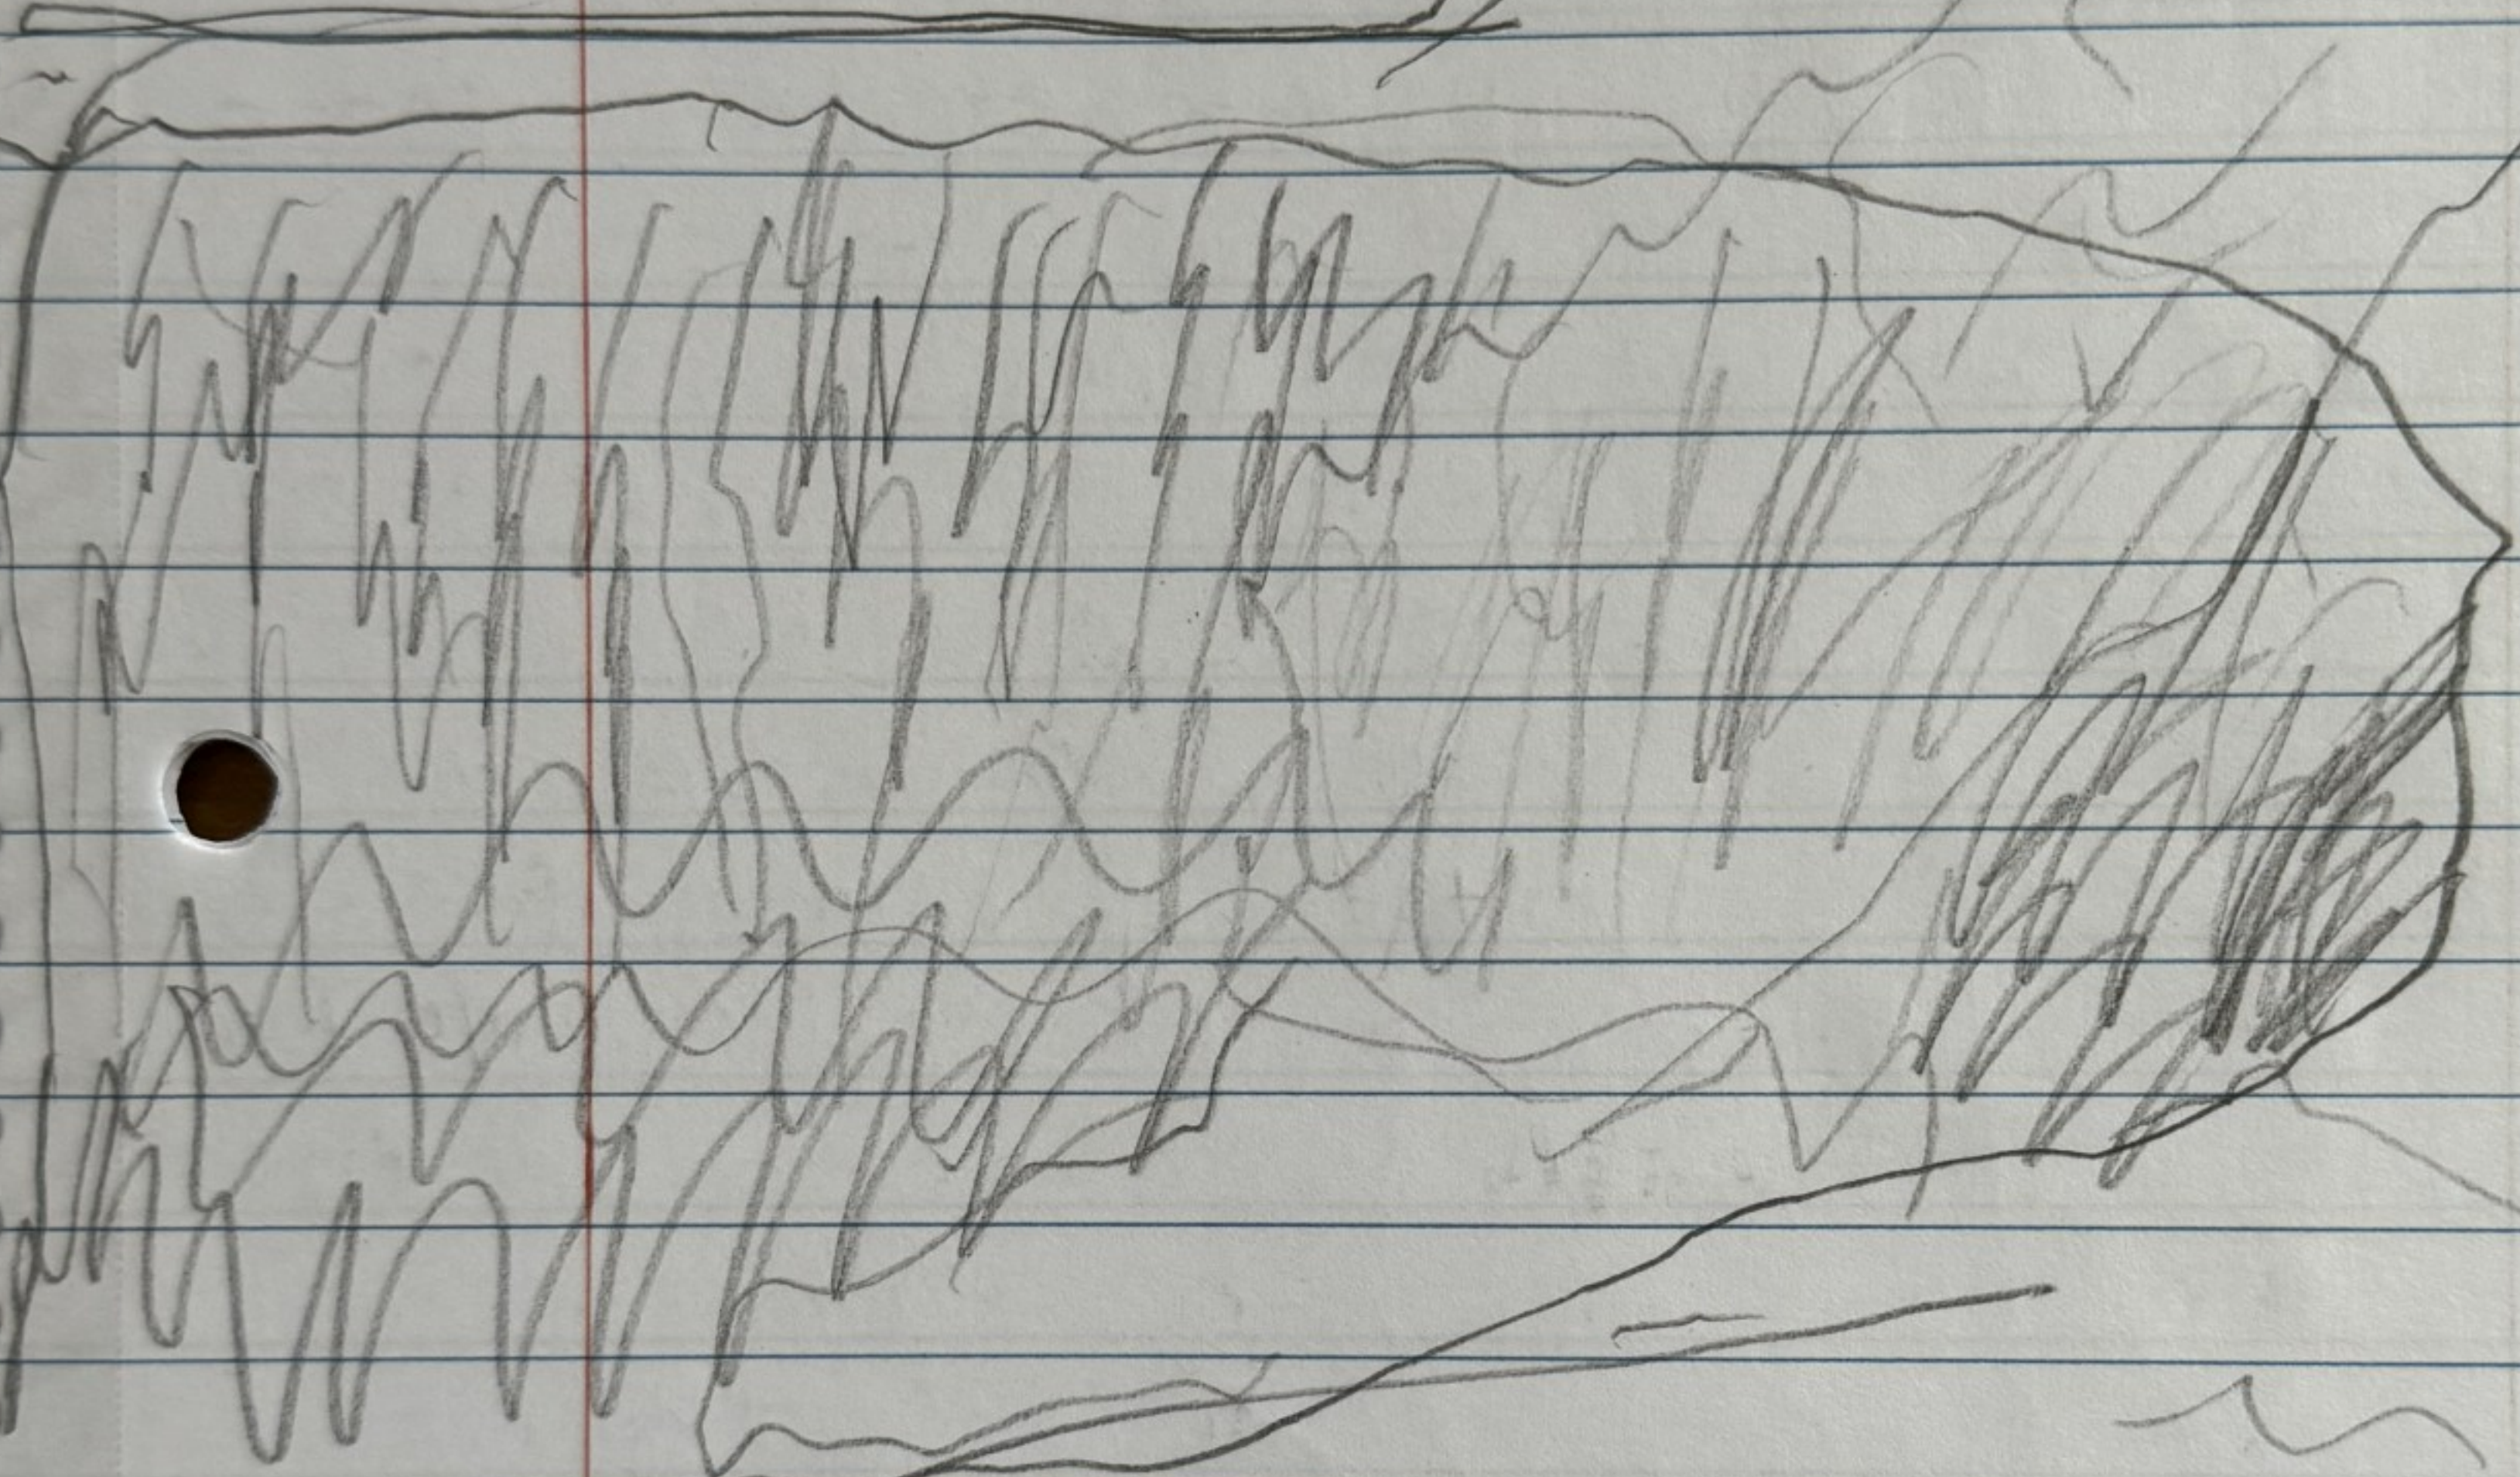

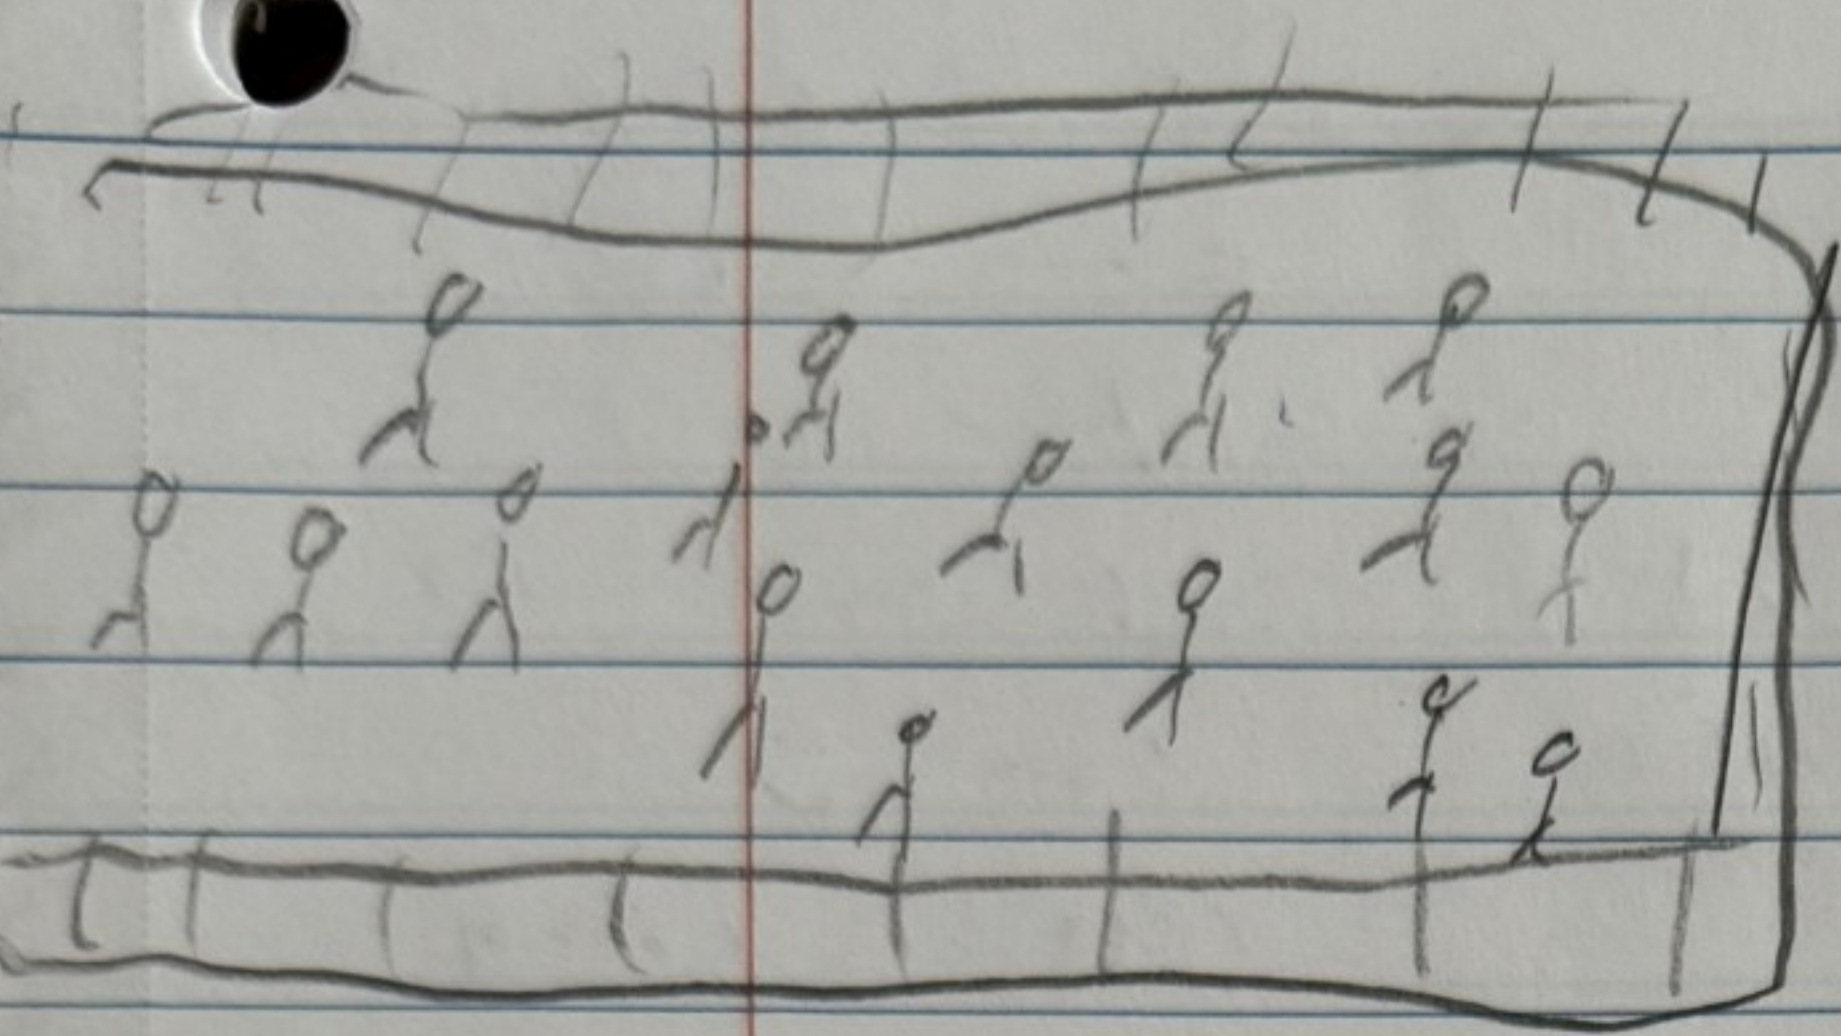

we walked to our car

and drove. so I played my Game for a while Then I yawned and after 1 hour

we stopped at Starbucks to
go to the bathroom and then
30 minutes later we got to a
HIPPO and I got some water
and after a while I ordered
a pizza and after I ate it
we shopped a bit. Then
we drove to our hotel
and when we got there
I was ready to swim
I felt the water and
it felt like Satan transformed
it to water, it was so cold!
It was only 72 degrees! It was
the coldest thing there and ever
where. So I was depressed in
the pool and felt terrible
but I got in all the
way and dunked my head
in a couple of times then
I dried off and struggled
to fall asleep but it was
fine, and I did sleep well.
NEXT!

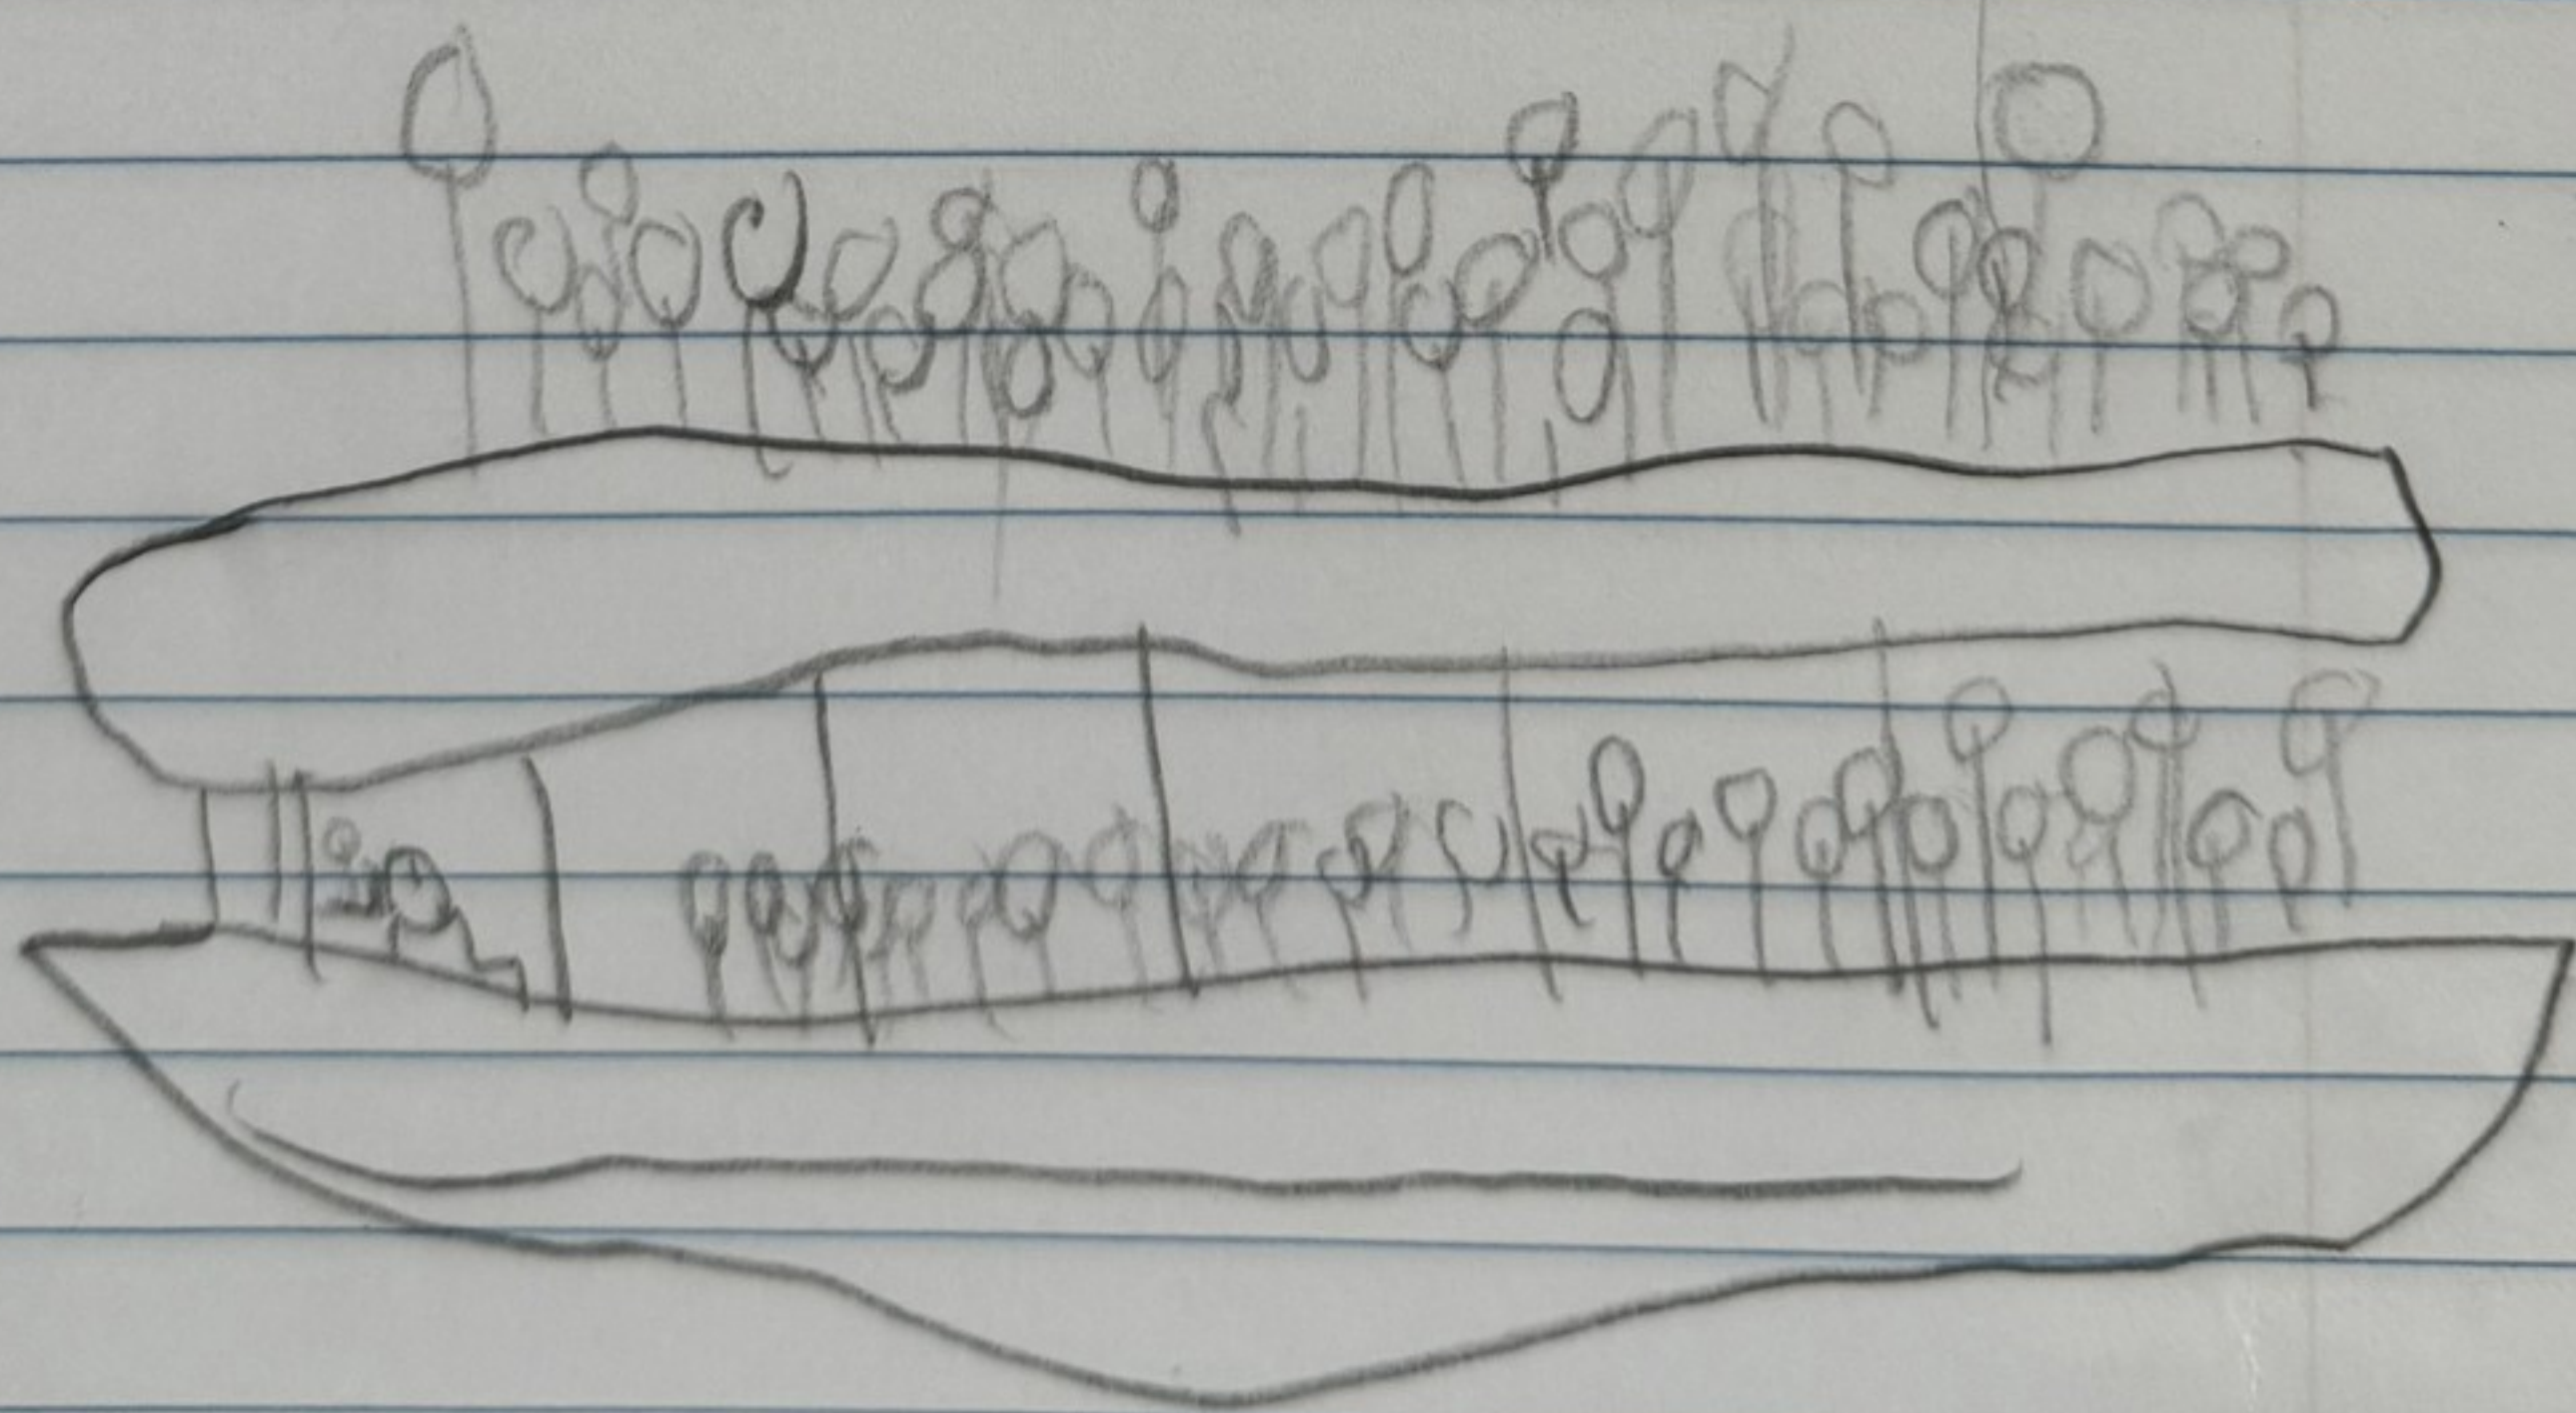

DA YAO!

So I woke up and I
wouldn't get out of bed for like
30 minutes. Then I got
dressed and went down
for breakfast while my parents
unpacked. So after 25 minutes
we were ready to go. So
we left and ended up at
a place where we went to
the bathroom, then left with
some snacks. Then after a
while we stopped at Popeyes
for some chicken. So we had
some extra chicken and didn't
eat it all so we saved
some for later. Then
we drove to Niagara Falls!

W

So we arrived and walked
for a while and after
that we arrived at a little
shop and left for Isha
Park to see the falls, and
after that we went back
in the gift shop then got
in line so for a while
we waited, 20 minutes, we got
our tickets, but I was
thirsting to death, it was
worse than the Sautubie
Pool! So ten minutes
pass, nothing to make? No Pe
Siver? NO WAY. So 30 minutes
we got to the elevator
and we got to a boat

So we road Threw Niagara
Falls for a bit and

Then it was a lot of water
falling on us and it was
terrifying! So after a bit

We were done and we
waited for this line

for 45 minutes then got out
to ~~do~~ a bridge "under the
falls" and we got soaked and

I got to the top of the
bridge, and my saddle

got lost in there but

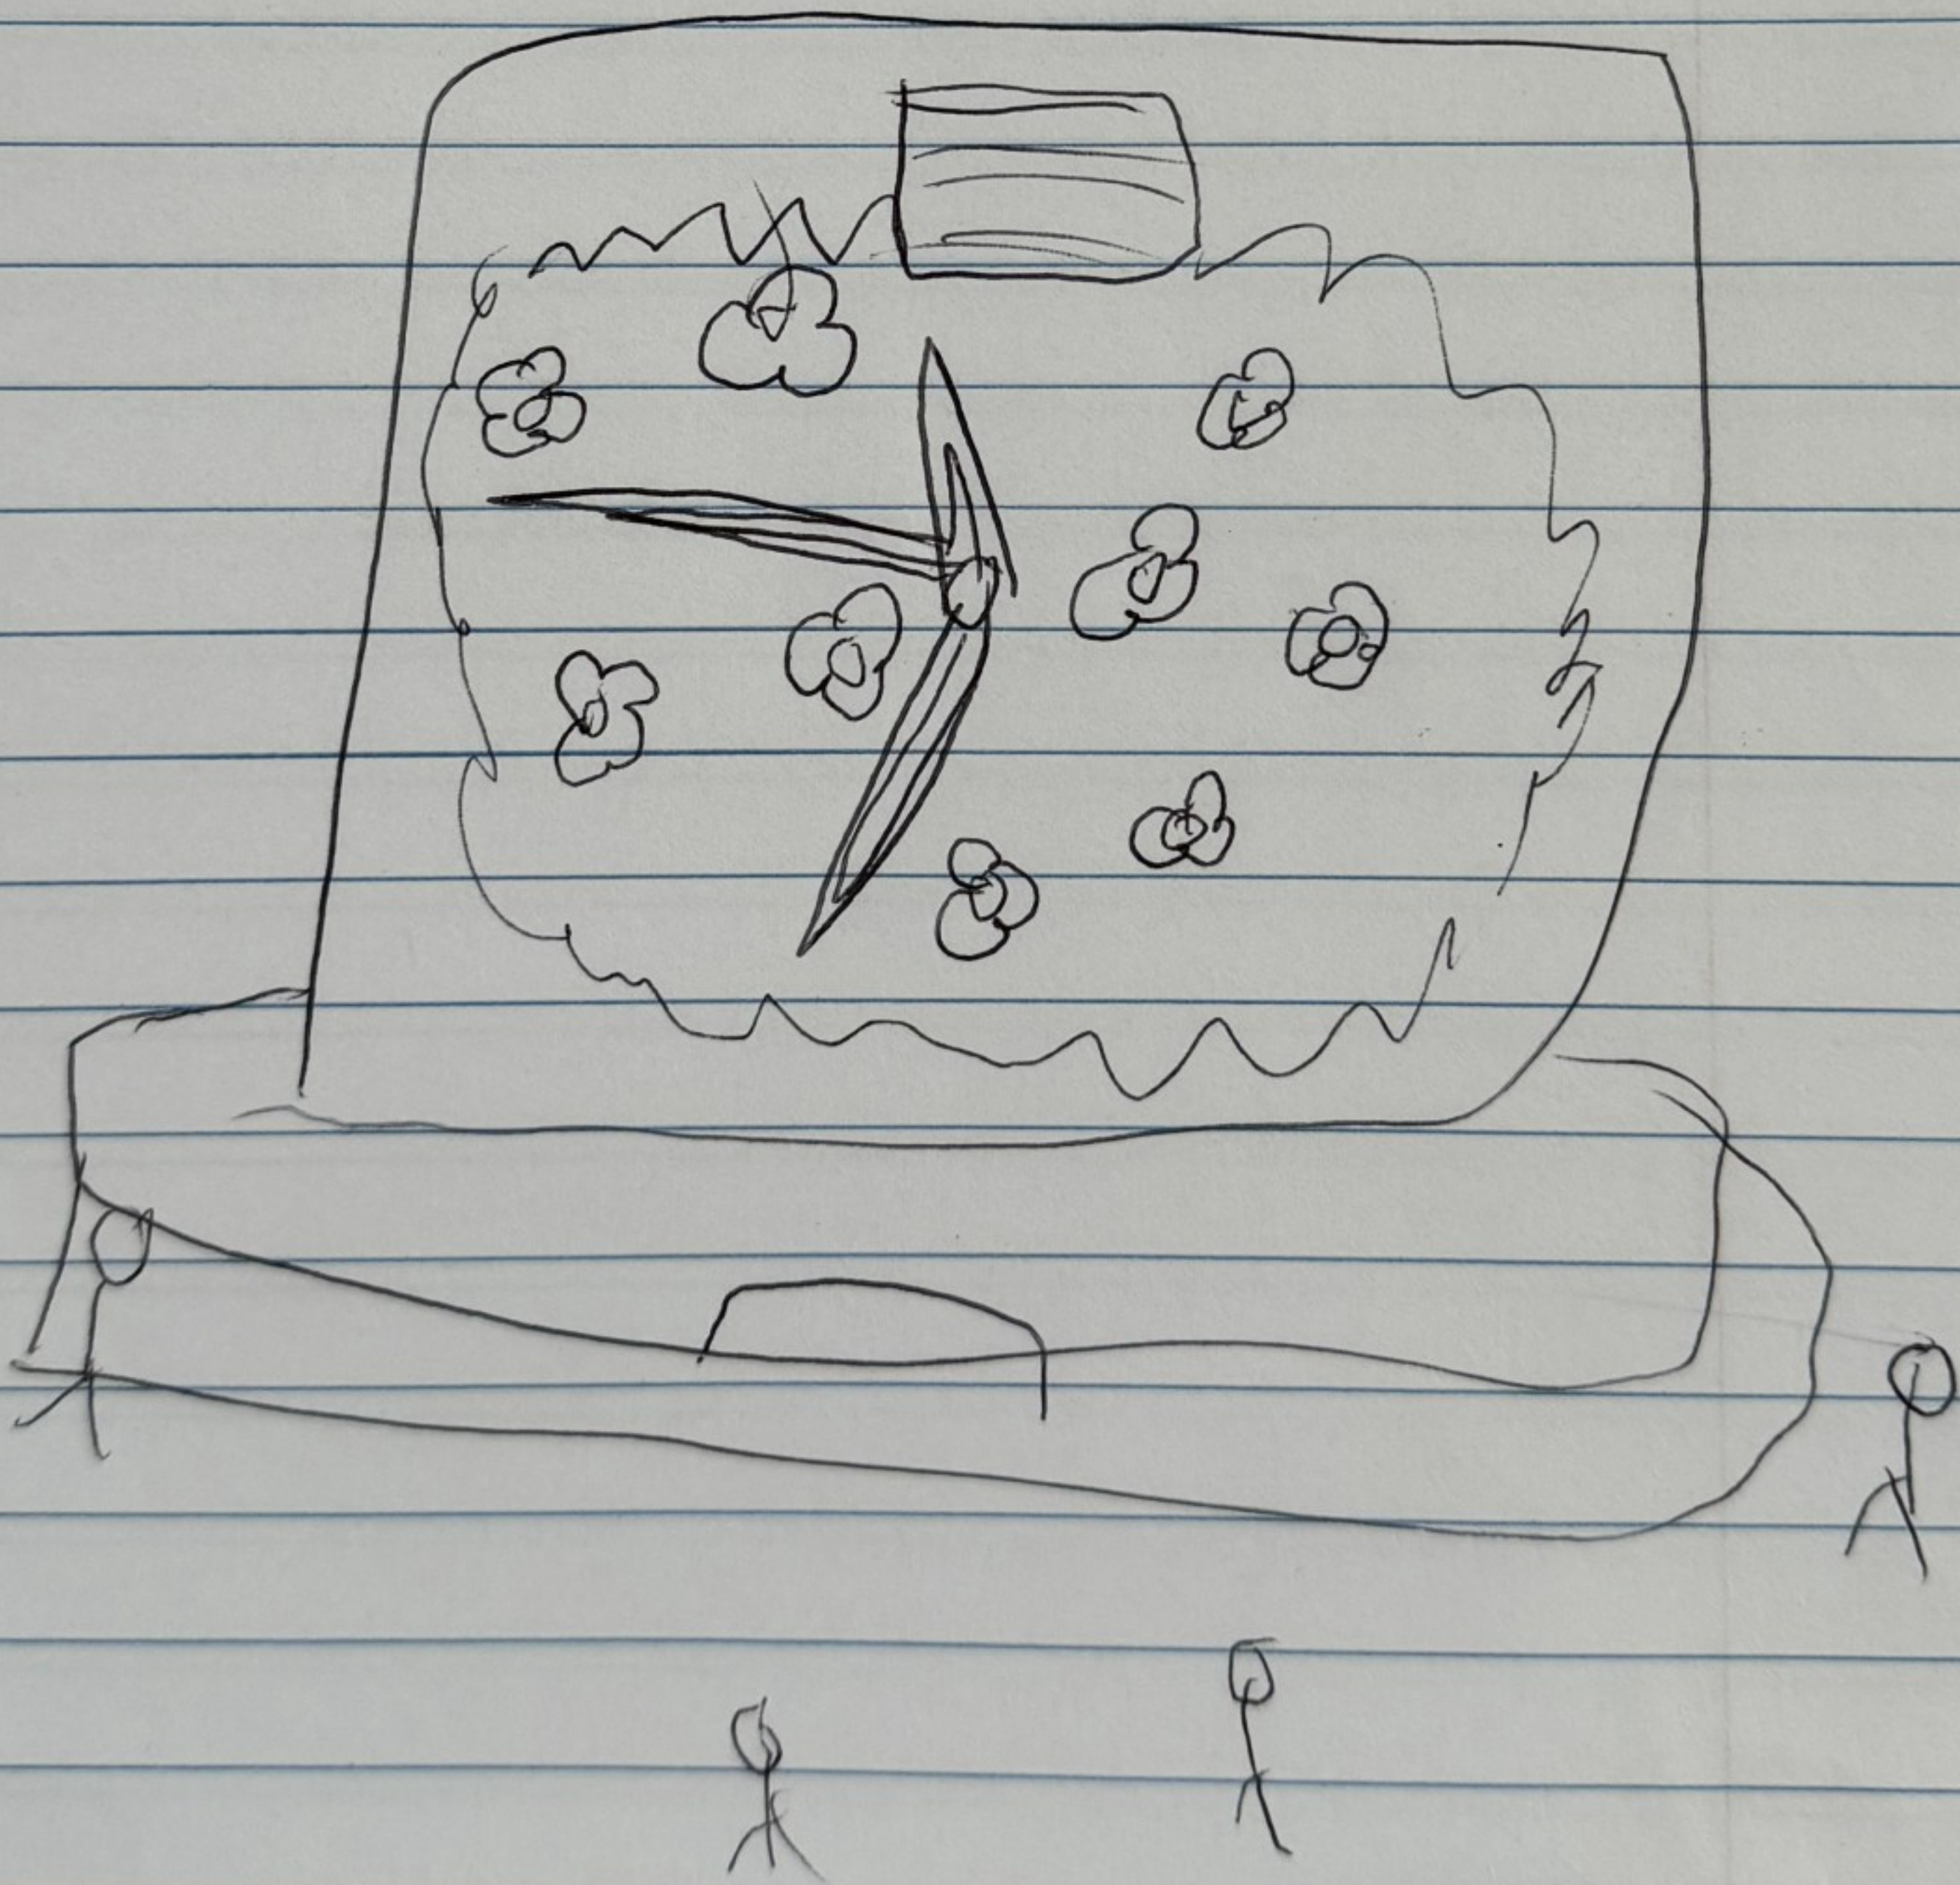

we got it back so

Then we walked back, took
a picture, then got to our car
and drove to the hotel

So we got to our hotel,
unpacked, got in, charged, and went
to dinner. So I got a Pepsi,
with a steak that was
amazing and some queque
at the end so we got out
of there, shopped, then slept

~~WEDNESDAY~~ DAY 10

So I woke up
and had breakfast with
~~Jeffrey~~ Elliot, and went
to our room and then
packed up and then left.
So we drove for a while
and then we saw a
flower clock!

So Then we Drove
to niagta falls to take
a few pictures
Then we shopped for
a bit Then
left

oh yeah, by the way
were in Canada

so after a while of
driving we got to the
world's busiest mall
in North America's
so we parked then
we got in, split up
and shopped for about
7 hours and in those
7 hours we ate and
shopped. so we started
by where Dad, Elliot,
and I looked for food
while mom shopped. so
we found some but didn't get
anything so we went back
and shopped for a bit. Then
we all got food, so I
got a large slice of pizza
mom got salad and ~~the~~ Dad and
~~Elliot~~ Elliot got hot wings.
so we shopped for 4 more
hours. Then we (me and Elliot)
got a Lasagna and then
couple more shops later we
left

So we Drove to The
Hotel did The same thing
as every Day, Then we cleaned
up, I got mt swim suit
on, Played Mt Game, and
Then went to The Pool.
So we went to The pool and
first thing I got in The
Hot tub for a minute or so
Then got out and jumped
in The Pool, and it was
Perfect! 6 ft Deep, 90 Degrees
to 1 and hot tub was
amazing! So we played in
The Pool, Then got in
The hot tub over and over
again so after a while
a verex one left, later a
guy told us for more
minutes so we played
for a bit Then Dried off
to get to our room. So
I watched some jumanji
and then took a shower
then sleep

THE LAST

So I woke up and had
some breakfast and all of
us unpacked and put stuff in the
car. So we said good bye
to the hotel and then
we drove off to Wisconsin.

So we drove for a bit
about 2 hours and ended
up at a McDonald's
and I got another 10 piece
Mc nuggets that actually had 10
pieces luckily, but the slimy
shakes so I ate that
with some fries and then

We drove for another 2 hours
and we ended up at
2 signs and we took
our picture at the

DAY (12)

Michigan Indiana signs and
after we took both
pictures at the signs
we went to the gas
station and went to
the bathroom and then
I wanted to get
something but we had
to get out the
gas station so then I
realised

It was over

So after all that...
it was over

So from the aquarium...
to the Statue of Liberty

to going to a different
country... to here, right
now... it was over

But I'm satisfied and we
saw weird things and
did happy things and sad

but it was fun
and I learned a lot!
like how to dive and
French giving the statue of
liberty to us. and

Then we drove ... HOME
